NORTH SHORE SUPPLY COMPANY
EMPLOYEES' 401(k) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the North Shore Supply Company ("Company") Employees' 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of the Company, Greens Bayou Pipe Mill, LP and Bayou Processing and Storage, LP who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company adopted the American United Life Insurance Company (AUL) Defined Contribution Prototype Plan and Trust.

Contributions - Each year participants may contribute up to the maximum allowable amount of pretax annual compensation, as defined in the Plan. Effective October 1, 2016, participants may also make Roth Elective Deferrals up to the maximum amount allowed by law. Participants direct the investment of their contributions into the various investment options offered by the Plan. The Company may make a matching contribution on behalf of all participants equal to a discretionary percentage of each participant's elective deferral.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Plan earnings/losses, and (c) forfeitures of terminated participants' invested amounts, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits - On termination of service due to death, disability, retirement, or for termination of service due to other reasons, a participant receives the value of his vested interest in his or her account as a lump sum distribution, substantially equal installments, an annuity, or partial withdrawals.

Forfeited Accounts - At December 31, 2016 and 2015, forfeited nonvested accounts totaled $5,497 and $6,609, respectively. Forfeitures are first used to pay any administrative expenses. Any remaining forfeitures are used to reduce future employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments with American United Life Insurance Company (AUL), the custodian of the Plan, are stated at fair value. AUL believes contract value is an appropriate determination of fair value.

Payment of Benefits - Benefits are recorded when paid.

Other Costs - Certain administrative fees are paid by the Plan and are included as deductions from net assets.

Date of Management Review - Subsequent events were evaluated through June 9, 2017, which is the date the financial statements were available to be issued.

NOTE C - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is funded with a group annuity contract (the Contract) issued by AUL. The Contract offers a fixed interest investment option (the Fixed Option) through AUL's general account and a number of variable investment options through an AUL separate account. Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general account investment policy. All financial information related to the Contract's Fixed Option is reported to a Plan participant at contract value (principal invested plus interest earned). AUL believes contract value is an appropriate determination of fair value.

The contract with AUL provides certain variable investment options as described above. A participant may self direct contributions to any of the separate mutual funds investments listed in the next page.

In addition to the investment options described, a participant may self direct contributions to the Fixed Option which uses the AUL Fixed Income Fund. There are no reserves against the contract value for credit risk of the contract issuer.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. At December 31, 2016 and 2015, all of the Plan's investments are considered Level 1 or Level 2.

NOTE E- CONTINUED

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The guaranteed investment contract with an insurance company is a fixed interest investment option (the Fixed Option) consisting entirely of Level 2 inputs with the observable inputs for the portion of the contract held in the AUL separate account being the accumulation units in the investment account, and for the portion of the contract held in the Fixed Option, the inputs being the amounts contributed or transferred to the Fixed Option less any withdrawals or transfers out, plus all accrued interest.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements Using	
	Fair Value	Level 1	Level 2
December 31, 2016			
Registered investments	$ 4,418,104	$ 4,418,104	$ -
Investment contract with insurance company	3,939,027	-	3,939,027
Total	$ 8,357,131	$ 4,418,104	$ 3,939,027
December 31, 2015			
Registered investments	$ 5,784,899	$ 5,784,899	$ -
Investment contract with insurance company	3,050,733	-	3,050,733
Total	$ 8,835,632	$ 5,784,899	$ 3,050,733

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTES TO FINANCIAL STATEMENTS

NOTE F - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of amounts per financial statements to the same amounts as reported on Forms 5500 as filed with the Internal Revenue Service:

	2016
Net assets available for benefits per financial statements	$ 8,487,719
Net assets available for benefits per Form 5500	$ 8,487,719
Net loss per financial statements	$ (505,371)
Net loss per Form 5500	$ (505,371)

NOTE G - DEPARTMENT OF LABOR LIMITED SCOPE AUDIT

The information provided and certified by American United Life Insurance Company, a OneAmerica Company, with regard to investment assets, investment transactions, income, other expense transactions, fund information, and the schedules of assets held for investment purposes and of reportable transactions, was relied upon by us and not included in the scope of our audit.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such manner as the Company may determine.

