A.M. CABINETS, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan

The following description of the A.M. Cabinets, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. A.M. Cabinets, Inc. (the "Company") is the Plan Sponsor. The Plan became effective November 1, 1998 and was designed to encourage employees to save for retirement and stay with the Company until their retirement. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established for the benefit of all full-time employees of the Company who have completed 90 days of service and are age twenty-one or older. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar State tax laws. The A.M. Cabinets Plan Committee (the "Committee") is responsible for the general administration of the Plan. Great-West Life & Annuity Insurance Company serves as the record-keeper and the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility:

Substantially all full-time employees who are twenty-one or older of the Company are eligible to participate in the Plan. Employees are eligible to participate in the Plan after having completed 1,000 hours of service.

Contributions:

Each year, participants may contribute pretax annual compensation, not to exceed elective deferral limits imposed by the Internal Revenue Service (IRS), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional $5,500 in catch-up contributions. Eligible employees may elect to contribute up to fifteen percent of their compensation to the Plan. The Company elected to make a discretionary 15% and 10% matching contribution for the years ended December 31, 2016 and 2015, respectively. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations, as defined in the Plan.

Participant Accounts:

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contributions and the Company's matching contribution. Plan earnings are allocated based on participant account balances, as defined.

NOTE 1 - Description of Plan (Cont.)

Vesting:

Participants are immediately vested in their salary deferral contributions as well as the Company's non-elective safe harbor contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on vesting years of service. To earn a year of service, you must be credited with at least 1,000 hours of service during a 12-month period beginning on your first day of employment and any anniversary of your date of hire. Company's discretionary contributions plus applicable earnings thereon is based on years of service as follows:

Vesting Service	Percentage Vested
Less than 1 Years	0%
1 Years	20%
2 Years	40%
3 Years	60%
4 Years	80%
5 Years or more	100%

Investment Options:

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Great-West website or using the automated telephone system offered by the trustee.

Forfeited Accounts:

Participants' accounts are forfeited if the employer contribution portion has not fully vested at the time of withdrawal. These amounts will be utilized to reduce employer contributions. As of December 31, 2016 and 2015, there was a forfeiture balance of $2,103 and $0, respectively, to reduce plan fees or future employer contributions.

Notes Receivable from Participants:

Participants with a vested account balance of at least $2,000 may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of 50% of their vested account balance, or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate of one percent over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. Loan terms are specified for each loan and could range from one year to five years or up to ten years for the purchase of a primary residence. Principal and interest are paid ratably through weekly payroll deductions.

NOTE 1 - Description of Plan (Cont.)

Administrative Expenses:

Substantially all administrative expenses are paid directly by the Company.

NOTE 2 - Summary of Accounting Policies

Basis of Accounting:

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Contributions by the participants are recognized in the period in which the participants' wages are earned; withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the Plan trustee. Plan expenses are recorded when incurred.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted of the United States of America requires management to make estimates and assumptions that affect the reported amounts of nets assets available for benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits:

Benefit payments to participants are recorded upon distribution.

NOTE 2 - Summary of Accounting Policies (Cont.)

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Excess Contributions Payable to Participants:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants subsequent to December 31, 2016 and 2015. As of December 31, 2016 and 2015, there are $18,023 and $13,044 in excess contributions payable to participants.

NOTE 3 - Investment Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

NOTE 3 - Investment Information Certified by the Trustee (Cont.)

The following information presents the fair value of the participant-directed investments in the Plan included in the accompanying financial statements and supplemental schedules, which was certified by the trustee:

For the years ended December 31, 2016 and 2015, the trustee also certified the completeness and accuracy of $117,818 of net appreciation and $(27,945) of net depreciation in fair value of investments, respectively. The amount of interest and dividend income related to the aforementioned Plan assets for the years ended December 31, 2016 and 2015 was $2,254 and $1,949, respectively.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) appreciated (depreciated) as follows:

	December 31,	
	2016	2015
Annuities	$ 117,818	$ (27,945)

NOTE 4 – Fair Value Measurements

FASB Accounting Standards Codification Topic No. 820, Fair Value Measurements and Disclosures ("FASB ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – Fair Value Measurements (Cont.)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

- Annuities: Annuities are valued daily at the calculated price determined by the annuity provider according to the methods described in the annuity contract. Annuities held by the Plan are open-end annuities that are registered with the Securities and Exchange Commission. These funds are required to publish their daily accounting unit value in a manner similar to a mutual fund net asset value (NAV) calculation and to transact at that price. The annuities held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's asset at fair value:

	December 31, 2016 Assets at Fair Value as of			
	Level 1	Level 2	Level 3	Total
Investments, at Fair Value:				
Annuities:				
Variable Annuities	$ ---	$ 1,761,360	$ ---	$ 1,761,360
Fixed Annuities	---	17,152	---	17,152
Total Annuities	$ ---	$ 1,778,512	$ ---	$ 1,778,512

NOTE 4 – Fair Value Measurements (Cont.)

	December 31, 2015 Assets at Fair Value as of			
	Level 1	Level 2	Level 3	Total
Investments, at Fair Value:				
Annuities:				
Variable Annuities	$ ---	$ 1,528,396	$ ---	$ 1,528,396
Fixed Annuities	---	7,032	---	7,032
Total Annuities	$ ---	$ 1,535,428	$ ---	$ 1,535,428

NOTE 5 - Federal Income Taxes

The Plan, an adoption of a protype plan, has filed for a letter of determination from the Internal Revenue Service regarding the Plan's qualification under Section 401(a) and the related trust's tax-exempt status under the provisions of Section 501(a) of the Code. The Administration Committee believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. The Administrative Committee will make any changes deemed necessary to ensure that the Plan is granted tax-exempt status.

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and therefore, the related trust is tax exempt.

NOTE 6 - Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there is no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 - Related Party and Party-in-Interest Transactions

Certain plan investments were shares of mutual funds managed by Great West Life & Annuity Insurance Company. Great-West is the trustee as defined by the Plan, and, therefore, these transactions qualified as party-in-interest transactions permitted by the DOL Rules and Regulations. The Plan Sponsor and Plan Administrator are also a party-in-interest with respect to the Plan. Notes from participants and the related interest income are also considered related party transactions.

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the Company, by action of its Plan Administration, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination would receive distributions of their account balances. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 9 - Risk and Uncertainties

The Plan provides for various investment options in funds which participants can invest in a combination of equity variable income securities and other investments. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

These late remittances totaling $7,183 and the related earnings restitution of $12 were fully corrected and deposited to the Plan during August 2015. There were no delinquent participant contributions for the year ending December 31, 2016 and 2015.

NOTE 12 - Subsequent Events
