INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Silverado Senior Living Holdings, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Silverado Senior Living Holdings, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by John Hancock Life Insurance Company and Massachusetts Mutual Life Insurance Company, collectively the custodians of the Plan, and Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that John Hancock Life Insurance Company held the Plan's investment assets as of December 31, 2015 and executed investment transactions for the period from January 1, 2016 through October 31, 2016, and that Massachusetts Mutual Life Insurance Company and Reliance Trust Company held the Plan's investment assets as of December 31, 2016 and executed investment transactions for the period from November 1, 2016 to December 31, 2016. The plan administrator has obtained certifications from the custodians and trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodians and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2016 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2016, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Silverado Senior Living Holdings, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Silverado Senior Living Holdings, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 21 years of age are eligible to participate in the Plan after completion of 90 days of service.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 100% of eligible pre-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary matching and/or profit sharing contributions as determined annually by the Company. Participants must be employed as of the last day of the Plan year to be eligible to receive discretionary contributions. During 2016, the Company matched 10% of the participant's deferral up to the first 4% of eligible compensation. For the year ended December 31, 2016, the Company did not make any discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary matching or profit sharing contributions, if any, Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on the participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN – (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding $1,000, but not exceeding $5,000, may be immediately rolled into an Individual Retirement Account. All vested account balances not exceeding $1,000 may be immediately distributed in a lump sum payment.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and/or profit sharing contributions plus actual earnings thereon, is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions or pay Plan expenses. For the year ended December 31, 2016, Plan expenses were reduced by $1,838 from forfeited non-vested accounts. As of December 31, 2016 and 2015, the amount of available forfeitures totaled $1,032 and $5,474, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Corrective Distributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued.

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by either John Hancock Life Insurance Company (John Hancock) or Massachusetts Mutual Life Insurance Company (Mass Mutual) and Reliance Trust Company (Reliance), the custodians/trustee and record-keepers of the Plan. The Plan paid $9,794 in contract administration fees during 2016. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

5. FAIR VALUE MEASUREMENTS – (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year end. The pooled separate accounts unit prices are quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on active markets. The NAV is used as a practical expedient to estimate fair value.

Guaranteed investment contracts: As of December 31, 2015 and up until termination of the contracts in 2016, the fair value of the John Hancock guaranteed investment contracts (GIC) are determined by multiplying the contract value by a factor which take into account the remaining number of months until maturity, the composite rate being earned, the declared rate and various pre-established rates of return contractually established by the issuer. The assets are classified within level 3 of the valuation hierarchy because the contracts are not fully-benefit responsive and the asset values are not based on a quoted active market and are valued primarily based on unobservable inputs.

5. FAIR VALUE MEASUREMENTS – (Continued)

Registered investment companies: These investments are public investment vehicles valued using the net asset value provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Description	Total	Level 1	Level 2	Level 3
December 31, 2016				
Registered investment companies	$ 11,771,863	$ 11,771,863	$ -	$ -
Total assets in the fair value hierarchy	$ 11,771,863	$ 11,771,863	$ -	$ -

Description	Total	Level 1	Level 2	Level 3
December 31, 2015				
Guaranteed investment contracts	$ 157,679	$ -	$ -	$ 157,679
Total assets in the fair value hierarchy	157,679	$ -	$ -	$ 157,679
Investments measured at net asset value [(a)]	9,596,865			
Total investments at fair value	$ 9,754,544			

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. FAIR VALUE MEASUREMENTS – (Continued)

In regards to the classification of investment options offered by the Plan, there were no reclassifications between levels 1, 2 and 3 during the year ended December 31, 2016.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2016:

	John Hancock Guaranteed Investment Contracts
Balance, beginning of year	$ 157,679
Purchases	30,117
Sales and transfers	(187,304)
Forfeitures	-
Interest and dividends, net of fees	(492)
Balance, end of year	$ -

The following table represents the Plan's level 3 investment, the valuation techniques used to measure the fair value of the investment, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	*Fair Value 12/31/2015*	*Principal Valuation Method*	*Unobservable Inputs*	*Range of Significant Unobservable Inputs*	*Weighted Average*
Guaranteed Investment Contracts	$ 157,679	Discounted Cash Flow	Various Assumptions	(A)	(A)

(A) Fair value is determined primarily using an income approach. The parameters used for discounting in the calculation were estimated using the perspective of the principal market which consists of similar contracts. Additional assumptions were made regarding participant behavior and product management actions.

6. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

As of December 31, 2015, the Plan invested in investment contracts with John Hancock, the custodian of the plan, whereas John Hancock maintained the contracts in its general account. These accounts are credited with earnings on the underlying investments and charged with Plan withdrawals. The investments are reported at fair value by John Hancock. The contracts are considered non-fully benefit responsive and are included in the financial statements at fair value. The crediting interest rates are reset upon the maturity of the contracts.

As of December 31, 2016, the Plan held assets in a benefit-responsive investment contract with Mass Mutual. This contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the Mass Mutual guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer. The crediting interest rate is reset quarterly. The contracts cannot be terminated before the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer (Mass Mutual). Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. INVESTMENT CONTRACTS WITH INSURANCE COMPANY – (Continued)

The Plan's ability to receive amounts due in accordance with the Mass Mutual contract are dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be altered by future economic and regulatory developments.

In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contracts, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS AND TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock as of December 31, 2015 and for the period from January 1, 2016 through October 31, 2016, and Mass Mutual and Reliance as of December 31, 2016 and for the period from November 1, 2016 through December 31, 2016, collectively referred to as the custodians and trustee of the Plan, have certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule of assets (held at end of year) as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

	2016	2015
Investments at fair value	$ 11,771,863	$ 9,754,544
Investments at contract value	209,292	-
Notes receivable from participants	249,286	210,249
Net appreciation in fair value of investments	554,080	n/a
Interest and dividends	18,089	n/a
Interest income on notes receivable from participants	13,197	n/a

9. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS), on October 29, 2008, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has since been amended. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Company is aware of certain operational issues but will take all necessary action to maintain the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
