To the Plan Trustee
Markwins Corp. 401(K) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Markwins Corp. 401(K) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015, and the related statements of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

PHONE: (818) 461-0600 • FAX: (818) 461-0610

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at End of Year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 13, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Accounting

The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investments

The Plan carries its investments at fair value. The Plan's custodian provides fair value based on quotations from national exchanges, if available. For investments that have no quoted market price, fair value is determined based on yield equivalents for such securities or for securities of comparable maturity, quality, and types as obtained from market makers. The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments that consists of realized gains or losses and unrealized appreciation (depreciation) of those investments.

Common Collective Trust

The Plan, through Fidelity Advisor Stable Value Fund (the "Fund"), holds investments in common/collective trust funds (the "Trust Funds"). Investments in the Fund were originated with the purchase of individual units, with each individual unit having a net asset value. The assets underlying the investment contracts are owned by the Trust Fund with the Plan owning units of the Trust Fund. These investment contracts are fully benefit-responsive and presented at contract value in the Statements of Net Assets Available for Benefits. Contract value represents the original cost of the contract, plus interest (based upon the underlying contract crediting rates of the underlying contracts) and deposits, reduced by administrative fees, transfers out, and withdrawals.

Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the Trust's ability to transact at contract value with plan unit holders. The plan administrator does not believe that any of the events which could limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Fund seeks to maintain a stable net asset value of $1 per share, but is not guaranteed. There is no immediate recognition of investment gains and losses on the funds securities. Gains and losses are recognized over time by periodically adjusting the interest rate credited to the fund under the contracts. The fair value of the investment contract at December 31, 2015 and 2014 was $786,851 and $867,446, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Recent Accounting Pronouncement

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient ("ASU 2015-12")*.

This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

The Plan elected to early adopt the applicable parts of ASU 2015-12. The balance of common/collective trust at December 31, 2014 has been adjusted to be presented at contract value.

2. DESCRIPTION OF PLAN AND CONTRIBUTIONS

A description of the Plan and contributions is as follows:

General

The Plan is a defined contribution plan covering all eligible employees of Markwins International Corporation (the "Company"). The Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, became effective December 1, 1991.

Eligibility

Employees are eligible for employer match contributions and may participate in the Plan if they are at least twenty-one years old and have completed at least 2 months of eligible service.

2. DESCRIPTION OF PLAN AND CONTRIBUTIONS (Continued)

Participant Contributions

Participants may voluntarily contribute to the Plan up to 50% of their pre-tax annual compensation as defined in the Plan. Upon hiring and reaching eligibility, the employee is automatically enrolled in the Plan at 3% and may elect to adjust the contribution. The automatic defined increase is 1% annually, limited to 6% of compensation. Contributions may not exceed the limits and maximum amounts deductible under the regulations of the Code.

The Plan has a Roth 401(k) feature available to all participants. The Roth 401(k) vehicle was introduced as an additional deferral source for employees to diversify their retirement income from a tax perspective.

Employer Contributions

The Company makes a Qualified Automatic Contribution Arrangement ("QACA") matching contribution equal to 100% of the first 3% and 16.66% of the next 3% of the elective deferral contributions made by the participant. For the year ended December 31, 2015, the Company made contributions totaling $631,218.

The Company may make discretionary profit sharing contributions to the Plan. For the year ended December 31, 2015, no discretionary profit sharing contributions were made to the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Discretionary Nonelective Employer Contributions vest after one (1) year and QACA Employer matching contributions vest after two (2) years.

Participants may also become fully vested when they attain the normal retirement age, die, or become permanently disabled while employed by the Company.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior twelve month period. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant loan fund. Loan terms range from one to five years, unless the loan is used to acquire or construct a principal residence. The loan period for a principal residence can be up to 10 years. The loans are secured by the balance in the participants' accounts and bear interest at rates determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Investment Direction

The participants direct the investment of all assets attributable to their accounts. The participants designate the percentage of any one or more of their accounts that is to be invested in each of several authorized investment funds designated by the Plan's trustees. Each participant account is credited with the earnings attributed to that account.

Participants may also direct investment as loans to themselves.

2. DESCRIPTION OF PLAN AND CONTRIBUTIONS (Continued)

Forfeitures

Forfeitures shall be applied to pay administrative expenses or reduce future employer's contributions in accordance with the Plan. The Company used $6,817 forfeitures to reduce Employer contributions. At December 31, 2015 and 2014, the forfeiture balances were $3,170 and $7,372, respectively.

