INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Hub International Limited 401(k) Savings Plan
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Hub International Limited 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

(Continued)

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Hub International Limited (the "Company" or "Plan Sponsor") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: All employees age 18 and older are eligible to participate in the Plan beginning on the first day of the month that immediately follows the date the employee has completed 30 days of eligibility service and is classified as an Eligible Employee. An Eligible Employee is an employee classified by the Company, in accordance with its payroll records, as a non-union employee, unless covered by a collective bargaining agreement that provides for coverage under the Plan. An employee is not eligible to participate in the Plan if the employee is not treated by the Company as a "common law employee," even if a court or administrative agency determines that the employee is a "common law employee" of the Company. Eligibility service starts from date of hire to date of termination. If an employee terminates, but is rehired before the employee has been absent from work for 12 months, the employee is credited with eligibility service for the period that the employee was absent from work. If the employee transferred from other employment to employment as an Eligible Employee, the employee will be able to participate in the Plan beginning on the transfer date if the employee already attained age 18 and completed 30 days of eligibility service. If employment terminates and the employee is later reemployed as an Eligible Employee, the employee will be eligible to participate beginning on reemployment date if the employee was eligible to participate at the time employment was terminated.

Contributions: Participants may elect to make before-tax contributions from 1% to 50% of eligible compensation (as defined in the Plan document), subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified plans. Effective July 1, 2015 the Plan was amended to permit Roth contributions, in-plan Roth conversions; and after tax contributions.

The Board of Directors of the Company reserves the right to declare a profit sharing contribution and determine the percentage of employee contributions that will be matched by the Company. The Company currently matches 50% of employee contributions up to 6% of eligible compensation, resulting in a maximum match of 3% of eligible compensation. There were no profit sharing contributions declared in 2015.

The Plan provides for an automatic enrollment feature. Upon date of hire, employees may enroll in the Plan and choose their deferral rate and investment options. If any employee fails to enroll in the Plan by the 1st of the month following 30 days of eligible service, they will be automatically enrolled in the Plan at a contribution rate of 3% of their pre-tax eligible compensation until such election is modified or suspended. In order for employees to opt-out of the Plan, they must change their contribution rate to 0%.

Administrative Expenses: Transaction charges for loans, benefit payment transactions and certain professional fees are paid by the Plan by reducing the balances of those participants initiating the transactions or through reduction of forfeiture balances. All other expenses are paid by the Company.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon reaching age 65, death or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service. Company matching and profit sharing contributions are vested according to the following schedule. In order to qualify as a year of service, an employee must have at least 1,000 hours of service.

Years of Service	Vested Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive payment of the fully vested portion of their accounts in a number of ways including a lump sum payment or installment payments over time. Participants may also elect to rollover vested portions of their account to another qualified plan or Individual Retirement Account. Beginning at age 59½ participants may make qualified withdrawals from their accounts. Participants may also make withdrawals in the case of financial hardship.

Forfeitures: If a participant terminates employment with the Company and is not 100% vested in the value of the Company matching contributions at that time, the participant forfeits the non-vested portion of the participant's account. Participant forfeitures of Company matching contributions are used to offset future Company matching contributions or pay administrative expenses of the Plan. During 2015, $625 of forfeited Company matching contributions were used to offset Plan administrative expenses. During 2015, $300,000 of forfeited Company matching contributions were applied to offset Company matching contributions. Forfeitures available to offset future Company matching contributions and administrative expenses as of December 31, 2015 and 2014 were $7,171 and $162,644, respectively.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Participants are limited to having no more than one loan advanced in any plan year and no more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate similar to the interest rate charged for a loan made under similar circumstances by persons in the business of lending money. Principal and interest are paid through payroll deductions. If an employee terminates, the outstanding loan balance is due immediately.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of New Accounting Standards: In May and July 2015 the FASB amended various other disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance clarifies that a plan's investments in stable value funds are not fully benefit-responsive investment contracts and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein. However, *Investments, at fair value* was reduced by $1,288,447 from the amount previously reported as of December 31, 2014, and the adjustment from fair value to contract value of fully benefit-responsive contracts of $(1,288,447) as of December 31, 2014 was eliminated.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Payment of Benefits: Benefit payments are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company matching and profit sharing contributions and earnings thereon.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan. This certified information has not been audited by independent accountants.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs.

The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 inputs) and gives the lowest priority to unobservable inputs (Level 3 inputs). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the beginning of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are based upon the closing net asset value per share of the mutual fund on the day of the valuation as reflected on a national securities exchange (Level 1 inputs).

Common stock: The fair value of Chubb Corporation common stock is determined by obtaining quoted market prices from a nationally recognized exchange (Level 1 inputs).

Self-directed brokerage account: The fair values of investments in the self-directed brokerage account are determined by obtaining quoted market prices from a nationally recognized exchange (Level 1 inputs). The fair value of investments of significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data (Level 2 inputs).

(Continued)

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Stable value collective trust fund: The fair values of participation units held in the stable value collective trust are based on the net asset values per unit as reported by the fund managers. The stable value collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis which are held directly by the Plan are summarized below.

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Certain Plan investments are comprised of mutual funds managed by Fidelity Investments, an affiliate of Fidelity. Fidelity is the Plan's trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Investment management and transaction fees are charged to the Plan by investment managers, with these fees being reflected in the investment income reported by the Plan.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 19, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is currently being operated in accordance with the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 11, 2016, which is the date the financial statements were available to be issued.
