Independent Auditor's Report

To the Administrator of
DS Services of America, Inc. Retirement Services Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the DS Services of America, Inc. Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Trust Company LLC, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of Plan

The following description of DS Services of America, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution profit sharing Plan, established March 1, 2000, covering substantially all employees of DS Services of America, Inc. (previously DS Waters of America, Inc. and DS Waters of America, LP) (the Plan Sponsor or the Company) with the exception of labor union employees covered by a collective bargaining agreement unless the collective bargaining agreement provides for participation in the Plan, nonresident aliens, leased employees, and independent contractors. There is no age requirement to participate in the Plan. Full-time and part-time employees are permitted to enter the Plan on the first day of the first month following the completion of two months of employment; however, participants are not eligible to receive a discretionary profit sharing contribution until the completion of one year (1,000 hours of service) with the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 1, 2014, the name of the Plan changed from the DS Waters of America, Inc. Retirement Savings Plan to the DS Services of America, Inc. Retirement Savings Plan. On December 12, 2014, DSS Group, Inc., the parent company to DS Services Holdings (the parent company of the Plan Sponsor), completed a merger with Cott Corporation, a Canadian Corporation.

During December 2015, the Plan changed Trustees from Principal Trust Company (Principal) to John Hancock Trust Company LLC (John Hancock) and began contributing participant and plan sponsor funds to John Hancock. On December 31, 2015, the Plan liquidated its investments at Principal into a non-interest bearing cash account for the purpose of completing the transfer of Trustee which took place in 2016.

(b) Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pretax contributions to the Plan between 1% and 25% of their annual compensation subject to limitations under the IRC. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions up to $6,000. Aggregate limits as prescribed by the Internal Revenue Service (IRS) were $18,000 for participants under the age of fifty and $24,000 for participants age fifty and older in 2016.

The Plan Sponsor provides a non-discretionary employer match equal to 50% of each participant's pretax contributions up to 6% of the participant's compensation. The Plan Sponsor's matching contributions totaled $4,090,557 in 2016.

(1) Description of Plan - Continued

(b) Contributions - Continued

In addition to the above contributions, the Plan Sponsor may make additional qualified non-elective contributions to non-highly compensated employees or discretionary qualified matching contributions to all eligible participants. An eligible participant is either employed on the last day of the Plan year or terminated during the Plan year due to death, disability, or retirement. Such additional contributions are subject to limitations under the IRC. The Plan Sponsor made no non-elective or discretionary contributions for 2016.

At the discretion of the Plan administrator, employees of the Plan Sponsor may deposit rollover contributions from another qualified plan. Rollover contributions may be made even though an employee is not eligible to participate in the Plan and are placed in a separate account subject to the rules for investment established by the Plan administrator.

(c) Administration

The Plan Sponsor serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The Plan administrator engaged John Hancock (the Trustee) as Trustee and third-party administrator to assist in the administration of the Plan.

As Trustee, John Hancock is responsible for the administration of investments for the benefit of the participants and their beneficiaries. The Trustees receive all contributions made under the Plan, hold Plan assets, pay benefits as directed by the Plan administrator and assist in the administration of the Plan. The Trustees serve as the intermediary for all asset purchases and redemptions and manage certain plan investment options (see Notes 3 and 8).

(d) Participant Accounts

Each participant account is credited with pretax and rollover contributions made by the participant, Plan Sponsor contributions, and Plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the Plan Document.

(1) Description of Plan - Continued

(e) Vesting

Participant vesting in non-discretionary employer match contributions and discretionary profit sharing contributions and income earned thereon is based on years of continuous service during which an employee is credited with at least 1,000 hours of service. All participants become 100% vested after five years of service. The vesting percentages are as follows:

Years of Service	Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the normal retirement age of sixty-five, or upon disability or death while an employee of the Plan Sponsor.

Any portion of a participant's account balance attributable to pretax, rollover, safe harbor match, qualified non-elective and discretionary qualified matching contributions is 100% vested at the time of contribution and is not subject to forfeiture.

(f) Investment Options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by John Hancock.

