INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Berridge Manufacturing 401(k) Plan
San Antonio, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Berridge Manufacturing 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

To the Plan Administrator of
Berridge Manufacturing 401(k) Plan
Re: Independent Auditors' Report

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

Berridge Manufacturing 401(k) Plan (the Plan) is a qualified retirement plan adopted by Berridge Manufacturing Company (the Company) on July 1, 1998, to provide eligible employees with the opportunity to save for retirement on a tax-advantaged basis. The amended and restated provision of the Plan became effective January 1, 2014, to conform the Plan to new tax laws and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – Employees who have attained age 21 and have completed one period of service are eligible to participate in the Plan on the January 1 or July 1 that coincides with or next follows satisfaction of the eligibility requirements.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a pre-tax or Roth 401(k) deferral. Participants at least age 50 or that will attain age 50 before the end of a calendar year may elect to defer additional amounts as catch-up contributions. Total deferrals may not exceed a dollar limit which is set by law. Participants may revoke or modify their salary deferral election at any time during the year.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. For 2015, the Company made a matching contribution equal to 50% of participants' elective deferral contributions, limited to 6% of a participant's pay.

Participants are permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are always 100% vested in their salary deferrals, rollover contributions, and actual earnings or losses thereon. A participant's vested percentage for employer contributions is based on vesting periods of service. A participant is 100% vested after five periods of service.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities. The Plan currently offers mutual funds and a guaranteed investment contract as investment elections for participants. Participants may redirect future contributions or exchange existing balances among available investments at any time.

Payment of Benefits – Participants may receive a distribution of the vested portion of their accounts for termination of employment, early retirement, normal retirement, disability or death. If the value of the vested account balance does not exceed $5,000, then a distribution will be made to the participant regardless of whether they consent to receive it in a single lump-sum payment. If the vested account balance exceeds $5,000, the participant may elect to receive a distribution of their vested account balance in a single lump-sum payment, installments, an annuity or partial withdrawals.

Participants are entitled to receive in-service distributions. Participants who have attained age 59½ may receive a distribution from the Plan prior to termination of employment. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or reduce employer contributions. At December 31, 2015, forfeited non-vested accounts totaled $3,032.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Services (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through September 8, 2016, the date the financial statements were available to be issued.

Recent Accounting Pronouncements – In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement – Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using NAV per share as a practical expedient and also removes the requirement to make certain disclosures. This update is effective for fiscal years beginning after December 15, 2015 and must be applied retrospectively.

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. ASU 2015-12 removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and also simplifies the investment disclosures required for employee benefit plans. This update is effective for fiscal years beginning after December 15, 2015. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract – Valued based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. The Company evaluates the general financial conditions of the issuer of the annuity contract that is owned by the Company as a component of validating whether the calculated fair value of the guaranteed contract is an accurate value. All of these inputs are generally considered obtainable/observable through the review of existing contracts and readily available financial information.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustee, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits, *Note 5*, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

NOTE 5 – INVESTMENTS (UNAUDITED)

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2015	2014
* American Funds Capital World G/I R3	**$ 620,170**	$ 633,701
* Columbia Mid Cap Index A	**218,590**	245,462

* T. Rowe Price Retirement 2030 Fund	**394,752**	344,794
* Vanguard Total Bond Market Index Admiral	**223,763**	**

* Indicates party in interest
** Represents less than 5% of the Plan's net assets as of December 31

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in fair value by $239,595.

NOTE 6 – GUARANTEED INVESTMENT CONTRACTS

The Plan entered into a benefit responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because of a provision in the guaranteed investment contract prevents the immediate and full payout of the contract value for Plan-initiated transactions, the Company believes the guaranteed investment contract is not fully benefit responsive. Therefore, the Company reports the fair value of the investment contract on the financial statements. Using a discounted cash flow methodology where the interest rate for the guaranteed investment contract is reset at least frequently as annually, fair value of the guaranteed contract, prior to contract termination, equals the contract value.

There are no reserves against the investment contract value for credit risk of Great-West or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the Plan for 2015 and 2014 is 1.20% and 1.25%, respectively. The actual average yield earned by the Plan for 2015 and 2014 is 1.20%.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee or affiliates and qualify as party in interest transactions. Such transactions are permitted under provisions of the Plan and are exempt from the prohibited transaction rules under ERISA.

NOTE 8 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' account in a manner permitted by the Plan as soon as practicable.

NOTE 9 – TAX STATUS

The Company has adopted a volume submitter profit sharing plan with CODA sponsored by Loren D Stark Company. The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the form of the volume submitter plan was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirement of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500:
