NOTES TO FINANCIAL STATEMENTS

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2009

NOTE A--PLAN DESCRIPTION

The following description of the FAA Credit Union Capital Accumulation Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of FAA Credit Union (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees are eligible to participate in the Plan after completing six months of service and attaining the age of 21.

The Plan participates in the CUNA Mutual Capital Accumulation 103-12 IE ("CUNA Mutual 103-12 Plan"), which is considered an investment entity. The Credit Union National Association, Inc. ("CUNA") maintains the CUNA Mutual 103-12 Plan, which is available for participation by single employer credit unions.

Contributions: Participants may make voluntary contributions to the Plan up to the annual limitations imposed by the Internal Revenue Service (\$16,500 for 2009). Plan participants age 50 and older were eligible to make a catch-up contribution of an additional \$5,500 to the Plan during the years ended December 31, 2009. The participants eligible to make the catch-up contributions may do so only after making the total elective deferral contributions allowed by the Internal Revenue Service. Rollover contributions are permitted under the Plan agreement.

The Company will match contributions on pre-tax elective deferrals equal to 100% of a participant's salary reductions up to 5% of the participant's compensation. In addition, the Company may make a discretionary profit sharing contribution which is determined annually by the Board of Directors. A participant must complete a year of service and be actively employed at the end of the year to share in the allocation of the profit sharing contribution.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) company contributions, if any, and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on a participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants can direct employer contributions and their own contributions, in whole number amounts from 1% up to the maximum contributions in one or more of several investment options.

NOTES TO FINANCIAL STATEMENTS--Continued

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2009

NOTE A--PLAN DESCRIPTION--Continued

Vesting: Participants are immediately vested in their contributions and rollover accounts plus actual earnings and losses thereon. After two years of service, participants are 20% vested in employer contributions plus actual earnings thereon, 40% vested after three years of service, and 100% vested after four years of service. Participants become 100% vested regardless of years of service upon death, disability, the age of 65, or the termination of the Plan.

Administrative Expenses: Essentially all of the administrative expenses of the Plan are paid by the Plan Sponsor.

Withdrawals: Subject to certain limitations prescribed by the Plan and the Internal Revenue Code, terminated participants may elect retirement or other termination withdrawals in either a lump sum or in a joint and 50% survivor annuity, which is the normal form of distribution. Hardship distributions are permitted from a participant's elective deferrals.

Forfeitures: Matching contributions that are forfeited because of termination prior to vesting are used to reduce future employer matching contributions. Forfeitures of profit sharing contributions will be added to future profit sharing contributions. Forfeitures were \$12,854 and \$21,611 during 2009 and 2008, respectively. Forfeited amounts that can be used to reduce future contributions are \$0 and \$8,915 at December 31, 2009 and 2008, respectively.

Loans: The Plan permits participants, under certain circumstances, to borrow a minimum of \$500 from their participant accounts. Subject to certain Internal Revenue Code and Plan limits, a participant may not borrow more than the lesser of 50% of his or her vested interest in the Plan, or \$50,000, adjusted for prior loans. The maximum number of loans a participant may have outstanding at any one time is two.

Plan Termination: Although it has not expressed any intent to do so, the Company may elect to terminate the Plan or discontinue its contributions at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting. Benefit payments are recorded when paid. Assets of the Plan have been maintained and accounted for by the Plan's custodian Marshall & Ilsley Trust Company.

NOTES TO FINANCIAL STATEMENTS--Continued

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2009

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Accounting Standards Codification: The Plan adopted the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"). The ASC does not alter current accounting principles generally accepted in the United State of America ("GAAP"), but rather integrates existing accounting standards with other authoritative guidance. The ASC provides a single source of authoritative GAAP for nongovernmental entities and supersedes all other previously issued non-SEC accounting and reporting guidance. The adoption of the ASC did not have any effect on the Plan's financial statements.

Investment Valuation and Income Recognition: The Plan's assets at December 31, 2009 and 2008 consist of a 0.56% and .055% interest, respectively, in the CUNA Mutual 103-12 Plan. Participants can allocate their accounts among collective investment funds ("CUNA Funds") within the CUNA Mutual 103-12 Plan, a stable value fund, and participant loans.

Investment transactions are accounted for on the trade date (date the investment securities are purchased or sold). Both the average cost and specific identification methods are used in determining the cost of investment securities sold. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the Stable Value Fund held by the CUNA Mutual 103-12 Plan. The statement of net assets available for benefits ordinarily presents the fair value of investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value; however, at year-end, contract value approximates fair value. The contract value of the Stable Value Fund represents contributions plus earnings or losses, less participant withdrawals and administrative expenses.

Loans to participants are valued at their outstanding balances, which approximate fair value.

See Note C for further discussion of fair value measurements.

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2009

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Investment Valuation and Income Recognition--Continued: In January 2010, the FASB issued new guidance which requires additional disclosures regarding fair value measurements, amends disclosures about post-retirement benefit plan assets and provides clarification regarding the level of disaggregation of fair value disclosures by investment class. This new guidance is effective for interim and annual reporting periods beginning after December 15, 2009, except for certain Level 3 activity disclosure requirements that will be effective for reporting periods beginning after December 15, 2010. The Plan is currently evaluating the impact of the adoption.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Reclassifications: Certain reclassifications have been made to the prior years' financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported statement of net assets available for benefits and changes in net assets available for benefits.

Subsequent Events: Management has evaluated subsequent events through August 30, 2010, the date the financial statements were available to be issued. See Note H for discussion of subsequent event matters.

NOTE C--INVESTMENTS AND FAIR VALUE MEASUREMENTS

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

FAA CREDIT UNION CAPITAL ACCUMULATION PLAN

December 31, 2009

NOTE C--INVESTMENTS AND FAIR VALUE MEASUREMENTS--Continued

The Fair Value Measurements and Disclosures topic of the ASC Codification provides a framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels, described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

- The Plan's assets include collective investment funds held by the CUNA Mutual Capital Accumulation 103-12 IE. Investments in such funds were valued on a per unit market value basis as determined by CUNA, which reflected the fair value of the investments comprising the funds.
- Participant loans are valued at amortized cost, which approximates fair value.

NOTE D--INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and accrued income, as shown in the statements of net assets available for benefits as of December 31, 2009 and 2008.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2009.
- Schedule H, Line 4i--schedule of assets held for investment purposes at end of year as of December 31, 2009.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E--TRANSACTIONS WITH PARTIES-IN-INTEREST

Marshall & Ilsley Trust Company, the custodian, holds the Plan's investments and executes all investment transactions. Certain Plan investments are managed by the custodian. Because these investments are managed by the custodian, these transactions qualify as party-in-interest transactions.

NOTE F--INCOME TAX STATUS

The Plan utilizes a prototype document sponsored by CUNA Mutual. The Internal Revenue Service has issued a favorable opinion letter dated May 28, 2002, stating that the prototype document has been designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the favorable opinion letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC.
