INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
J.A. Croson, LLC 401(k) Profit Sharing Plan
Sorrento, Florida

Report on Financial Statements

We were engaged to audit the accompanying financial statements of J.A. Croson, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the Trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental information. We have been informed by the Plan Administrator that the Trustees holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustees as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the trustees is complete and accurate.

PrimeGlobal

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As disclosed in Note B to the financial statements, the Plan adopted new accounting pronouncements in the current year. The adoption of the pronouncements had no effect on the total net assets available for benefits as of December 31, 2015 or 2016.

Other Matter

The supplemental schedules listed in the table of contents, identified as "supplemental information", as of or for the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the J.A. Croson, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is classified as a defined-contribution plan, covering employees of J.A. Croson, LLC (the "Company") who have completed one year of service, and who are age 18 or older. Eligible employees may enter the Plan on the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or following the date on which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan and subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various collective trust funds, mutual funds and an insurance company general account as investment options for participants. The Company at its discretion may elect to make employer matching and/or profit-sharing contributions to the plan. Contributions are subject to certain limitations. For the year ended December 31, 2016, the Company did not make a contribution to the Plan.

3. Participant accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) Plan earnings (losses) and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Upon the death, permanent disability, or retirement of participants, their entire account balances become fully vested. Otherwise, beginning July 7, 2016 vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service (defined as 1,000 hours during a Plan year). A participant becomes 100% vested after three years of service. Participants whose employment began prior to July 7, 2016 will be fully vested following one year of service.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Forfeitures

If a participant terminates employment with the Company while only partially vested, the non-vested portion of their Plan account, determined as of the end of the Plan year in which the termination occurs, is forfeited. Forfeiture amounts are available to be used to pay Plan expenses for the Plan year. Any remaining forfeitures may be used to reduce employer contributions. There were $1,323 and $1,295 of unallocated forfeitures at December 31, 2016 and 2015, respectively.

6. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25% to 8.25% which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

7. Payment of benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant’s assumed life expectancy based on the Plan requirements.

8. Plan expenses

Certain administrative expenses are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan’s financial statements are prepared under the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2016 and 2015, contract value approximated fair value for fully benefit responsive contracts and, therefore, no adjustment was required on the statements of net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Investments, valuation, and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See fair value measurements disclosure.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

4. Benefit payments

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The following represents notes receivable from participants as of December 31:

	2016	2015
Notes receivable from participants	$ 15,904	$ 15,565
Allowance for notes	(7,836)	(6,798)
Net notes receivable	$ 8,068	$ 8,767

If a participant does not make loan repayments, the plan administrator considers the participant loan to be in default and is deemed distributed. Upon the occurrence of this distributable event, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

6. Changes in accounting policy

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07, *Disclosures for Investments* in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent), (ASU 2015-07). ASU 2015-07 eliminates the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurements*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Plan management has elected to adopt ASU 2015-07 early and these financial statements have been adjusted to reflect the adoption. Investments affected by this guidance have been segregated from investments valued within the fair value hierarchy on the statements of net assets available for benefits, however the value of net assets has not been effected. The disclosures to the financial statements related to these investments are also segregated to be consistent with the statements of net assets available for benefits.

In July 2015, the FASB issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting (Topics 960, 962 and 965)*, which includes updates to certain accounting and disclosure requirements for employee benefit plans. This update is divided into three separate parts, each of which can be implemented independently. The ASU is effective for fiscal years beginning after December 31, 2015. However, early adoption of the ASU is permitted. Part II of this guidance was adopted in the prior year and part III of the guidance is not applicable to the Plan. Part I of ASU 2015-12, which was adopted in 2016, eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts.

NOTE C - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE D - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and an insurance contract managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West"). Great-West is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to $4,826 for the year ended December 31, 2016. In addition, Plan participants also pay daily fees through the mutual funds and insurance contracts for investment management fees. It is impracticable to estimate the fees directly paid by the participants of the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE E - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

Great-West (the "Trustee") holds the Plan's investments and executes investment transactions. The following is a summary of the Plan's financial information that is included in the financial statements, and the accompanying notes based on information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Trustee certified the investment values of $1,736,089 and $1,774,950 at December 31, 2016 and 2015, as well as net investment income of $92,876 for the year ended December 31, 2016. The notes receivable from participants and related interest income are also certified by the Trustee.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual accounts.

NOTE G - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE G - INCOME TAX STATUS (continued)

The Plan adheres to the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 740, *Income Taxes* (ASC 740), which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions ("UTP"). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2016 and 2015, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ('NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valuation of investments held within pooled separate accounts is based on the NAV reported by the account which represents quoted market prices of underlying assets in the funds less any liabilities divided by the number of units outstanding.

Collective Trust Funds: The fair value of collective trust funds is determined using the NAV which is based on the market value of the underlying assets less its liabilities. The NAV is used as a practical expedient to estimate fair value and is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy and identifies those using NAV as the practical expedient, the plan's assets at fair value as of December 31:

2016	Level 1	NAV	Total
Assets:			
Mutual funds	$ 168,017	$ -	$ 168,017
Collective trust funds	-	1,504,182	1,504,182
Total investment assets at fair value	$ 168,017	$ 1,504,182	$ 1,672,199

2015	Level 1	NAV	Total
Assets:			
Pooled separate accounts	$ -	$ 1,582,286	$ 1,582,286
Total investment assets at fair value	$ -	$ 1,582,286	$ 1,582,286

Fair value of investments in entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016 and 2015, respectively:

2016	Fair Value	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Notice Period
Collective trust funds	$ 1,504,182	$ -	daily	n/a

2015	Fair Value	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 1,582,286	$ -	daily	n/a

NOTE I - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive investment contract with Great West Life & Annuity Insurance Company ("Great-West"). Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

NOTE I - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Plan participants may withdraw assets from the investment without restrictions. Certain events may limit the ability of the Plan to transact at contract value with the issuer. However, the Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The insurance company investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract approximates contract value. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500, SCHEDULE H

Classification of Assets

The attached financial statements report notes receivable from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. This represents a classification difference only.

In addition, certain assets are classified as collective trust funds on the statement of net assets available for benefits; however, these assets are classified as registered investment company investments for 5500 reporting.

Corrective distributions

Corrective distributions are deducted from participant contributions on the financial statements while they are listed as a separate expense of the plan on the Form 5500. This represents a classification difference between Form 5500 and the reported amounts per the financial statements.

The following is a reconciliation of participant contributions per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2016:

Total participant's contributions per financial statements	$	102,652
Current year corrective distributions		5,977
Total participant's contributions per Schedule H, Form 5500	$	108,629

NOTE K - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through July 25, 2017, the date the financial statements were available to be issued, and has determined that no material events occurred that would require disclosure.
