Independent Auditors' Report

To the Participant and Plan Administrator of
Outten & Golden LLP 401(k) Profit Sharing Plan and Trust

Report on Financial Statements
We were engaged to audit the accompanying financial statements of Outten & Golden LLP 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year then ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of the Plan

The following description of the Outten & Golden LLP (the "Company") 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older and have completed 12 months of service and/or 1,000 hours of credited service during the year. On December 1, 2015, the Plan was amended to provide employees with 3 months of service and 1,000 hours of credited service the ability to make contributions to the Plan. However, this Plan amendment did not change the 12 month service requirement with respect to eligibility to receive employer contributions. Employees who are either party to a collective bargaining agreement with the Company or are non-resident alien are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may elect to contribute the lesser of the statutory Internal Revenue Service, which was $18,000 and $17,500 for the calendar years ended December 31, 2015 and 2014, respectively, or up to 60% of annual earnings, as defined by the Plan. Participants who reach age 50 before the end of the Plan year are eligible to contribute additional amount (a catch-up contribution), which was limited by statute to $6,000 and $5,500 for the calendar years ended December 31, 2015 and 2014, respectively. The Plan also provides for participants to make after tax Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Plan provides for the Company to make Safe Harbor contributions, Employer Non-elective and Qualified Non-elective contributions. The Company has elected to make a Safe Harbor contribution of 3% of total compensation as defined in the Plan, and the non-elective contribution of 1½ of compensation for 2015. Employees must complete 1,000 hours and a year of service to be are eligible to receive employer contributions, except due to death or disability while employed, when they are eligible to receive the employer contributions. All employees who meet the service eligibility are entitled to receive the employer contributions whether or not they elect to make contributions to the Plan.

Rollovers

Participants may roll over their interest from another qualified retirement plan, subject to the approval of the administrators of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of plan earnings. Participant accounts are also credited with the employer contributions and earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. In the event of the Plan's termination, all participants will become fully vested in their account balances.

Vesting

Participants are immediately vested in their contributions and earnings thereon and all Company Safe Harbor contributions and earnings thereon. The participant becomes 20% vested in the Company's Non-elective and Qualified Non-elective sharing contributions and earnings thereon after completion of two years of service, with an additional 20% vesting for each additional year of service until fully vested after six years of service.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the balance in the participant's account and bear annual interest rates at the prime rate at the time of loan issuance plus 1%. Loan repayments of principal and interest are made ratably through payroll deductions. At December 31, 2015 and 2014, the amount of loans outstanding, all of which bore interest at 4.25% totaled $42,282 and $59,564, respectively.

Retirement
Normal retirement is defined as the date the participant attains age 65. The Plan does not provide for early retirement benefits, however, participants who are still employed may also be entitled to receive a pre-retirement distribution upon attainment of age 59½. In accordance with IRS statute, distributions must be made to participants, even if still employed, who have attained age 70½.

Distributions
Upon separation of service, death, disability or retirement, a participant will receive his or her benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account, unless he or she elects to receive benefits in the form of installments or in a life annuity. If the Plan starts paying benefits to the Participant before death, the method of distribution in effect at death will determine how any remaining benefits will be paid.

Forfeitures
Forfeitures of Non-elective employer and Qualified non-elective contributions can either be used to either (i) reduce the Non-elective and Qualified non-elective employer's contributions or administrative expenses or (ii) can be reallocated to the Participant accounts as set forth in the Plan. Forfeitures remain in a cash account until use of the balance is designated by the Company. At December 31, 2015, the forfeiture account balance was approximately $28,800. During 2015, the Company did not utilize any of the available forfeiture cash.

Hardship Withdrawals
Withdrawals for financial hardship are permitted upon meeting the provisions of the plan document and obtaining approval from the Plan administrator. Hardship withdrawals are limited to the participants' elective deferrals and vested non-elective employer contributions. Participants are precluded from making contributions to the Plan for six months after receipt of a hardship withdrawal.

