JUST KIDS 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

A. DESCRIPTION OF PLAN

The following description of the Just Kids (the "Company") 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General*. The Plan is a defined contribution plan covering all full-time employees of the company who have one-half year of service and are age twenty and one-half (20 ½) or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. *Contributions*. Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of code sections 401(K), 404 and 415. The employer may make a discretionary contribution which is not limited to its current or accumulated net profit.

3. *Participant Accounts.* Each participant's account is credited with the participant's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* For the plan year ended 2009, no discretionary contributions were made. Employee contributions are always 100% vested. The vesting schedule for discretionary company contributions, based on the number of Years of Service, shall be as follows:

0 – 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

5. *Participant Notes Receivable*. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the balance in the participant's residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator.

6. *Payment of Benefits*. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimate

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its investment contract that is valued at contract value (Note C). Shares of registered investment companies are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. The Company stock is valued at its quoted market price. Participant notes receivable are valued at cost which approximated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

C. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into an investment contract with ING Life Insurance and Annuity Company "ING". ING maintains the contributions in individual participant accounts. The account is credited with earnings on the underlying investments and charged for Plan withdrawals. The contract is included in the financial statements at contract value, (which represents contributions made under the contract, plus earnings, less withdrawals), because it is fully benefit responsive.

For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 was $5,547,306. The interest rate is based on an agreed upon formula with the issuer.

D. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

E. TAX STATUS

The Internal Revenue Services has determined and informed the Company by a letter dated July 31, 1990, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