Administrative Expenses

For the year ended December 31, 2015, the Company incurred administrative expenses of $2,233. These expenses were paid by the Plan and are included in administrative expenses on the accompanying Statement of Changes in Net Assets Available for Benefits. The Plan's investments incur management fees. The net depreciation on investments is reflected net of those fees. Substantially, all other out-of-pocket costs are paid by the Employer.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2014 financial statement presentation to conform to the 2015 presentation.

3. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investment assets represent funds invested in, or maintained by, Fidelity. Fidelity is the trustee of the Plan's.

The Plan also issues loans to participants, which are secured by the balance in the participant's account. Such transactions are party-in-interest transactions for which a statutory exemptions exist.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of the Plan's termination, participants in the Plan will become fully vested in their account balance.

5. INFORMATION CERTIFIED BY THE TRUSTEE

All amounts included in the financial statements, including the supplemental schedule of assets (held at end of year), except for contributions, benefits paid to participants, and administration expenses were provided by Fidelity Management Trust Company and, accordingly, are unaudited as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations. The Plan administrator has obtained certification from Fidelity Management Trust Company as to the completeness and accuracy of the amounts relating to investments and notes receivable, including cost, fair values and investment income.

6. INVESTMENTS

The trustee also certified the completeness and accuracy of $1,269,403 of net depreciation in value of investments and $1,033,681 of interest and dividend income related to the aforementioned Plan assets for the year ended December 31, 2015. The Plan's interest and dividend income consisted of $1,022,374 attributable to dividends and $11,307 attributable to interest on notes from participants.

See independent auditors' report.

6. INVESTMENTS (Continued)

Assets and liabilities recorded at fair value are categorized based upon the level of judgment associated with the inputs used to measure the fair value. Level inputs, as defined by ASC 820, are as follows:

- Level 1 – quoted prices in active markets for identical assets or liabilities
- Level 2 – other significant observable inputs for the assets or liabilities through corroboration with market data at the measurement date
- Level 3 – significant unobservable inputs that reflect management's best estimate of what market participants would use to price the assets or liabilities at the measurement date

The following table summarizes fair value measurements by level for assets measured at fair value on a recurring basis at:

December 31, 2015	Total	Level 1	Level 2	Level 3
Investments measured at fair value subject to fair value leveling:				
Mutual funds	$ 20,469,087	$ 20,469,087	$ -	$ -
Investments measured at NAV (1):				
Common collective trust	$ 779,390			
Total investments	$ 21,248,477			

December 31, 2014	Total	Level 1	Level 2	Level 3
Investments measured at fair value subject to fair value leveling:				
Mutual funds	$ 18,888,404	$ 18,880,404	$ -	$ -
Investments measured at NAV (1):				
Common collective trust	$ 852,317			
Total investments measured	$ 19,740,721			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

7. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Instance of operational errors and non-compliance with the terms of the Plan were discovered. These errors consisted of improper determination of eligible compensation used to compute the contribution withholdings and employer matching contributions, errors in the calculation of employer matching contributions, and improper use of safe harbor employer contributions for hardship withdrawals. Management is in the process of taking corrective actions and remedy the mistakes using the IRS Employee Plans Compliance Resolution System. Although there is a risk that these errors may have an adverse impact on the tax status of the Plan, management believes that the corrective actions will allow the Plan to keep its tax qualification. The Plan is subject to routine audits by taxing authorities. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012. The Plan is subject to revision due to a change in laws or due to pronouncements by the Internal Revenue Service (IRS) or Department of Labor (DOL).

8. NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants bear interest at 4.25% and are receivable in bi-weekly installments over a specified period. Loans range from $642 to $43,338 at December 31, 2015.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements at December 31, 2015 and 2014, to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 21,532,488	$ 19,968,340
Add: Adjustment from contract value to fair value for common collective trust	7,461	15,129
Net assets available for benefits per the Form 5500	$ 21,539,949	$ 19,983,469

The following is a reconciliation of contributions per the financial statement to the Form 5500:

	2015
Net increase in plan assets per the financial statements	$ 990,020
Add: Change in adjustment from contract value to fair value for common collective trust	7,461
Less: Prior year change in adjustment from contract value to fair value for common collective trust	(15,129)
Net increase in plan assets per the Form 5500	$ 982,352

11. SUBSEQUENT EVENTS

The Plan has evaluated events occurring after the date of the most recent accompanying Statement of Net Assets Available for Benefits through October 17, 2016, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Trustee
Markwins Corp. 401(K) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Markwins Corp. 401(K) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015, and the related statements of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

15821 VENTURA BOULEVARD, SUITE 490, ENCINO, CALIFORNIA 91436
PHONE: (818) 461-0600 • FAX: (818) 461-0610

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at End of Year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 13, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Accounting

The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investments

The Plan carries its investments at fair value. The Plan's custodian provides fair value based on quotations from national exchanges, if available. For investments that have no quoted market price, fair value is determined based on yield equivalents for such securities or for securities of comparable maturity, quality, and types as obtained from market makers. The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments that consists of realized gains or losses and unrealized appreciation (depreciation) of those investments.