NOTE I - TAX STATUS

The Internal Revenue Service has determined and informed AUL that the Defined Contribution Prototype Plan and Trust is designed in accordance with the applicable section of the Internal Revenue Code. The Plan and the AUL Defined Contribution Prototype Plan and Trust were amended in 2009 and again in 2016 as required by the Pension Protection Act of 2006, as well as other legislation. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE I - CONTINUED

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various registered mutual funds. The investments are exposed to various risks such as market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by AUL or one of its affiliates. AUL is the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions. There were no administrative fees related to AUL's administration of the Plan paid by the Plan during the year ended December 31, 2016.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the North Shore Supply Company ("Company") Employees' 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of the Company, Greens Bayou Pipe Mill, LP and Bayou Processing and Storage, LP who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company adopted the American United Life Insurance Company (AUL) Defined Contribution Prototype Plan and Trust.

Contributions - Each year participants may contribute up to the maximum allowable amount of pretax annual compensation, as defined in the Plan. Effective October 1, 2016, participants may also make Roth Elective Deferrals up to the maximum amount allowed by law. Participants direct the investment of their contributions into the various investment options offered by the Plan. The Company may make a matching contribution on behalf of all participants equal to a discretionary percentage of each participant's elective deferral.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Plan earnings/losses, and (c) forfeitures of terminated participants' invested amounts, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits - On termination of service due to death, disability, retirement, or for termination of service due to other reasons, a participant receives the value of his vested interest in his or her account as a lump sum distribution, substantially equal installments, an annuity, or partial withdrawals.

Forfeited Accounts - At December 31, 2016 and 2015, forfeited nonvested accounts totaled $5,497 and $6,609, respectively. Forfeitures are first used to pay any administrative expenses. Any remaining forfeitures are used to reduce future employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments with American United Life Insurance Company (AUL), the custodian of the Plan, are stated at fair value. AUL believes contract value is an appropriate determination of fair value.

Payment of Benefits - Benefits are recorded when paid.

Other Costs - Certain administrative fees are paid by the Plan and are included as deductions from net assets.

Date of Management Review - Subsequent events were evaluated through June 9, 2017, which is the date the financial statements were available to be issued.

NOTE C - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is funded with a group annuity contract (the Contract) issued by AUL. The Contract offers a fixed interest investment option (the Fixed Option) through AUL's general account and a number of variable investment options through an AUL separate account. Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general account investment policy. All financial information related to the Contract's Fixed Option is reported to a Plan participant at contract value (principal invested plus interest earned). AUL believes contract value is an appropriate determination of fair value.

The contract with AUL provides certain variable investment options as described above. A participant may self direct contributions to any of the separate mutual funds investments listed in the next page.

In addition to the investment options described, a participant may self direct contributions to the Fixed Option which uses the AUL Fixed Income Fund. There are no reserves against the contract value for credit risk of the contract issuer.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. At December 31, 2016 and 2015, all of the Plan's investments are considered Level 1 or Level 2.

NOTE E- CONTINUED

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The guaranteed investment contract with an insurance company is a fixed interest investment option (the Fixed Option) consisting entirely of Level 2 inputs with the observable inputs for the portion of the contract held in the AUL separate account being the accumulation units in the investment account, and for the portion of the contract held in the Fixed Option, the inputs being the amounts contributed or transferred to the Fixed Option less any withdrawals or transfers out, plus all accrued interest.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements Using	
	Fair Value	Level 1	Level 2
December 31, 2016			
Registered investments	$ 4,418,104	$ 4,418,104	$ -
Investment contract with insurance company	3,939,027	-	3,939,027
Total	$ 8,357,131	$ 4,418,104	$ 3,939,027
December 31, 2015			
Registered investments	$ 5,784,899	$ 5,784,899	$ -
Investment contract with insurance company	3,050,733	-	3,050,733
Total	$ 8,835,632	$ 5,784,899	$ 3,050,733

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such manner as the Company may determine.

NOTE I - TAX STATUS

The Internal Revenue Service has determined and informed AUL that the Defined Contribution Prototype Plan and Trust is designed in accordance with the applicable section of the Internal Revenue Code. The Plan and the AUL Defined Contribution Prototype Plan and Trust were amended in 2009 and again in 2016 as required by the Pension Protection Act of 2006, as well as other legislation. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE I - CONTINUED

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various registered mutual funds. The investments are exposed to various risks such as market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by AUL or one of its affiliates. AUL is the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions. There were no administrative fees related to AUL's administration of the Plan paid by the Plan during the year ended December 31, 2016.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the North Shore Supply Company ("Company") Employees' 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of the Company, Greens Bayou Pipe Mill, LP and Bayou Processing and Storage, LP who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company adopted the American United Life Insurance Company (AUL) Defined Contribution Prototype Plan and Trust.

