Independent Auditor's Report

The Plan Administrator
Yellowhouse Machinery Company 401(k) Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Yellowhouse Machinery Company 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules
The Supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Yellowhouse Machinery Company 401(k) Plan

Notes to Financial Statements

December 31, 2016 and 2015

(1) Description of the Plan

General

The following description of the Yellowhouse Machinery Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of Yellowhouse Machinery Company (the Employer) who are age 21 or older and have completed one year of service. The employee can elect to begin participation on the first day of the quarter after the requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants may contribute up to the maximum amount allowed by law. Tax deferred and Roth deferrals are accepted. Participants who have obtained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers, provided the rollover will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Plan sponsor. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants.

Unless alternate elections are made, eligible employees are automatically enrolled in the plan with a contribution equal to 8% of their eligible compensation.

Employer Contributions

The Employer has elected to make a matching contribution at the rate of fifty percent of the first eight percent of base compensation that a participant contributes to the Plan, excluding catch-up contributions. The matching rate can be changed at the discretion of the Employer subject to certain limitations.

Additional discretionary profit sharing amounts may be contributed at the option of the employer and would be invested in the portfolio of the employee as directed by the individual participants.

The participants direct the investment of the Employer contributions. Contributions are subject to certain limitations.

Continued

(1) Description of the Plan, Continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (1) the Employer's contributions and (2) the Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Generally, participants direct investment of their accounts into investment fund sub-accounts that then invest in an underlying mutual fund. Investment elections may be made in as little as 1% increments among the available sub-accounts. Participants may choose to invest their contributions based on a particular model provided by the Plan's custodian.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate, as defined in the Plan document, at the date of the loan plus one percent. Interest rates ranged from 4.25% to 4.50% at December 31, 2016. Principal and interest is paid ratably through payroll deductions in accordance with terms up to five years, except that home mortgage loans can be for a longer term of up to fifteen years. The Plan provides for level amortization with payment to be made not less frequently than quarterly.

Vesting

Participants are immediately vested in their contributions to the Plan plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous services. A participant is 100% vested after six years of credited service.

Forfeited Accounts

At December 31, 2016 and 2015, unused forfeited non-vested accounts totaled $1,317 and $6,933, respectively. These accounts can be used to reduce future employer matching contributions to the extent attributable to matching contributions and to reduce future employer non-elective contributions to the extent attributable to employer non-elective contributions. Employer contributions during 2016 and 2015 were reduced by $36,572 and $41,098, respectively, by the use of accumulated, forfeited non-vested amounts.

(1) Description of the Plan, Continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant who is still employed but is required to receive lifetime required minimum distributions (RMDs) may receive installments payable in monthly, quarterly or annual installments equal to or exceeding the annual RMD amount. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Tax Status

Effective January 1, 2016, the Plan adopted a revised volume submitter prototype profit sharing plan issued by Verisight, Inc. The Internal Revenue Service has determined and informed Verisight by a letter dated March 31, 2014, that the prototype plan was designed in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan's management believes the terms of the plan have been followed in operation.

The Plan is required to file an annual information return with the Internal Revenue Service. Accordingly, the Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to tax examinations for years prior to 2013.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Continued

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value, as determined by the custodian based on the mutual fund shares held by its sub-accounts for the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies. See Note 4 for explanation of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are valued daily as related stock exchanges are open for business (daily valuation).

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are withheld from the proceeds of the borrowing participant's loan. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. All participant loans must be adequately secured. As such, the participant's vested account balance shall generally be used as security for a participant loan provided the outstanding balance of all participant loans made to such participant does not exceed 50% of the participant's vested account balance as per the provisions of the Plan's Participant Loan Program document. If a participant terminates employment or does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid to participants.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Use of Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Continued

(2) Summary of Significant Accounting Policies, Continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Management's evaluation of the impact of all subsequent events on the financial statements was completed through September 29, 2017, the date the financial statements were available for issuance.

(3) Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

	2016	2015
Participant-directed investments at fair value:		
Pooled separate accounts	$ 11,011,488	9,965,903
Notes receivable from participants	460,866	378,769
Cash	1,317	6,933
Net appreciation (depreciation) in fair value of investments	672,535	(158,175)
Interest on notes receivable from participants	17,604	15,446

(4) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Continued

(4) **Fair Value Measurements, Continued**

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses the appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 and Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of the pooled separate accounts is based on the current market value of the underlying assets (mutual fund shares) of the respective sub-accounts.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Fair Value (Level 1)
December 31, 2016	
Pooled separate accounts	$ 11,011,488
December 31, 2015	
Pooled separate accounts	$ 9,965,903

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2016 are reported in net appreciation in fair value of investments.

(5) **Related Party Transactions**

Certain Plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to John Hancock by the Plan totaled $6,135 for the year ended December 31, 2016. Included in net appreciation in fair value of investments are price credits of $13,728 earned by the Plan from John Hancock through revenue sharing provision in the contract between the Plan and John Hancock.

Continued

(6) **Change in Accounting Principle due to Complying with New Accounting Standard**

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has adopted Part II. Accordingly, although the amendment was retrospectively applied, there was no effect on any prior period information included in these financial statements. Part I and Part III are not applicable to this Plan.
