INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Litecontrol Corporation Profit-Sharing Thrift Plan
Hanson, Massachusetts

We were engaged to audit the accompanying statements of net assets available for benefits of Litecontrol Profit-Sharing Thrift Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedules of assets held for investment at December 31, 2009 and delinquent participant contributions for the year ended December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated August 12, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wystar Global Retirement Solutions, an operating division of Wachovia Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the 2009 financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and supplemental schedules taken as a whole. The form and content of the information included in the 2009 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LITECONTROL CORPORATION PROFIT-SHARING THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF PLAN

The following description of the Litecontrol Profit-Sharing Thrift Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - Litecontrol Corporation (the "Company") established a profit-sharing thrift plan for the benefit of its employees on December 1, 1984. The Plan was restated effective January 1, 2002, and was last amended October 30, 2008. The Plan contains a salary reduction feature under Internal Revenue Code Section (IRC) 401(k). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - All eligible employees of the Company may elect to participate in the Plan on the first day of each calendar month after completion of one (1) year of service and attaining age twenty-one (21). A year of service is defined as completing 1,000 hours of service in a twelve-month period.

Participant contributions - Participants may contribute a percentage of their annual pre-tax compensation to the Plan subject to certain limitations allowable under section 401(k) of the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers nine (9) mutual funds and one (1) common collective trust as investment options for participants.

Employer contributions - Upon entering the Plan, each employee receives a \$100 initial contribution by the employer. In addition, the Plan may make a discretionary employer matching contribution each pay period, applicable to salary reduction contributions up to 6% of annual compensation. For the year ended December 31, 2008, and the period January 1, 2009-June 28, 2009, the Company matched fifty cents (\$0.50) for each dollar contributed by an eligible participant up to the first six percent (6%) of eligible compensation. Effective June 29, 2009, the Company suspended the employer match for participant contributions. The employer has the option of making a discretionary profit-sharing matching contribution. The Company did not make additional profit sharing contributions for the years ended December 31, 2009 and 2008.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of the (a) Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

(Continued)

1. DESCRIPTION OF PLAN (Continued)

Vesting - Participants are, at all times, fully vested in both their employee and employer contributions, including any earnings thereon.

Participant loans - Participants may borrow from their accounts to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates that range from five and one-quarter percent (5.25%) to ten and one-quarter percent (10.25%), which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through weekly and bi-weekly payroll deductions.

In-service withdrawals - Participant contributions made from pre-tax compensation are subject to certain withdrawal restrictions, as specified in the Plan and the IRC. Hardship withdrawals may be made due to immediate financial need, as defined by the Plan. The participants' voluntary contributions are suspended for twelve months after receipt of a hardship distribution.

Payment of benefits - Upon termination of service due to death, disability, retirement, or for any other reason, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. If the participant's account balance is below \$5,000, benefit payments will be made as soon as administratively feasible in a single lump sum payment.

Forfeitures - Forfeitures are created when a distribution payment to a participant or their beneficiary is not made due to their being unable to be located, or deceased, and the value of their account does not exceed \$5,000. If a participant's deferred compensation together with any elective deferrals under another qualified plan, cumulatively exceed the limitation imposed by section 402(g) of the IRC for the taxable year, the excess amounts shall be treated as forfeitures. Forfeitures used to reduce employer contributions amounted to \$475 in 2009.

2. SUMMARY OF ACCOUNTING POLICIES

A summary of the Plan's accounting policies that affect the more significant elements of the financial statements is stated below.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

(Continued)

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Basis of accounting (continued) - Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses - Except for administrative expenses associated with the investment contracts, all expenses associated with the administration of the Plan are paid by the Company at their discretion, with the exception of certain participant transaction fees charged to the accounts of participants initiating the transaction. Participant transaction fees incurred by the Plan for the year ended December 31, 2009 were \$21,282 and all other administrative expenses were paid directly by the Company.