(g) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Generally, participants are limited to one outstanding note at a time, secured by the participant's account balance and payable in level periodic payroll deductions over a period not to exceed five years. Notes receivable from participants used for financing the purchase of a participant's principal residence may be repaid over a period not to exceed ten years. The interest rate on notes receivable from participants is determined by the Plan administrator based on prevailing rates at the time of the note. Interest rates on notes receivable from participants range from 4.25% to 9.25% as of December 31, 2016. Principal and interest are paid ratably through payroll deductions.

(1) Description of Plan - Continued

(h) Payments of Benefits and Withdrawals

In general, a participant may withdraw up to 100% of their vested account balance, excluding certain Plan Sponsor contributions, in the event of a participant's financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

In general, in-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching the early retirement age of fifty-nine and one-half. Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or an annuity option, as defined in the Plan Document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account, through a lump sum distribution or through a single sum distribution of a portion of the account balance. The Plan may, upon termination of service of a participant for any reason, automatically distribute the benefits owed if no alternative election has been made and the account balance is $1,000 or less, as defined in the Plan Document. If no alternative election has been made and the benefits owed are more than $1,000 but less than $5,000, the Plan may automatically transfer the funds into an individual retirement account (IRA) established on the participant's behalf.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or IRA.

(i) Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or after five consecutive breaks in service, subject to reinstatement before the end of five consecutive breaks in service, as defined in the Plan Document. Forfeitures of terminated employees' non-vested accounts will be used to offset administrative expenses and to reduce Plan Sponsor contributions, as defined in the Plan Document. Forfeitures used to reduce administrative expenses and Plan Sponsor contributions totaled approximately $230,000 in 2016. There was no outstanding forfeiture balance as of December 31, 2016 and 2015.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Common/collective trusts held by a defined contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for fully benefit-responsive common/collective trusts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the common/collective trusts as well as the adjustment of the fully benefit-responsive common/collective trusts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

(b) Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Expenses

Administrative expenses of the Plan are primarily paid by the Plan Sponsor. These expenses include, but are not limited to, legal, and certain other recordkeeping fees. However, transaction fees for a participant note receivable are paid from the borrowing participant's account and investment expenses are paid by the Plan. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account, as defined in the Plan Document.

(d) Payment of Benefits

Benefit payments are recorded when paid by the Plan.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

(2) Summary of Accounting Policies - Continued

(f) Risks and Uncertainties

The Plan's invested assets are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits. As of December 31, 2015, the Plan's investments held by Principal were liquidated and transferred to a non-interest bearing cash account.

(g) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The Plan's management adopted ASU 2015-07 during 2016. Accordingly, the standard was retrospectively applied.

(2) Summary of Accounting Policies - Continued

(g) New Accounting Pronouncements - Continued

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of the investments of the plan. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The adoption and retroactive application of Part I and II of this new standard had no effect on the previously reported net assets available for benefits on the Statement of Net Assets Available for Benefits at December 31, 2015. Additionally, these Notes to Financial Statements have been retrospectively adjusted to reflect the simplifications permitted by ASU 2015-12.

(3) Information Certified by Trustees (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the Plan's Trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2016 and 2015;
- Total investment income and related investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016;
- The Schedule of Assets (Held at End of Year) as of December 31, 2016 included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(4) Fair Value Measurements

ASC 820 provides a common definition of fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs to the valuation methodology include:

a) quoted prices for similar assets or liabilities in active markets;

b) quoted prices for identical or similar assets or liabilities in inactive markets;

c) inputs other than quoted prices that are observable for the asset or liability;

d) inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments in Mutual Funds are valued at quoted market prices as provided by the Trustee.

Common/Collective Trust Funds are valued by the issuer of the common/collective trust funds based on the value of each of the underlying investments, less any applicable fees. The underlying investments are valued by the issuer using quoted market prices on active exchanges or, if unavailable, primarily using quoted market prices from independent pricing services and broker dealers.

Stable Value Fund value based on the fair value using the Net Asset Value (NAV) practical expedient as determined by the issuer based on the current fair values of the underlying assets of the fund (see Note 5 to Financial Statements).