Common Collective Trust

The Plan, through Fidelity Advisor Stable Value Fund (the "Fund"), holds investments in common/collective trust funds (the "Trust Funds"). Investments in the Fund were originated with the purchase of individual units, with each individual unit having a net asset value. The assets underlying the investment contracts are owned by the Trust Fund with the Plan owning units of the Trust Fund. These investment contracts are fully benefit-responsive and presented at contract value in the Statements of Net Assets Available for Benefits. Contract value represents the original cost of the contract, plus interest (based upon the underlying contract crediting rates of the underlying contracts) and deposits, reduced by administrative fees, transfers out, and withdrawals.

Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the Trust's ability to transact at contract value with plan unit holders. The plan administrator does not believe that any of the events which could limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Fund seeks to maintain a stable net asset value of $1 per share, but is not guaranteed. There is no immediate recognition of investment gains and losses on the funds securities. Gains and losses are recognized over time by periodically adjusting the interest rate credited to the fund under the contracts. The fair value of the investment contract at December 31, 2015 and 2014 was $786,851 and $867,446, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Recent Accounting Pronouncement

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient ("ASU 2015-12")*.

This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

The Plan elected to early adopt the applicable parts of ASU 2015-12. The balance of common/collective trust at December 31, 2014 has been adjusted to be presented at contract value.

2. DESCRIPTION OF PLAN AND CONTRIBUTIONS

A description of the Plan and contributions is as follows:

General

The Plan is a defined contribution plan covering all eligible employees of Markwins International Corporation (the "Company"). The Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, became effective December 1, 1991.

Eligibility

Employees are eligible for employer match contributions and may participate in the Plan if they are at least twenty-one years old and have completed at least 2 months of eligible service.

2. DESCRIPTION OF PLAN AND CONTRIBUTIONS (Continued)

Participant Contributions

Participants may voluntarily contribute to the Plan up to 50% of their pre-tax annual compensation as defined in the Plan. Upon hiring and reaching eligibility, the employee is automatically enrolled in the Plan at 3% and may elect to adjust the contribution. The automatic defined increase is 1% annually, limited to 6% of compensation. Contributions may not exceed the limits and maximum amounts deductible under the regulations of the Code.

The Plan has a Roth 401(k) feature available to all participants. The Roth 401(k) vehicle was introduced as an additional deferral source for employees to diversify their retirement income from a tax perspective.

Employer Contributions

The Company makes a Qualified Automatic Contribution Arrangement ("QACA") matching contribution equal to 100% of the first 3% and 16.66% of the next 3% of the elective deferral contributions made by the participant. For the year ended December 31, 2015, the Company made contributions totaling $631,218.

The Company may make discretionary profit sharing contributions to the Plan. For the year ended December 31, 2015, no discretionary profit sharing contributions were made to the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Discretionary Nonelective Employer Contributions vest after one (1) year and QACA Employer matching contributions vest after two (2) years.

Participants may also become fully vested when they attain the normal retirement age, die, or become permanently disabled while employed by the Company.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior twelve month period. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant loan fund. Loan terms range from one to five years, unless the loan is used to acquire or construct a principal residence. The loan period for a principal residence can be up to 10 years. The loans are secured by the balance in the participants' accounts and bear interest at rates determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Investment Direction

The participants direct the investment of all assets attributable to their accounts. The participants designate the percentage of any one or more of their accounts that is to be invested in each of several authorized investment funds designated by the Plan's trustees. Each participant account is credited with the earnings attributed to that account.

Participants may also direct investment as loans to themselves.

2. DESCRIPTION OF PLAN AND CONTRIBUTIONS (Continued)

Forfeitures

Forfeitures shall be applied to pay administrative expenses or reduce future employer's contributions in accordance with the Plan. The Company used $6,817 forfeitures to reduce Employer contributions. At December 31, 2015 and 2014, the forfeiture balances were $3,170 and $7,372, respectively.

