401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1: PLAN DESCRIPTION

The following description of the TopOcean Consolidation Services (LA) Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was adopted by TopOcean Consolidation Services (LA) Inc. 401(k) Profit Sharing Plan (the "Company") as of July 1, 1997. The Plan is a defined contribution plan covering substantially all employees of the Company who have completed three months of continuous service and attained age 21.

Plan Administration

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by the 401(k) Plan Administrative Committee (the Administrative Committee") of the Company. Plan assets were held under the direction of the Administrative Committee, by Voya Retirement Insurance and Annuity Company ("Voya") (formerly, ING Life Insurance and Annuity Company).

Contributions

Participants may elect to contribute up to 100% of his or her compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. However, the contribution may not exceed the maximum deferral as defined under Section 402(g) of the Internal Revenue Code (the "IRC").

The Company may make matching and/or discretionary contributions as determined each year by resolution of the Company's Board of Directors. For the year ended June 30, 2016 the Company matched 50 percent of the participant's deferral, up to the first six percent of compensations. There were no discretionary contributions for the year ended June 30, 2016. Contributions are made by the Company for their respective participants. Upon termination of employment, participants are allowed to defer receiving their vested benefits.

NOTE 1: PLAN DESCRIPTION (Continued)

Participant Accounts

Each participant's account is credited with: (a) the participant's contribution, (b) the Company's matching contribution and (c) an allocation of Plan earnings, net of certain administrative expenses. Allocations are based on participant account balances, as defined.

Vesting

Participant contributions and related earnings are fully vested immediately. Contributions from the Company are vested base on the following if participants are eligible prior to July 1, 2010:

Years of Service	Percent Vested
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 + years	100%

After, July 1, 2010:

Years of Service	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 + years	100%

Benefits attributable to each participant will become fully vested in the event of death, total disability, and normal retirement at age 65 or upon partial or total Plan termination.

NOTE 1: PLAN DESCRIPTION (Continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Terms of the loans range from one to five years and bear interest at 2% over the prime rate. A loan may be repaid over a period of thirty years if it is for the purchase of a principal residence.

Payment of Benefits

On termination of service or otherwise becoming eligible to receive benefits, a participant may elect to receive a lump-sum payment or periodic installment payments or transfer the balance in his or her account to another qualified plan. Vested accounts of $5,000 or less will be automatically paid in a lump-sum amount.

A participant may make withdrawals from his or her account (except as provided in the Plan agreement) upon reaching age 59 ½. Withdrawals may also be made for financial hardship, which is determined pursuant to the provisions of the IRC.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as Administrative Expenses. Total Administrative Expenses for the year ended June 30, 2016 was $7,147.

Forfeitures

A participant's non-vested account balance is forfeited at the time of termination of employment. These forfeitures will be used first to offset Plan administrative expenses. Any remaining forfeitures will be used to reduce Employer Contributions under the Plan. Finally, any remaining forfeitures will be allocated to Participants.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Plan Termination

The Company anticipates and believes the Plan will continue without interruption but reserve the right to terminate the Plan, in part or in whole, at any time. In the event that such discontinuance results in termination of the Plan, participants become 100% vest in their entire account balance and the Plan's net assets will be allocated among the participants in accordance with the terms of the Plan and ERISA.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect in reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts in the statement of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investment in stable value investments and pooled separate accounts are presented at fair market value upon quoted prices from recognized securities exchanges. Participant loans are valued at the outstanding principal balance which approximates fair value.

Investment income is recorded as earned and is retained by Voya for reinvestment on behalf of the Plan. Dividend income is recorded on the ex-dividend date.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan presents in the statement of changes in net available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

NOTE 3: NEW ACCOUNTING PRONOUNCEMENT

On June 30, 2016, the Plan adopted Accounting Standards Update ("ASU") 2015-12 *Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plan (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* ASU 2015-12 Part II is applicable to the Plan.

