PROFIT SHARING 401(k) PLAN AND TRUST

Notes to Financial Statements

December 31, 2009 and 2008

NOTE 1 - PLAN DESCRIPTION

The following description of the Plan provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General – The First Illinois Bancorp, Inc. Profit Sharing 401(k) Plan and Trust (the Plan) is a defined contribution plan covering all eligible employees of First Illinois Bancorp, Inc. and its subsidiaries, Lindell Bank and Trust Company and First Illinois Bank (the Employer). The Plan was established by the Employer on November 10, 1987 as the First Illinois Bancorp, Inc. Employee Stock Ownership Plan and Trust, for the exclusive benefit of its employees and beneficiaries. Effective January 1, 2002, the Plan was restated in its entirety. The restated plan is subject to the provisions of ERISA. The Plan includes 401(k) accounts for employee and employer matching contributions.

(b) Participant Eligibility – Employees (other than leased or temporary employees) that have attained the age of 21 and are not covered by a collective bargaining agreement become eligible to participate in the Plan after being employed for six months and completing 500 hours of service.

(c) Employer and Participant Contributions - The amount of the Employer contribution, if any, is discretionary and determined by the Board of Directors of the Company. The Employer contributions are based upon amounts contributed by the participants. During 2009 and 2008, the Employer elected to match participant contributions equal to 50% of the first 6% of deferred compensation.

The Employer may make additional discretionary contributions annually. The Employer's additional discretionary contributions are allocated to each participant based upon each participant's deferred compensation. During 2009 and 2008 the Employer made additional discretionary contributions of 2% of compensation to those who contributed 6% or more at First Illinois Bank. No additional discretionary contribution was made for the employees of Lindell Bank and Trust Company in 2009 or 2008.

Each participant may elect to make contributions to the Plan of 1% to 100% of the participant's compensation for such fiscal year, as long as such contributions do not exceed the maximum permissible by the Internal Revenue Code.

Contributions received from participants and the employer are net of payments made to certain active participants to return to them excess deferral and employer contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

(d) Vesting - Participants are 100% vested in any portion of their account resulting from their contributions and any rollover contributions. Employer matching and discretionary contributions are subject to vesting as follows:

Years of service	Vesting percentage
Less than two	—%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

(e) Forfeitures - If a participant terminates employment before full vesting, the nonvested portion of the participant's account is forfeited and used to reduce the Employer's matching and discretionary contributions. Forfeitures of $5,341 and $1,500 were used to reduce employer contributions in 2009 and 2008, respectively.

(f) Payment of Benefits - The Plan provides that upon retirement, disability or death of a participant, the participant will become 100% vested and the participant's account shall be paid under one or more of the optional forms available under the Plan.

(g) Costs of Plan Administration - Fees and expenses incurred in the administration of the Plan are paid by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

(a) Basis of Presentation - The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and changes in those net assets. The preparation of the financial statements in conformity with generally accepted accounting principles requires estimates and assumptions that affect the reported amounts. Actual results could differ from those estimates.

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (SFAS No. 168), which replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes only two levels of U.S. generally accepted accounting principles (GAAP), authoritative and nonauthoritative. The FASB Accounting Standards Codification (the Codification) is now the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission (SEC), which are sources of authoritative GAAP for SEC registrants. SFAS No. 168 is effective for annual or interim periods ending after September 15, 2009. SFAS No. 168 is not intended to change or alter existing GAAP and did not impact the Plan's financial condition, results of operations or cash flows. The Plan adopted SFAS No. 168 and has included the new Codification reference (ASC) in these financial statements.

(b) Trust Fund Administered by the Trustee - Under the terms of a trust agreement between the Trustee and the Company, the Trustee administers a trust fund on behalf of the Plan. Participants direct the investment of their contributions, as well as employer matching and discretionary contributions, into various investment options offered by the Plan.

Participants may elect to have a portion of their account balances invested in any combination of thirteen mutual funds, including a money market fund, a fixed income fund, a balanced fund, and various equity funds.

Effective January 1, 2008, the Plan adopted ASC 820-10, "*Fair Value Measurement*", which provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end (level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and Plan earnings are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

(c) Trustee Certifications - The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Administrator has obtained certifications from the Trustee that all of the information provided by them and included in the accompanying financial statements and schedules is complete and accurate. Information as to investments, earnings from investments and related information in the accompanying schedules is presented in reliance solely upon these certifications.

(d) Subsequent Events – The Plan has evaluated subsequent events through September 27, 2010, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets at December 31, 2009 and 2008:

	2009	2008
Amercian Funds Growth Fund of America	$ 656,583	452,507
Fidelity Investments Advisor Diversified International Fund	631,065	460,761
Goldman Sachs Trust Financial Square Money Market Fund	257,105	266,169
Commerce Funds Bond Fund	365,621	334,894
Commerce Funds Growth Fund	478,648	350,133
Commerce Funds Mid Cap Growth Fund	337,765	210,097
Janus Balanced Fund	509,240	387,984

During 2009 and 2008, the Plan's investments in mutual funds (including gains and losses in investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $608,684 and $(1,095,197), respectively.

NOTE 4 -RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Commerce Bank, N.A. Commerce Bank, N.A. is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are netted with investment income and vary based upon mutual fund type.

NOTE 5 -PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants become 100% vested in their accounts. The Company may elect to have all assets transferred to another qualified plan in which all participants who would have otherwise received a distribution will have an interest, and each person's interest will be nonforfeitable as to amounts attributable to assets transferred on his or her behalf.

NOTE 6 - FEDERAL INCOME TAXES

The Plan obtained its latest determination letter on August 14, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, qualified under the provisions of Section 401(a) and the trust was exempt from Federal income taxes under the provisions of Section 501(a) of the Internal Revenue Code, as amended. The Plan has been subsequently amended. The amended Plan information has not been submitted to the Internal Revenue Service for a letter of determination that the Plan continues to qualify as exempt from Federal income taxes; however, in the opinion of the Plan Administrator, the Plan and its underlying trust have operated within the terms of the Plan and remain qualified under the applicable provisions of the Internal Revenue Code.
