Independent Auditors' Report

To the Trustee of
Eataly 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Eataly 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 (inception plan year), and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Financial, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Voya Financial, holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of* Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EATALY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1: DESCRIPTION OF PLAN

The following description of the Eataly 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

General

Eataly USA LLC is the Plan Sponsor. The Plan is a defined contribution plan covering all full-time employees of the Plan Sponsor and related employers (collectively the "Company"). Employees are eligible to become contributing participants of the 401(k) plan after twelve months of service during which the employee is credited with at least 1,000 hours of service performed and the employee must be at least twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Securities Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the statutory limit imposed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, participants may make Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. The Company, at its discretion, may also make matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts and earnings thereon is based on years of continuous service, as defined. A participant is fully vested over a six-year graded vesting schedule.

Notes Receivable from Participants

The Plan does not permit participant loans.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will be automatically 100% vested in his or her account and may elect to receive either a lump-sum or installments in an amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions under the Plan will be paid according to the Plan document options, in an amount equal to the value of the vested portion of the participant's account.

Forfeited Accounts

Forfeited non-vested accounts can be used to reduce employer contributions or pay for administrative expenses in accordance with Plan provisions for the Plan year following the Plan year in which the forfeitures occur. There were no forfeitures for the year ended December 31, 2015.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent) ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 should be applied retrospectively to all periods presented and is effective for annual periods beginning after December 15, 2015. The Plan management has early adopted the provisions of ASU 2015-07 effective from current year.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient ("ASU 2015-12"). Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

The Plan management has early adopted he provisions of Parts I and II of ASU 2015-12 effective from current year

The Board issued these ASUs to simplify and make more effective the investment disclosure requirements for employee benefit plans. The Plan has reflected the effects of these amendments for the year ended December 31, 2015.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Payment of Benefits

Benefits are recorded when paid.

Investment and Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN AS COMPLETE AND ACCURATE

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $238.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN AS COMPLETE AND ACCURATE (Continued)

The Plan's pooled separate accounts of $88,770 and insurance contract of $635, have also been certified by Voya Financial, the custodian of the Plan.

NOTE 4: FAIR VALUE MEASUREMENTS

FASB ASC 820 "Fair Value Measurements" provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Pooled Separate Accounts

Pooled separate accounts are accounts established to hold assets earmarked for investment through a group of annuity contracts. Pooled separate accounts are valued based on the number of units in the account. A unit value is determined based on the value of the shares of the underlying mutual fund less taxes or tax reserves and contract's expense charges over the number of units in the account.

Insurance contracts

Insurance contracts are valued by the annuity provider based on methods disclosed in the respective annuity contracts. The fair value is determined using a discounted cash flow valuation methodology where the interest rate for the contract is rated at least annually. Fair value of the contract approximates to the contract value (see Note 5).

The valuation process utilized by the Plan for its investment in the insurance contract is to obtain contract value and fair value from the insurance company. The Plan usually makes no adjustments to the reported value.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.

	Level 1	Level 2	Level 3	NAV	Total
Pooled separate accounts	$ -	$ -	$ -	$ 88,770	$ 88,770
Insurance contracts	-	-	635	-	635
Total assets at fair value	$ -	$ -	$ 635	$ 88,770	$ 89,405

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset per share as of December 31, 2015:

	Fair value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 88,770	-	Daily	None
Insurance contract	$ 635	-	Daily	None

Level 3 - Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

Insurance contracts:	
Balance, beginning of year	$ -
Purchases	1,661
Sales	-
Interest	3
Transfers	(1,029)
Balance, end of year	$ 635

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers.

NOTE 5: INSURANCE CONTRACTS WITH INSURANCE COMPANY

The Voya Fixed Account with Voya Financial is not benefit responsive and is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract presented on the face of the statement of net assets available for benefit is at fair value.

For the year's ended December 31, 2015 the crediting interest rate is approximately 1.14%. The crediting interest rate is based on an agreed-upon formula with the issuer.

NOTE 6: RELATED-PARTY TRANSACTIONS

Certain Plan investments are an insurance contract and shares of funds managed by Voya Financial. Voya Financial is the record-keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the contract administrative and investment management services amounted to $5, for the year ended December 31, 2015.

NOTE 7: EXCESS CONTRIBUTIONS PAYABLE

During the year, an employee who was not eligible to participate in the plan, had monies inadvertently withheld, contributed to the plan and matched by the Plan Sponsor. At December 31, 2015, $942 and $247 were owed to the employee and the Plan Sponsor, respectively. Subsequent to December 31, 2015, these have been returned to the employee and the Plan Sponsor.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 9: TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specified to the plan itself; however, the Plan administrators believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress as 2015 was the inception plan year.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