Administrative Expenses
For the year ended December 31, 2015, all administrative expenses incurred by the Plan, other than related to investment transactions, were paid for by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures and Part III Measurement Date Practical Expedient. The three-part standard update is intended to simplify employee benefit plan reporting. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively and part III should be applied prospectively, with early adoption permitted. Management has elected to early adopt Part II. Accordingly, the amendment was retrospectively applied to all periods presented. Parts I and III are not applicable to the Plan.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement – Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Reporting entities will be required to disclose the amount investments measured at net asset value (or its equivalent) using the practical expedient to reconcile total investments in the fair value hierarchy to total investments measured at fair value. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 and should be applied retrospectively, with early adoption permitted. Management has elected to early adopt ASU 2015-07. Accordingly, the amendment was retrospectively applied to all periods presented.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Concentrations of Credit Risk
Financial instruments which potentially subject the Plan to concentrations of credit risk include the Plan's investments. The Plan invests its assets in mutual funds and a money market fund. The Plan holds no collateral for these financial instruments.

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in the fair value of investments consists of the realized gains or losses on investments sold during the year and the unrealized appreciation (depreciation) on investments held at year-end, as well as the interest and dividends in investments maintained in separate pooled accounts.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the plan document. During 2015, there were no delinquent participant loans that were reclassified as deemed distributions.

Payment of Benefits
Benefits are recorded when paid.

3. Investment Information Certified by the Plan's Trustee

The following is a summary of the information regarding the Plan as of December 31, 2015, included in the Plan's financial statements and supplementary schedule that was prepared by, or derived from, information certified by John Hancock Life Insurance Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

The information as of December 31, 2015 and 2014 and for the year ended December 31, 2015, as reported by the trustee was:

	2015	2014
Money market and cash equivalents	$ 50,007	$ 49,027
Investments at fair value	9,023,625	7,917,852
	$ 9,073,632	$ 7,966,879

The net investment loss and the participant loan interest income reported in the statements of changes in net assets available for benefits for the calendar year ended December 31, 2015 was also certified by the trustee.

	2015
Net depreciation in fair value	$ (197,917)
Interest income on notes receivable	$ 1,925

4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") authoritative guidance provides the framework for measuring fair value under accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB authoritative guidance are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable for the asset or liability, that is, inputs that reflect the assumptions made by the Plan's management about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk) are developed based on the best information available in the circumstances. Unobservable inputs include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value require significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

- Money market funds – valued at cost plus accrued interest which approximates fair value.
- Mutual funds – valued at the net asset value of shares held by the plan at year end and determined based on unadjusted quoted prices in active markets.

The following are the major categories of assets measured at fair value on a recurring basis and summarized by the fair value hierarchy as described above, as of December 31, 2015 and 2014:

	As of December 31, 2015			
Description	(Level 1)	(Level 2)	(Level 3)	Total
Money market funds	$ 256,095	$ -	$ -	$ 256,095
Mutual funds	8,717,523	-	-	8,717,523
Total investments	$ 8,973,618	$ -	$ -	$ 8,973,618

	As of December 31, 2014			
Description	(Level 1)	(Level 2)	(Level 3)	Total
Money market funds	$ 271,186	$ -	$ -	$ 271,186
Mutual funds	7,646,666	-	-	7,646,666
Total investments	$ 7,917,852	$ -	$ -	$ 7,917,852

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested, regardless of the Plan's current vesting schedule.

6. Tax Status

The Plan is based on the Prototype Standardized Profit Sharing Plan of Boston Benefits Consulting, the recordkeeper of the Plan, which received a determination letter from the Internal Revenue Service ("IRS") dated April 2, 2012, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code. The IRS determination letter precludes the necessity for the Plan to file for an individual letter of determination with the IRS. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2012.

7. Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Party-in-Interest Transactions

Plan investments during 2015 and 2014 include certain mutual funds managed by John Hancock Asset Management. Therefore, investment transactions in such mutual funds are considered to be exempt party-in-interest transactions under the Department of Labor's rules and regulations.

9. Subsequent Events

Plan management has evaluated subsequent events through October 17, 2016, the date that the financial statements were available for issuance.
