ALL3MEDIA USA, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

1. DESCRIPTION OF PLAN

The following description of the All3Media USA, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Lion Television and Optomen Productions, Inc. (collectively the "Company") who have completed three months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2016, the Plan was amended to include all full-time employees of All3Media America, Inc. who have completed three months of service and are age eighteen or older.

B. Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective January 1, 2013, the Company contributes 100 percent of the first 3 percent and 50 percent up to the next 2 percent of base compensation that a participant contributes to the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) the Plan's earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2016, employer contributions are fully vested after 3 years of service.

F. Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

G. Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $386 and $0, respectively. The balance in this account is from participant withdrawals not fully vested. This account can be used to reduce future Company contributions or pay certain administrative expenses on behalf of the Plan. In 2016, $649 was used to pay administrative expenses of the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Recent Accounting Pronouncements

In July 2015 the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year end. The amendments are effective for fiscal years beginning after December 31, 2015. Earlier adoption is permitted.

The Plan elected to adopt ASU 2015-12 as of and for the year ended December 31, 2015.

2. SUMMARY OF ACCOUNTING POLICIES, CONTINUED

In May 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), Fair Value Measurement (Topic 820). ASU 2015-07 eliminates the requirement to categorize investments within the fair value hierarchy for which fair values are measured using the net asset value per share as a practical expedient. A reconciliation of fair value of the assets that are categorized within the fair value hierarchy table to amounts presented in the statement of net assets available for benefits. Subsequent to this, in June 2015, the FASB issued Accounting Standards Update No. 2015-10 ("ASU 2015-10"), Technical Corrections and Improvements changing the definition of readily determinable fair value to include investments in a structure similar to a mutual fund. Any investment that meets the revised criteria should be presented in the fair value table. Management has evaluted the nature of the investments in the Plan and has determined that the pooled separate accounts meet the new criteria and therefore have a readily determinable fair value.

The Plan elected to adopt ASU 2015-07 and ASU 2015-10 as of and for the year ended December 31, 2015.

Subsequent Events

The Plan has evaluated subsequent events through August 31, 2017, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS, CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts are valued based upon the unit values of such pooled trust funds held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs from or corroborated by observable market data, by correlation or other means, although are not based upon quoted market prices in an active market. Due to the nature of these securities, there are no unfunded commitments or redemption restrictions. The underlying investments of the pooled separate accounts consist solely of mutual funds.

The collective trust fund is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Transamerica common collective trust fund's objective is to protect against any loss of principal while generally providing returns in excess of money market funds and one-year treasury bills. Returns are derived from income earned less expenses. Individual investment contracts are held within the portfolio and represent credit obligations of the issuer, units of the portfolio are not guaranteed by the Trustee, the Company, or any federal or state agency. The portfolio includes contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*

Investments measured at net asset value (a)	-	-	-	81,265
Investments at fair value	$ -	$ 3,138,254	$ -	$ 3,219,519

3. FAIR VALUE MEASUREMENTS, CONTINUED

(a) Certain investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy, but are included to reconcile the fair value table to the investment line presented in the Statement of Net Assets Available for Benefits as of December 31, 2016 and 2015.

Fair Value of Investments in Entities that Use NAV

The following table summaries investments measured at fair value based on NAV per share as of December 31, 2016 and 2015, respectively:

December 31, 2016

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund, Transamerica Stable Value Fund	$ 268,358	N/A	Daily	30 days

December 31, 2015

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund, Transamerica Stable Value Fund	$ 81,265	N/A	Daily	30 days

4. INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2016 and 2015. Accordingly, Transamerica, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2016 and 2015 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain of the Plan's investments are managed by the trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Plan is a non-standardized prototype plan sponsored by ERP Actuaries & Consultants ("ERP"). ERP has received an opinion letter dated March 31, 2014, indicating that the Plan is acceptable under IRC Section 401 for use by employers for benefit of their employees. Although the Plan has been amended since receiving the determiation letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. ADMINISTRATION OF PLAN ASSETS

The Plan's assets were administered under a contract with Transamerica Life Insurance Company, the trustee of the Plan. The trustees invest funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

For the year ended December 31, 2015, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $59,581, was corrected by management through the DOL's self correction program in 2016. Additionally, the Company compensated participants for lost earnings resulting from the delay in contributions.
