Independent Auditor's Report

RSM US LLP

To the Participants and the Board of Trustees
Pro Directional 401(k) Plan
Conroe, Texas

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Pro Directional 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 which was certified or provided by John Hancock Life Insurance Company (U.S.A), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate to the best of its knowledge.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Adoption of Accounting Pronouncements
As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance related to the presentation of fair value of certain investments and disclosure of investments. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Emphasis of Matter – Partial Plan Termination
As discussed in Note 8 to the financial statements, effective January 1, 2015, the Plan experienced a partial plan termination.

Our disclaimer is not modified with respect to this matter.

Other Matter
The supplemental schedules, Schedule H, Part IV, Line 4(a) – schedule of delinquent participant contributions and Schedule H, Part IV, Line 4(i) – schedule of assets (held at end of year) as of December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Pro Directional 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Professional Directional Enterprises, Inc. d/b/a Professional Directional Ltd. (the Plan Sponsor) who have completed 90 days of service. All employees are eligible to participate on the first day of the month after fulfilling the service requirement of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and applicable provisions of the Internal Revenue Code (IRC).

Contributions: Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan, up to $18,000 (maximum for 2015). Participants over age 50 may make elective catch-up contributions not to exceed $6,000 (maximum for 2015) of their pretax annual compensation. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Matching contributions and additional profit sharing amounts may be contributed at the discretion of the Plan Sponsor's board of directors. From February 1, 2012 to September 2015, the employer has made a matching contribution equal to 50% of each participant's contribution up to 6% of the participant's compensation. The matching contribution ceased in September of 2015. No additional discretionary profit sharing contributions were made during the year ended December 31, 2015. Participants direct the investment of their contributions, the employer matching contributions, and profit sharing contributions into various investment options offered by the Plan.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Plan Sponsor contributions is based on years of service, as defined in the Plan, counted from the participant's date of hire as follows:

Years of Service	Vested Percentage
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service due to death, disability, retirement or separation from service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in the form of a direct rollover. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with provisions specified by the Plan. If a participant's vested balance does not exceed $5,000 the vested account balance may only be distributed in a single lump-sum payment. If the vested account balance exceeds $5,000 the participant may elect to receive a distribution in a single lump-sum payment or partial withdrawals or installments over a period of not more than the participant's assumed life expectancy for required minimum distributions only. If a participant elects to delay the distribution of their vested account balance and is a 5% owner, distributions are required to begin no later than April 1st following the end of the year in which they reach the age of 70½ years old. If the participant is not a 5% owner, distributions are required to begin no later than April 1st following the later of the end of the year in which they reach the age of 70½ years old or retire.

Forfeitures: Forfeitures can be used to pay Plan expenses or used to reduce future employer contributions, at the discretion of the Plan Sponsor. Amounts forfeited during 2015 totaled $84,962. During the year ended December 31, 2015, $46,975 of forfeitures were used to reduce employer contributions. At December 31, 2015 and 2014, unused forfeited nonvested accounts were $40,287 and $2,300, respectively.

Administrative expenses: Administrative expenses are paid by the Plan Sponsor and by Plan participants.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosure for all investments that are eligible to be measured at fair value using the net asset value (NAV) per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. This update will be effective for the Plan for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the requirements of this update shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 plan year, and the updates were retrospectively applied to the year ending December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in the financial statements.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value, accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this Update for the 2015 plan year, and the amendments in Part I and Part II were retrospectively applied to the year ending December 31, 2014. Prior year disclosures in Note 4 and the statement of net assets available for benefits have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: Plan management has evaluated subsequent events and transactions for potential recognition and disclosure through October 12, 2016, which is the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by John Hancock Life Insurance Company (U.S.A.)

The following is a summary of the Plan's asset and income information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of its knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	2015	2014
Cash	$ 40,287	$ 2,300
Investments, at fair value:		
Pooled separate accounts	7,468,111	9,345,307
Guaranteed interest accounts	244,644	34,635

The custodian also certified to the completeness and accuracy of $94,448 of net depreciation in fair value of pooled separate accounts (including investments bought, sold and held during the year) and $813 of interest income on the guaranteed interest accounts for the year ended December 31, 2015.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- **Pooled separate accounts:** The fair values of participation units held in pooled separate accounts are based on the net asset values (NAV) reported by the fund managers as of the financial statement dates and recent transaction prices. NAV is used as a practical expedient.

- **Guaranteed interest accounts:** Valued at fair value by John Hancock based on comparison between published rates that John Hancock pays interest and current interest yields. As these rates are published daily and the market is considered to be an active market, the fair value of these assets is established using Level 1 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
2015:				
Guaranteed interest accounts	$ 244,644	$ -	$ -	$ 244,644
	$ 244,644	$ -	$ -	244,644
Pooled separate accounts measured at NAV (i)				7,468,111
Total investments				$ 7,712,755
2014 (as revised):				
Guaranteed interest accounts	$ 34,635	$ -	$ -	$ 34,635
	$ 34,635	$ -	$ -	34,635
Pooled separate accounts measured at NAV (i)				9,345,307
Total investments				$ 9,379,942

(i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers between levels.

