Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan. Their report, dated September 20, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN AND CONTRIBUTIONS

The following description of the Fry Reglet Corporation 401(k) Plan (the “Plan") is provided for general information purposes only. Fry Reglet Corporation (the "Company") is the Plan Sponsor. The Plan became effective January 1, 1997, and was designed to encourage employees to save for retirement and stay with the Company until their retirement. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of all employees of the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. John Hancock Life Insurance Company (U.S.A) serves as the record-keeper and custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All employees, except members of a collective bargaining unit and non-resident aliens, who have reached the age of 18 and completed 6 months of service are eligible for participation in the Plan.

Participant Contributions

Participants may voluntarily contribute to the Plan an amount up to 100% of eligible earnings, subject to limitations of the IRC, as defined by the Plan agreement.

Employer Contributions

Each year, the Company may make matching contributions equal to 50% of the first 6% of the participant’s base compensation. Matching contributions are determined each payroll period. All employer contributions are invested in the same manner that the participant directs his or her investments.

Investment Direction

Each participant directs the investment of all assets attributable to their respective account.

Vesting

The participant and rollover contributions are 100% vested upon entering the Plan plus actual earnings thereon. Employer matching contributions vest based on a six-year, graded vesting schedule based on years of service:

Years of Service	Vesting Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF PLAN AND CONTRIBUTIONS (Continued)

Notes Receivable from Participants

The Plan allows loans to participants up to 50% of their vested account balance, up to a maximum of $50,000. The minimum loan amount is $1,000. Loan repayments are made through payroll deductions and must generally be repaid within five years. Loans to acquire a principal residence may be repaid in excess of five years. Loans are collateralized by the vested balance in the participant's account and bear interest at a fixed rate two percentage points higher than the prime lending rate as posted in the Wall Street Journal at the time the loan is made.

Distribution of Benefits to Participants

Upon termination of employment, a participant may withdraw his or her accumulated balances in the Plan. If a participant has reached the normal retirement age, distributions may be made, at the participant's election, from any account which are 100% vested without requiring the participant to terminate employment. Only lump sum cash distributions, installments and annuities for minimum distributions are permitted. Hardship withdrawals are allowed from the participant's elective account only.

Forfeited Accounts

Forfeitures will be used to reduce future employer contributions or pay for Plan expenses, in accordance with the terms of the Plan agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") released Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient ("ASU 2015-12").*

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncement (continued)

This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The Plan early adopted ASU 2015-12 in 2015.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan are deducted from income earned on a daily basis or presented as administrative expenses in the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition
Investments in pooled separate accounts are stated at fair value as determined by John Hancock Life Insurance Company (U.S.A.), the custodian. Guaranteed interest accounts are stated at contract value plus any interest earned, which approximates fair value. The guaranteed period for the funds will commence on the day the participant's account is established and will end on the last day of the third, fifth and/or tenth reporting year, respectively, following the date the participant's account was established. Interest will accrue daily throughout the reporting year at rates which, when compounded daily, will yield the effective annual rates which apply to the participant's account. Interest will be credited on each of the following occasions: (I) one day prior to the date on which a statement is produced, and (ii) one day prior to withdrawals from a participant's account. Restrictions that apply to these accounts are that a charge applies to early withdrawals or transfers of money from this account before the guaranteed period ends if the market value of the participant's investment is earning less than its current/book rates.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The realized gain or loss on investments is included with unrealized appreciation or depreciation in the fair value of pooled separate accounts. See Note 6 for disclosures regarding fair value measurements in accordance with the guidance issued by the Accounting Standards Codification (ASC) 820.

3. INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and the Plan trustee has been informed by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination would become 100% vested and would receive distributions of their account balances. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A).

6. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

6. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Interest in pooled separate accounts	$ 4,176,220	$ -	$ -	$ 4,176,220
Total investments, at fair value	$ 4,176,220	$ -	$ -	$ 4,176,220
Guaranteed interest accounts, at contract value				$ 70,817
Total investments				$ 4,247,037

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Interest in pooled separate accounts	$ 3,441,772	$ -	$ -	$ 3,441,772
Total investments, at fair value	$ 3,441,772	$ -	$ -	$ 3,441,772
Guaranteed interest accounts, at contract value				$ 48,923
Total investments				$ 3,490,695

The Plan had $4,176,220 and $3,441,772 of investments in participation units held in pooled separate accounts through sub-accounts of John Hancock Life Insurance Company at December 31, 2016 and 2015, respectively. The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as reported by the insurance company denotes readily determinable fair value.

The valuation techniques used to measure fair value of the investments are included in Note 2.

7. EXEMPT PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the balance in the participant's account. Such transactions are also considered related party transactions. For the year ended December 31, 2016, total principal amounts of $51,970 of loans were issued to participants.

8. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants bear interest at 5.25%-5.75% and are receivable in monthly installments over a period of one to ten years. Loan balances range from $62 to $12,457 as of December 31, 2016.

9. RISK AND UNCERTAINTIES

The Plan provides for various investment options in funds which participants can invest in a combination of investment securities. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

The Plan did not identify any material subsequent events requiring adjustment to or disclosure in the accompanying financial statements.