NOTE 3: NEW ACCOUNTING PRONOUNCEMENT (Continued)

ASU 2015-12 Part II denotes that GAAP requires plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. The amendments in Part II of this Update eliminate those requirements for both participant-directed investments and nonparticipant-directed investments.

The net appreciation or depreciation in investments for the period continues to be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type.

Under Topic 820, classes of assets are grouped and disclosed on the basis of nature, characteristics, and risks, and under Topics 960, 962, and 965, classes of assets are grouped and disclosed on the basis of general type. The amendments in Part II of this Update require that investments (both participant-directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are describes as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016 and 2015.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the plan at year end.

Stable Value Investment: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the plan's assets at fair value as of June 30, 2016 and 2015.

Assets at Fair Value as of June 30, 2016

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 6,038,359	$ -	$ -	$ 6,038,359
Stable Value Investment	-	-	177,377	177,377
Total Assets at Fair Value	$ 6,038,359	$ -	$ 177,377	$ 6,215,736

Assets at Fair Value as of June 30, 2015

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 5,708,351	$ -	$ -	$ 5,708,351
Stable Value Investment	-	-	86,944	86,944
Total Assets at Fair Value	$ 5,708,351	$ -	$ 86,944	$ 5,795,295

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended June 30, 2016.

	Level 3
Balance, beginning of year	$ 86,944
Realized Gains/(Loss)	(1,834)
Unrealized Gains/(Loss)	1,168
Purchases	23,721
Administrative Fees	(405)
Participant Loans Repayments	1,091
Transfers in/(out)	66,692
Balance, end of year	$ 177,377

NOTE 5: FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined the Plan qualifies under Section 401 (a) of the IRC, therefore, not subject to tax under present income tax law.

Once qualified, the Plan is required to operate in conformity with the IRC and the Plan's provisions to maintain its qualification. The Administrative Committee believes the Plan is requirements of the IRC.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position, based on technical merits, is more likely than not to be sustained upon examination by the IRS. The Plan administrator concluded that the Plan has maintained its tax-exempt status and that no uncertain tax positions have been taken or are expected to be taken that require adjustment to the financial statements for the year ended June 30, 2016. The Plan has recognized no liability for income taxes, or any interest and penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes that the Plan is no longer subject to examinations by the IRS that could result in the imposition of income taxes for years prior to 2013.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the plan. Certain Plan investments are managed by Voya, the custodian and record-keeper of the Plan. The custodian receives management and contract administration fees from the plan.

NOTE 7: INFORMATION CERTIFIED BY THE PLAN TRUSTEE

Voya Retirement Insurance and Annuity Company acted as trustee at June 30, 2015 and from July 1, 2015 through June 30, 2016. The trustee has custody and control of the Plan's assets, records transactions and pays withdrawals. The trustee has certified as complete and accurate all financial data of the Plan with respect to the periods in which it acted as trustee. Amounts included in these financial statements and supplemental schedule relating to investments (including fair values and investment transaction information), interest income, dividend income and net appreciation in fair value of the Plan's investments were derived from financial data certified by the trustee.

NOTE 8: EXCESS CONTRIBUTIONS

During the plan year, highly compensated participants exceeded the maximum contributions allowed by the Plan. In 2016, the Plan distributed the excess contributions totaling $2,799 and owes taxes of $296.

NOTE 9: DEEMED DISTRIBUTION ON LOAN

During the plan year ended June 30, 2016, the Company did not receive loan repayments from one participant loans. The Company issued Form 1099-R to the plan participant related to this participant loan balance deeming this loan as a distribution.

NOTE 10: SUBSEQUENT EVENT

Management has evaluated subsequent events through April 17, 2017, (the date of which the financial statements were available to be issued).

On April 3, 2017, the Plan corrected vesting calculation errors for two terminated participants. The additional distributions totaling $1,585, are being processed by Voya.

No other events have occurred subsequent to June 30, 2016 which would have a material effect on the financial condition of the Plan.
