Applied Marine Technology, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the **Applied Marine Technology, Inc. Employee Stock Ownership Plan** ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The **Applied Marine Technology, Inc. Employee Stock Ownership Plan** ("Plan") was effective on January 1, 2005. The Plan was designed to enable eligible employees to acquire stock ownership interests in **Applied Marine Technology, Inc.** ("Company") by investing primarily in Company stock. The Plan was specifically permitted and designed to invest up to 100% of its assets in Company stock. On December 15, 2006 ("acquisition date"), the Company was acquired by Science Applications International Corporation ("SAIC"). As a condition of this acquisition, the Plan was terminated. The Plan is administered by SAIC ("Plan Sponsor"). The Plan's Custodian and Trustee is US Bank ("Custodian" "Trustee"). The Trustee has the authority and responsibility for the management and investment of Plan assets. The Plan's record keeper is Principal Financial ("Recordkeeper").

Plan termination

In connection with the termination of the Plan, the Plan agreement provides that the participants' accounts become fully vested and nonforfeitable upon such termination. In addition, following the Plan's termination and related amendment on December 15, 2006, the Plan's Trustee is a directed trustee with regard to Plan investments.

All current and future distributions are to be made as lump sum distributions in cash rather than in shares of stock.

Escrow release

As a result of the sale of the Company in 2006, certain proceeds were transferred to an escrow account, pending resolution of certain pre-acquisition contingencies which were still unresolved as of December 31, 2009. No proceeds were released during 2009; however, the Plan may receive proceeds in the future.

Allocations

Each participant's account is credited with an allocation of plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Applied Marine Technology, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

<i>Loans</i>	The Plan agreement does not allow for participant loans.
<i>Benefit payments</i>	<p>Distribution of the balances in a participants' account will be made to the participant or in the case of the participant's death, to the participant's beneficiary, as directed by the Plan Administrator in its sole discretion, either in the form of a lump sum or, in the form of substantially equal annual installments over a period not to exceed five years. Upon separation from service, a participant receives a lump-sum amount equal to the value of his/her account.</p> <p>Effective with the plan termination, all participant accounts were distributed. The distributions were completed in 2009.</p>
<i>Vesting and forfeitures</i>	As a result of the Plan's termination, all participants are 100% vested. There were no unallocated forfeitures as of December 16, 2009 or December 31, 2008.
<i>Administrative expenses</i>	All expenses related to the operation and administration of the Plan may be paid by the Plan.
2. Summary of Significant Accounting Policies	A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements are as follows:
<i>Basis of accounting</i>	As a result of the Plan's termination, the basis of accounting used to value plan assets is on a liquidation basis, in conformity with U.S. generally accepted accounting principles ("GAAP").
<i>Use of estimates</i>	The preparation of financial statements in conformity with the U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from estimates.
<i>Investments</i>	All investments are non-participant directed. The assets of the Plan were fully liquidated and therefore no investments remain as of December 16, 2009. The investments held by the Plan at December 31, 2008 were stated at fair value. Fair value has been measured using quoted market prices in an active market.

Applied Marine Technology, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Fair value measurements

Accounting guidance has been issued that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value classifications as of December 31, 2008 for the Plan are summarized below.

	Level 1
Vanguard Prime Money Market	\$ 8,881,078

Adoption of new accounting pronouncement

In June 2009, the Financial Accounting Standards Board (“FASB”) issued guidance that establishes the FASB Accounting Standards Codification as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. This guidance was adopted effective for the Plan’s financial statements for the period ended December 16, 2009. This guidance does not change GAAP and its adoption did not impact the Plan’s financial position or results of operation.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

All Plan assets are held by the Plan's Custodian and Trustee, who is responsible for the maintenance of all accounting records and the preparation of reports of activity related to those assets. The Plan's Custodian and Trustee has certified to the Plan Administrator the completeness and accuracy of the financial information and data presented as of and for the period ended December 16, 2009.
