NOTE 1 DESCRIPTION OF PLAN

The following description of the Borrego Solar Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a single-employer, defined contribution plan under section 401(k) of the Internal Revenue Code, which covers all employees of Borrego Solar Systems, Inc. (the Company) who are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Plan's Administrative Committee.

ELIGIBILITY

Participants are eligible to enroll in the Plan on the first day of the month following employment.

CONTRIBUTIONS

Contributions to the plan are made as follows:

1) Participants may contribute between 1% and 100% of their gross wages to the Plan, up to the Internal Revenue Service annual maximum limit of $18,000 and $17,500 ($24,000 and $23,000 for participants age 50 or older) for 2015 and 2014, respectively. These contributions may be in the form of pre-tax 401(k) deferrals or after tax Roth 401(k) elective deferrals. Participants may rollover or transfer amounts from other plans.

2) The employer matches 100% of the deferral contributions up to 3% of the participant's total compensation, and will match 50% of the deferral contributions that exceed 3%, up to 5%. Overall, however the total employer matching contribution may not exceed 4% of the participant's total compensation. Previously, the Company made discretionary profit sharing contributions subject to a vesting schedule.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions (subject to vesting), if any, and the Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 DESCRIPTION OF PLAN (Continued)

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the Company's matching contribution portion as received. Vesting in participant's accounts for profit sharing contributions made before January 1, 2012, vest at the following rate:

After 1 year of service	20%
After 2 years of service	40%
After 3 years of service	60%
After 4 years of service	80%
After 5 years of service	100%

INVESTMENT OPTIONS

Upon enrollment into the Plan, participants may direct their account balances in any investment alternatives approved by the trustee, including but not limited to savings and/or money market funds, stocks, bonds and mutual funds. All earnings and losses on the directed investments are credited directly to the participants' accounts.

PAYMENT OF BENEFITS

The current value of a participant's account(s) may be withdrawn to provide benefits in accordance with the terms of the Plan document. The withdrawal may be taken as a lump-sum payment or an alternate form of payment, if permitted under the Plan, at the time of distribution.

For purposes of determining whether or not a withdrawal is being used to provide benefits in accordance with the Plan document, the term "benefits" is limited to amounts becoming payable to the participant due to:

(A) Termination of Employment
(B) Retirement
(C) Disability
(D) Death
(E) In Service Distributions after 59.5 Years of Age

As defined in the Plan document.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Withdrawals for reasons other than those listed above are allowed but may be subject to certain charges and adjustments.

In the event of a mandatory distribution greater than $1,000, but no more than $5,000, in accordance with the payment provisions of the Plan, if the participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly under any form of payment allowed under the Plan, then the distribution will be paid in a direct rollover to an individual retirement plan designated by the plan administrator. Mandatory distributions of $1,000 or less will be paid in cash as directed by the plan administrator, unless the participant elects a direct rollover or elects to receive the distribution under another form permitted by the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Plan loans to participants who have an account under the Plan are available. The loans are secured by the participant's vested account balance in the Plan. The amount of the loan may not exceed 50% of the vested account balance or $50,000, whichever is less. The smallest loan amount available for withdrawal is $1,000.

FORFEITED ACCOUNTS

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $5,922 and $2,913, respectively. In the event that nonvested accounts are forfeited, such accounts are used to reduce future employer contributions. Forfeitures used during 2015 and 2014 totaled $0, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments Valuation and Income Recognition - Investments are maintained in mutual funds and in a stable value fund and are stated at fair value as certified by the institution that holds the Plan's assets as an investment manager and are under the custody of the Plan's trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis. At December 31, 2015 and 2014, there was no difference between the contract value and the fair value.

Fair Value Measurement - The Plan adopted accounting standards consistent with the FASB codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits - Benefits are recorded when paid.

Income Taxes - The pension plan is tax exempt under the Internal Revenue Code Section 401(A) and consequently pays no income tax.

The Plan obtained its latest determination letter in March 2014, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes have been included in the Plan's financial statements. The Plan has not been amended since receiving this determination letter. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan follows accounting standards for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or to be taken in a tax return. As of December 31, 2015 and 2014, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 3 ADMINISTRATIVE EXPENSES

Some of the Plan's administrative expenses are paid by the Company. These expenses include, but are not limited to, custodian, trustee, legal and accounting expenses. Participants are responsible for all loan-related and distribution-related expenses. Amounts totaling $24,573 and $17,393 were paid directly by the Plan for fees related to asset management, benefits paid to participants and participant loans for the years ended December 31, 2015 and 2014, respectively.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time with respect to all participants by the adoption of an appropriate resolution by its owners. In the event of a complete termination of the Plan, the rights of all participants in their account balances accrued to the date of the termination are fully vested and not subject to forfeiture.

During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2015	2014
Mutual Funds	$ (96,530)	$ 252,202

The following investments represent more than 5% of net assets available for plan benefits at December 31, 2015 and 2014:

Vanguard Target Retirement 2035	446,072	361,374
	$ 2,934,230	$ 2,661,313

NOTE 6 STABLE VALUE FUND

The Plan has an investment in a stable value fund which are comprised of annuities and investment contracts issued by life insurance companies, banks and other institutions. All investment contracts held by the stable value fund are fully benefit-responsive, which means withdrawals from these investment contracts may be made at contract value for qualifying benefit payments, including participant-directed transfers. The stable value fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The stable value fund holds contracts whereby the issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

Because the stable value fund holds fully benefit-responsive contracts, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. The stable value fund is presented on the face of the Statements of Net Assets Available for Plan Benefits at fair value with an adjustment to contract value in arriving at net assets available for plan benefits. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6 STABLE VALUE FUND (Continued)

Certain events limit the Plan's ability to transact at contract value with Fidelity. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan, (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The stable value fund held contracts that do not permit the insurance company (or issuer) to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 was $714,357 and $691,011, respectively. The average yield of the guaranteed interest account was approximately 1.30% and 1.35%, respectively, during the years ended December 31, 2015 and 2014. The crediting interest rate was 1.30% and 1.35%, respectively, at December 31, 2015 and 2014. The crediting interest rate is based on the rate in effect when money is deposited in the account.

NOTE 7 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

NOTE 7 FAIR VALUE MEASUREMENTS (Continued)

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Mutual funds consist of Level 1 and Level 2 investments. The fair value of the interest in the mutual funds that are based on the closing price reported in the active market where the individual securities are traded are classified as Level 1 investments and the mutual funds that are based on the net asset value provided by the fund managers are classified as Level 2 investments.

The stable value fund is reported at fair value and provided by the Trustee. The realized and unrealized gains on this contract are included in Other Income on the Statements of Changes in Net Assets Available for Plan Benefits and are classified as Level 2 investments.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Financial assets carried at fair value at December 31, 2015 are classified below in one of the three categories described above. The table below presents the balances of assets measured at fair value on a recurring basis:

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 9 PARTY-IN-INTEREST

Certain Plan investments including mutual funds and a stable value fund are managed by Transamerica Retirement Services, the trustee of the Plan, which qualifies these transactions as party-in-interest transactions. Administrative expenses incurred by the Plan to Transamerica Retirement Services totaled $24,73 and $17,393, respectively, for the years ended December 31, 2015 and 2014. The Company also pays certain administrative fees of the Plan, which are not reimbursed. In addition, the Company provides administrative services to the Plan at no cost to the Plan.