Net appreciation in fair value of mutual funds, the stable value fund, and common/collective trust funds represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(4) Fair Value Measurements - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Company changed trustees from Principal to John Hancock during 2015. The Principal funds were liquidated in December 2015 and were held in non-interest bearing cash at December 31, 2015.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
Description	**(Level 1)**	**(Level 2)**	**(Level 3)**	**Total**
Mutual funds, at fair value	$ 118,261,068	-	-	118,261,068
Common/collective trust funds	-	72,140,864.00	-	72,140,864
Total assets in the fair value hierarchy	$ 118,261,068	72,140,864	-	190,401,932
Investments measured at net asset value **(a)**				24,981,447
Investments at fair value				$ 215,383,379

	Assets at Fair Value as of December 31, 2015			
Description	**(Level 1)**	**(Level 2)**	**(Level 3)**	**Total**
Mutual funds, at fair value	$ 85,651	-	-	85,651
Investments at fair value	$ 85,651	-	-	85,651

(a) *In accordance with ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.*

(5) Stable Value Fund

Effective February 3, 2014, the Plan provided the New York Life Guaranteed Interest Account (GIA), a stable value fund managed by New York Life Trust Company (NYLTC), as an investment option to participants of the Plan. The GIA is a group annuity contract which consists of a broadly diversified fixed income portfolio within New York Life Insurance Company's (NYLIC) general account and is intended to provide a stable crediting rate consistent with preservation of principal. Interest is accrued daily and credited monthly to the GIA and reflects the crediting rate declared in advance and guaranteed by NYLIC.

The key factors that impact the crediting rate under the group annuity contract are the timing and magnitude of the cash flows in and out of the general account as well as prevailing market rates on fixed income assets available for investment by the general account. The interest crediting rate may not be reset more frequently than semi-annually after the first contract year. The crediting rate is subject to a minimum rate provision as provided in the group annuity contract, but may never fall below 1% after deduction for any expenses. Participant-initiated transactions are permitted on a daily basis.

The group annuity contract provides that, subject to certain limitations, withdrawals for benefit payments at death, retirement, disability, termination of employment, and for loans, hardship withdrawals or in-service withdrawals as permitted by the Plan are completed at contract value. Certain distributions, including but not limited to distributions resulting from employer-initiated events such as Plan termination, merger, spin-off, and early retirement incentives may be completed subject to a market value adjustment, however the Plan Administrator deems these employer-initiated events are not probable to occur.

The group annuity contract may be terminated by the contract holder at any time, provided written notice of terminations is received by NYLTC at least 30 days but not more than 60 days prior to the intended termination date. At contract termination, the Plan may elect to receive either an immediate lump sum distribution subject to a market value adjustment or receive a contract value distribution in 6 annual installments over a period of 5 years.

(6) Tax Status

The Plan received a determination letter from the IRS dated November 13, 2014, which stated that the Plan and related trust were designed in accordance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on the Form 5500 to the accompanying financial statements is as follows at December 31, 2016 and 2015:

	2016	2015
Net assets available for benefits per the financial statements	$ 224,231,125	209,915,345
Contributions receivable not reported on Form 5500	-	(420,833)
Excess contributions payable not reported on Form 5500	-	258,176
Net assets available for benefits per Schedule H, Part I of Form 5500, Line (l)	$ 224,231,125	209,752,688

A reconciliation of the net increase in the amounts appearing on the Form 5500 to the accompanying financial statements is as follows for the year ended December 31, 2016:

Increase in net assets available for benefits per the financial statements	$ 14,315,780
Adjustment to reverse prior year contributions receivable	420,833
Adjustment to reverse prior year excess contributions payable	(258,176)
Net increase per Schedule H, Part II of Form 5500, Line (k)	$ 14,478,437

(8) Exempt Party-in-Interest Transactions

John Hancock and their affiliates perform services for, sell products to and manage and maintain certain investments for the Plan for which fees are charged to the Plan. While the Plan pays most of the fees, a portion is paid by the Plan Sponsor. Party-in-interest transactions also include notes receivable made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(9) Excess Contributions Payable

As of December 31, 2015, the Plan was not in compliance with non-discrimination provisions. As a result, excess contributions totaling $258,176 were payable to certain participants as of December 31, 2015; such amounts were deducted from participant contributions in the accompanying 2015 statement of changes in net assets available for benefits.

(10) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(11) Subsequent Events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 9, 2017, the date the financial statements were available to be issued.