Contributions - Each year participants may contribute up to the maximum allowable amount of pretax annual compensation, as defined in the Plan. Effective October 1, 2016, participants may also make Roth Elective Deferrals up to the maximum amount allowed by law. Participants direct the investment of their contributions into the various investment options offered by the Plan. The Company may make a matching contribution on behalf of all participants equal to a discretionary percentage of each participant's elective deferral.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Plan earnings/losses, and (c) forfeitures of terminated participants' invested amounts, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits - On termination of service due to death, disability, retirement, or for termination of service due to other reasons, a participant receives the value of his vested interest in his or her account as a lump sum distribution, substantially equal installments, an annuity, or partial withdrawals.

Forfeited Accounts - At December 31, 2016 and 2015, forfeited nonvested accounts totaled $5,497 and $6,609, respectively. Forfeitures are first used to pay any administrative expenses. Any remaining forfeitures are used to reduce future employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments with American United Life Insurance Company (AUL), the custodian of the Plan, are stated at fair value. AUL believes contract value is an appropriate determination of fair value.

Payment of Benefits - Benefits are recorded when paid.

Other Costs - Certain administrative fees are paid by the Plan and are included as deductions from net assets.

Date of Management Review - Subsequent events were evaluated through June 9, 2017, which is the date the financial statements were available to be issued.

NOTE C - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is funded with a group annuity contract (the Contract) issued by AUL. The Contract offers a fixed interest investment option (the Fixed Option) through AUL's general account and a number of variable investment options through an AUL separate account. Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general account investment policy. All financial information related to the Contract's Fixed Option is reported to a Plan participant at contract value (principal invested plus interest earned). AUL believes contract value is an appropriate determination of fair value.

The contract with AUL provides certain variable investment options as described above. A participant may self direct contributions to any of the separate mutual funds investments listed in the next page.

In addition to the investment options described, a participant may self direct contributions to the Fixed Option which uses the AUL Fixed Income Fund. There are no reserves against the contract value for credit risk of the contract issuer.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. At December 31, 2016 and 2015, all of the Plan's investments are considered Level 1 or Level 2.

NOTE E- CONTINUED

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The guaranteed investment contract with an insurance company is a fixed interest investment option (the Fixed Option) consisting entirely of Level 2 inputs with the observable inputs for the portion of the contract held in the AUL separate account being the accumulation units in the investment account, and for the portion of the contract held in the Fixed Option, the inputs being the amounts contributed or transferred to the Fixed Option less any withdrawals or transfers out, plus all accrued interest.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements Using	
	Fair Value	Level 1	Level 2
December 31, 2016			
Registered investments	$ 4,418,104	$ 4,418,104	$ -
Investment contract with insurance company	3,939,027	-	3,939,027
Total	$ 8,357,131	$ 4,418,104	$ 3,939,027
December 31, 2015			
Registered investments	$ 5,784,899	$ 5,784,899	$ -
Investment contract with insurance company	3,050,733	-	3,050,733
Total	$ 8,835,632	$ 5,784,899	$ 3,050,733

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTES TO FINANCIAL STATEMENTS

Net loss per Form 5500	$ (505,371)

NOTE G - DEPARTMENT OF LABOR LIMITED SCOPE AUDIT

The information provided and certified by American United Life Insurance Company, a OneAmerica Company, with regard to investment assets, investment transactions, income, other expense transactions, fund information, and the schedules of assets held for investment purposes and of reportable transactions, was relied upon by us and not included in the scope of our audit.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such manner as the Company may determine.

NOTE I - TAX STATUS

The Internal Revenue Service has determined and informed AUL that the Defined Contribution Prototype Plan and Trust is designed in accordance with the applicable section of the Internal Revenue Code. The Plan and the AUL Defined Contribution Prototype Plan and Trust were amended in 2009 and again in 2016 as required by the Pension Protection Act of 2006, as well as other legislation. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE I - CONTINUED

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various registered mutual funds. The investments are exposed to various risks such as market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by AUL or one of its affiliates. AUL is the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions. There were no administrative fees related to AUL's administration of the Plan paid by the Plan during the year ended December 31, 2016.

Plan Number **001** **Plan Year End** **12/31/2016**

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