Payment of benefits - Benefits are recorded when paid.

Subsequent events - The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially over the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed investment contract in common collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Participant loans: Valued at amortized cost, which approximates fair value.

(Continued)

3. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009:

<u>Description</u>	<u>Total Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Van Kampen Mid Cap Growth (A)	676,802	437,224
American Funds Europacific A	675,547	

During 2009, the Plan's investments in mutual funds and a stable value fund (including gains and losses on investments bought and sold as well as held during the year) appreciated in fair value and depreciated in contract value as follows:

Stable value fund (contract value)	\$ (127,580)
Mutual funds (fair value)	<u>1,596,423</u>
	<u>\$1,468,843</u>

4. FINANCIAL INFORMATION CERTIFIED BY TRUSTEE

The following is a summary description of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by Wystar Global Retirement Solutions, an operating division of Wachovia Bank, N.A., the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certification from the trustee that such information is complete and accurate as of December 31, 2009 and 2008 and for the year ended December 31, 2009.

- Statement of Net Assets Available for Benefits – all investment related items and amounts.
- Statement of Changes in Net Assets Available for Benefits – all investment related items and amounts.
- Schedule of Assets Held for Investment Purposes – all items and amounts.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. PARTY-IN-INTEREST TRANSACTIONS

USI Consulting Group, Inc. is the third party administrator and, therefore, their transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$21,282 for the year ended December 31, 2009.

The plan administrator and certain employees of the Company, who are also participants of the Plan, perform administrative services at no cost to the Plan.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 6, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Form 5500:

	<u>2009</u>	<u>2008</u>
Net assets available for benefits per the financial statements	\$8,959,831*	\$7,740,952*
Less adjustments from fair value to fully benefit-responsive investment contracts included in common/collective trust		(118,452)
Net assets available for benefits per Form 5500	<u>\$8,959,831</u>	<u>\$7,622,500</u>

* The stable value fund was reported at fair value at December 31, 2008. At December 31, 2009, fair value information was not readily attainable by the trustee, therefore it has been reported at contract value on Form 5500.

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements at December 31, 2009 to Form 5500:

	<u>2009</u>
Net increase in net assets available for benefits per financial statements	\$1,218,879
Plus reversal of prior adjustment from fair value to contract value for fully benefit- responsive investment contracts in collective trust	118,452
Net increase in net assets available for benefits per Form 5500	<u>\$1,337,331</u>

10. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a fully benefit-responsive stable value investment fund (the Fund) under the trusteeship of Union Bond & Trust Company. The Fund is a collective investment trust (also known as a pooled fund). The Fund is designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Fund consists of a diversified portfolio of high-quality stable value investment contracts issued by life insurance companies and banks, and other high quality fixed income assets. The principal value of these assets is intended to remain stable regardless of stock and bond market fluctuations. The income return on the Fund is a blend of all the rates of the various investments purchased by the Fund. Income is accrued daily and reinvested in the Fund. This accrual of income is reflected in the Fund's unit price, which is priced daily and is not held constant. Units of the Fund may be purchased or redeemed daily.

(Continued)

**10. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY
(Continued)**

The value of each unit of participation in the Fund is determined by subtracting total Fund liabilities from total Fund assets and dividing the remainder by the number of units outstanding. The Fund's assets are valued at fair market value as determined in good faith by the trustee in accordance with written valuation procedures adopted by the trustee. The Fund intends to hold only assets whose fair market value is the contract value of the investment.

Income is calculated daily and is automatically reinvested, which will change the net asset value of the units in the Fund. The amount of income is dependent on contract interest rates, contract maturities, and new investments in the Fund.

Units of participation in the Fund may be purchased daily by following the procedure established by the Plan. Redemption of units of the Fund may usually be made daily subject to certain limitations.

Certain events limit the ability of the Plan to transact at net asset value of the Fund. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at net asset value with participants, is probable.