Administrative Expenses

For the year ended December 31, 2015, the Company incurred administrative expenses of $2,233. These expenses were paid by the Plan and are included in administrative expenses on the accompanying Statement of Changes in Net Assets Available for Benefits. The Plan's investments incur management fees. The net depreciation on investments is reflected net of those fees. Substantially, all other out-of-pocket costs are paid by the Employer.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2014 financial statement presentation to conform to the 2015 presentation.

3. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investment assets represent funds invested in, or maintained by, Fidelity. Fidelity is the trustee of the Plan's.

The Plan also issues loans to participants, which are secured by the balance in the participant's account. Such transactions are party-in-interest transactions for which a statutory exemptions exist.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of the Plan's termination, participants in the Plan will become fully vested in their account balance.

5. INFORMATION CERTIFIED BY THE TRUSTEE

All amounts included in the financial statements, including the supplemental schedule of assets (held at end of year), except for contributions, benefits paid to participants, and administration expenses were provided by Fidelity Management Trust Company and, accordingly, are unaudited as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations. The Plan administrator has obtained certification from Fidelity Management Trust Company as to the completeness and accuracy of the amounts relating to investments and notes receivable, including cost, fair values and investment income.

6. INVESTMENTS

The trustee also certified the completeness and accuracy of $1,269,403 of net depreciation in value of investments and $1,033,681 of interest and dividend income related to the aforementioned Plan assets for the year ended December 31, 2015. The Plan's interest and dividend income consisted of $1,022,374 attributable to dividends and $11,307 attributable to interest on notes from participants.

See independent auditors' report.

6. INVESTMENTS (Continued)

Assets and liabilities recorded at fair value are categorized based upon the level of judgment associated with the inputs used to measure the fair value. Level inputs, as defined by ASC 820, are as follows:

- Level 1 – quoted prices in active markets for identical assets or liabilities
- Level 2 – other significant observable inputs for the assets or liabilities through corroboration with market data at the measurement date
- Level 3 – significant unobservable inputs that reflect management's best estimate of what market participants would use to price the assets or liabilities at the measurement date

The following table summarizes fair value measurements by level for assets measured at fair value on a recurring basis at:

December 31, 2015	Total	Level 1	Level 2	Level 3
Investments measured at fair value subject to fair value leveling:				
Mutual funds	$ 20,469,087	$ 20,469,087	$ -	$ -
Investments measured at NAV (1):				
Common collective trust	$ 779,390			
Total investments	$ 21,248,477			

December 31, 2014	Total	Level 1	Level 2	Level 3
Investments measured at fair value subject to fair value leveling:				
Mutual funds	$ 18,888,404	$ 18,880,404	$ -	$ -
Investments measured at NAV (1):				
Common collective trust	$ 852,317			
Total investments measured	$ 19,740,721			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

7. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Instance of operational errors and non-compliance with the terms of the Plan were discovered. These errors consisted of improper determination of eligible compensation used to compute the contribution withholdings and employer matching contributions, errors in the calculation of employer matching contributions, and improper use of safe harbor employer contributions for hardship withdrawals. Management is in the process of taking corrective actions and remedy the mistakes using the IRS Employee Plans Compliance Resolution System. Although there is a risk that these errors may have an adverse impact on the tax status of the Plan, management believes that the corrective actions will allow the Plan to keep its tax qualification. The Plan is subject to routine audits by taxing authorities. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012. The Plan is subject to revision due to a change in laws or due to pronouncements by the Internal Revenue Service (IRS) or Department of Labor (DOL).

8. NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants bear interest at 4.25% and are receivable in bi-weekly installments over a specified period. Loans range from $642 to $43,338 at December 31, 2015.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements at December 31, 2015 and 2014, to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 21,532,488	$ 19,968,340
Add: Adjustment from contract value to fair value for common collective trust	7,461	15,129
Net assets available for benefits per the Form 5500	$ 21,539,949	$ 19,983,469

The following is a reconciliation of contributions per the financial statement to the Form 5500:

	2015
Net increase in plan assets per the financial statements	$ 990,020
Add: Change in adjustment from contract value to fair value for common collective trust	7,461
Less: Prior year change in adjustment from contract value to fair value for common collective trust	(15,129)
Net increase in plan assets per the Form 5500	$ 982,352

11. SUBSEQUENT EVENTS

The Plan has evaluated events occurring after the date of the most recent accompanying Statement of Net Assets Available for Benefits through October 17, 2016, the date the financial statements were available to be issued.
