INDEPENDENT AUDITORS' REPORT

To The Board of Trustees of
Scottsdale Medical Imaging, Ltd. 401(k) Plan and Trust:

We were engaged to audit the financial statements of Scottsdale Medical Imaging, Ltd. 401(k) Plan and Trust as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the AICPA's Auditing Standards Board and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

(1) DESCRIPTION OF PLAN

The following brief description of the Scottsdale Medical Imaging, Ltd. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Scottsdale Medical Imaging, Ltd. (the "Company" and "Administrator") who are 21 years of age or older, have completed one year of service and have worked 1,000 hours during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 30% of their pretax compensation to the Plan, subject to limitations prescribed by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Each year, at the Company's discretion, the Company may contribute to the Plan a percentage of the participants' contributions. For the year ended December 31, 2009, the Company elected to match 100% of the first 4% of compensation that a participant contributed to the Plan. The Company may also elect to make a discretionary profit-sharing contribution to the Plan. For the year ended December 31, 2009 the Company made a discretionary profit-sharing contribution to the Plan of approximately $1,473,000. All contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and in the Company's discretionary matching and profit-sharing contributions plus actual earnings thereon.

(1) DESCRIPTION OF PLAN (continued)

Participant Loans

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A fee is deducted from the participant's loan proceeds for administrative costs. Loan terms are up to 5 years or up to 25 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate in effect at the time that the loan is made. At December 31, 2009 the interest rates on outstanding loans ranged from 3.25% to 8.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon a participant's termination of service or attaining normal retirement age, as defined, a participant may elect to receive either a lump-sum payment or an installment-type payment in an amount equal to the value of the participant's vested account balance.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New Accounting Pronouncements

On July 1, 2009, the Plan adopted the authoritative guidance issued by the Financial Accounting Standards Board ("FASB") that the Accounting Standards Codification ("ASC") be recognized as the source of authoritative U.S. generally accepted accounting principles ("U.S. GAAP"). The Codification did not change U.S. GAAP, but instead introduced a new structure that combines all authoritative standards into a comprehensive, topically organized single source of authoritative U.S. GAAP. Adoption of the new guidance did not have a material impact on the Plan's financial statements.

During the year ended December 31, 2009, the Plan adopted the guidance issued by the FASB on subsequent events. The guidance sets forth: 1) the period after the statement of financial position date during which management of the Plan should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; 2) the circumstances under which the Plan should recognize events or transactions occurring after the statement of financial position date in its financial statements; and 3) the disclosures that the Plan should make about events or transactions that occurred after the date of the statement of financial position. The Administrator has evaluated subsequent events through August 27, 2010, the date on which the financial statements were available to be issued.

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value is the most reasonable estimate of fair value for the contract held by the Plan. The statements of net assets available for benefits present the fair value of the investment contract.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes realized and unrealized gains and losses on investments.

Payments of Benefits

Benefits are recorded when paid

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all expenses of the Plan are paid by the Company. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

(3) INVESTMENTS

Investments that represented 5% or more of the Plan's net assets at December 31 were as follows:

	2009
Minnesota Life Guaranteed Return Account	$ 2,692,427
Minnesota Life Large Growth Equity III	2,509,997
Minnesota Life Money Market	2,221,617
Minnesota Life Large Equity VII	1,919,376
Minnesota Life Large Value Equity X	1,882,372
Minnesota Life International Value II	1,770,058

	2008
Minnesota Life Money Market	$ 2,535,023
Minnesota Life Large Growth Equity VI	1,504,052
Minnesota Life Large Equity VII	1,336,070
Minnesota Life Aggregate Bond	1,277,892
Minnesota Life Large Value Equity X	1,177,637
Minnesota Life International Value II	1,075,901

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held at the end of the year) appreciated in value by approximately $4,965,000 as follows:

Pooled separate accounts	$ 4,773,953
Mutual funds	158,019
Common stock	40,903
Bonds	(7,761)
Net change in fair value	$ 4,965,114

(4) FAIR VALUE OF FINANCIAL MEASUREMENTS

ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

(4) FAIR VALUE OF FINANCIAL MEASUREMENTS (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts

Pooled separate accounts are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, and mutual funds. Units held in pooled separate accounts are valued based on the market prices of the underlying investments in the funds at year-end.

Mutual Funds

Investments in mutual funds are based on quoted market prices for the identical security in an active market.

Guaranteed Return Account

The guaranteed return account assets are measured at cost, which approximates fair value.

(4) FAIR VALUE OF FINANCIAL MEASUREMENTS (continued)

Common Stocks and Government Bonds

Common stocks and government bonds are valued at the closing price reported on the active market on which the individual securities are traded.

Participant Loans

Participant loans are carried at their outstanding balance, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008:

	2009			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 1,089,984	$ 16,242,969	$ 586,791	$ 17,919,744

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 586,791
Issuances and payments, net	151,682
Balance, end of year	$ 738,473

(5) PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in pooled separate accounts managed by Minnesota Life Insurance Company ("Minnesota Life"). Minnesota Life is the custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Minnesota Life for services provided amounted to approximately $6,000 for the year ended December 31, 2009.

(6) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(7) INFORMATION PROVIDED BY THE CUSTODIAN

In accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Minnesota Life regarding the current value of assets held at December 31, 2009 and 2008, and transactions entered into during the year ended December 31, 2009, was used in the preparation of the accompanying financial statements and supplemental schedule.

(8) INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 28, 2003, that the Plan and related trust are designed in accordance with the appropriate sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe that the Plan continues to be designed and operated in compliance with the applicable provisions of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision or reserve for income taxes has been included in the Plan's financial statements.

(9) RISKS AND UNCERTAINTIES

The Plan provides for various investment options, including pooled separate accounts, common stocks, bonds, and mutual funds, which invest in any combination of stocks, bonds, and other investment securities. Investment securities are exposed to various risks, such as interest rate fluctuation, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.