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments, whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2015 and 2014:

	Fair Value		Unfunded	Redemption	Redemption
	2015	2014	Commitment	Frequency	Notice Period
Pooled separate accounts:					
Domestic equity blend (a)	$ 2,579,361	$ 2,714,029	$ -	Daily	None
Domestic equity growth (b)	2,309,720	2,852,651	-	Daily	None
Domestic equity value (c)	589,216	872,587	-	Daily	None
Fixed income (d)	167,159	266,671	-	Daily	None
Foreign equity (e)	238,925	363,177	-	Daily	None

Sector funds (g)	434,198	726,273	-	Daily	None
Target date funds (h)	693,244	661,744	-	Daily	None
	$ 7,468,111	$ 9,344,307			

(a) This asset class is generally comprised of investment options that invest in stocks or shares of ownership in a variety of U.S. companies. The blend style is assigned to funds where neither growth nor value characteristics predominate.

(b) This asset class is generally comprised of investment options that invest in stocks or shares of ownership in a variety of U.S. companies that are growth-oriented. Growth is defined based on high price/book and price/cash flow ratios.

(c) This asset class is generally comprised of investment options that invest in stocks or shares of ownership in a variety of U.S. companies that are value-oriented. Value is defined based on low price/book and price/cash flow ratios.

(d) This asset class is generally comprised of investment options that invest in bonds or debt of a company or government entity (including U.S. and non-U.S.). It may also include real estate investment options that directly own property.

(e) This asset class is generally comprised of investment options that invest in stocks or shares of ownership in a variety of non U.S. companies.

(f) This asset class is generally comprised of negotiable certificates of deposit (CDs), bankers acceptances, U.S. Treasury bills, commercial paper, municipal notes, federal funds and repurchase agreements. These financial instruments have high liquidity and very short maturities, from several days to under a year.

(g) This asset class is generally comprised of investment options that invest in stocks or shares of ownership in a particular industry or sector of the economy (including U.S. and non-U.S.).

(h) This asset class is generally comprised of various stocks, bonds, cash equivalents that automatically reduces its risk level as the investor reaches the target date.

Note 5. Guaranteed Interest Accounts with John Hancock Life Insurance Company (U.S.A.)

The Plan has guaranteed interest accounts with John Hancock Life Insurance Company (U.S.A.) (John Hancock). John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Withdrawals are not permitted at any time without a penalty and the contract, therefore, has been determined to be non-benefit-responsive. In addition, programmed, frequent or large exchanges, including, but not limited to, speculation and arbitrage opportunities may be disruptive to the investment options and will cause John Hancock to reject or restrict any inter-account transfers. All withdrawals from the guaranteed accounts are made on a last-in, first-out basis and are made at either book value, the lesser of book or market value, or market value depending upon the withdrawal type as outlined in the contracts. Book value equals the sum of all contributions made to the participant account plus interest owed less all asset charges, fees and any previous withdrawals. The market value is determined by a formula as determined by John Hancock, which uses the composite rate for the distinct account, the present new money interest rate, the number of months remaining until maturity, and the withdrawal type. The contracts are therefore included in the financial statements at fair value as reported to the Plan by John Hancock.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum, average and closing interest rates were approximately 0.81%, 2.13% and 1.10% at December 31, 2015 and 0.22%, 2.03% and 0.75% at December 31, 2014. Interest rates are not reset. Interest is credited daily at a rate of interest, which is the daily equivalent of the effective annual rate of interest applicable for each month. The contract value of the investment is not materially different from its fair value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Income Tax Status

The Internal Revenue Service issued an opinion letter dated March 31, 2014, indicating that the volume submitter prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right to terminate the Plan subject to the related provisions of ERISA. In the event of a Plan termination participants would become 100% vested in their accounts.

Note 8. Partial Plan Termination

Effective January 1, 2015, the Company reduced their workforce through a lay-off of a significant number of employees, triggering a partial plan termination. This affected 73 participants, 24 of whom have taken distributions from the plan of approximately $2,059,180 in the current year. Approximately, $1,950,340 remains in participant accounts related to affected participants. Vesting for all affected participants who were not otherwise vested was accelerated such that their account balances immediately became 100% vested and non-forfeitable as of January 1, 2015. The Company restored previously forfeited amounts to affected participants in 2015 and 2016. No additional contributions were required as the forfeiture balance was sufficient.

Note 9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Party-in-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan holds units of pooled separate accounts managed by John Hancock and guaranteed interest accounts with John Hancock. John Hancock is the Plan custodian and, therefore, these transactions and the Plan's payment of fees to John Hancock qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Plan Sponsor.

Note 11. Prohibited Transactions

During the year ended December 31, 2015, the Plan Sponsor did not timely remit certain participant contributions totaling $33,429 to the custodian. These untimely submissions constitute prohibited transactions as defined by ERISA. Lost earnings and necessary excise taxes related to the untimely remittances will be deposited by the Plan Sponsor in 2016 and are not material to the financial statements.

Note 12. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2015:
