Note 1 – Description of Plan

General

The Team Horner 401(k) Profit Sharing Plan (the "Plan") was established on January 31, 1976, to allow eligible employees of the Team Horner Group, Inc. (the "Sponsor"), to defer a portion of their compensation to supplement retirement income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The following is a brief description of the Plan and is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available to all participants upon request.

Plan Amendments

The Plan was restated in January 1, 2016, to comply with the Pension Protection Act of 2007 ("PPA").

Plan Administration

Under the terms of the Plan, the Sponsor acts as the Plan Administrator. The Sponsor contracted with John Hancock Life Insurance Company (U.S.A.) ("John Hancock") to serve as the Custodian, John Hancock Retirement Services ("John Hancock RS") the record-keeper and Pollard & Associates as the third party administrator ("TPA") of the Plan.

Eligibility

An employee of the Sponsor is eligible for participation in the Plan immediately upon hire. The participant may enter the Plan on January 1st or July 1st following the date of hire.

Each year, a participant may defer up to 100% of compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code ("IRC"). The maximum pre-tax contribution for the year ended December 31, 2016 was $18,000. In addition, participants over 50 years of age are permitted to make additional annual catch-up contributions of $6,000 for the year ended December 31, 2016. A participant may change or resume a deferral election on January 1st, April 1st, July 1st, or October 1st and may terminate his or her election to participate at any time.

Contributions

The Plan Sponsor can make discretionary matching contributions and profit sharing contributions to each participant's account. Participants must be employed on the last day of the Plan year and have completed at least 1,000 hours of service to receive the discretionary match or profit sharing contributions. The profit sharing contributions will be allocated to participants based on compensation. There was no profit sharing contribution in 2016.

Rollovers

The Plan accepts rollover contributions from eligible retirement plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and the Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan, continued

Vesting

Participant contributions are fully-vested and non-forfeitable at all times. Participants' vesting of discretionary employer matching and non-elective contributions plus actual earnings thereon are based on years of credited services at the following rates: a year of service is a twelve (12) month consecutive period in which a participant is credited with a minimum of 1,000 hours of service.

Years of Service	Vesting Percentages
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant is 100% percent vested after six (6) years of credited service.

Investment Options

The Plan currently offers various mutual funds held in pooled separate accounts and guaranteed interest accounts as investment options through a group annuity contract. Upon enrollment in the Plan, a participant may direct employee and employer contributions any of the investment options offered by the Plan. Participants have online access to their accounts and may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow a minimum loan amount of $1,000 up to a maximum loan amount of the lesser of $50,000 or 50% of the participant's vested account balance in their contributions and discretionary employer contributions. The loan term must not exceed five (5) years, except for a home loan for which the term is determined by the Plan Administrator in a non-discriminatory manner.

The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator (which was 4.75% and 4.50% at December 31, 2016 and 2015, respectively). All loans must have a definite repayment period for the loan to be amortized on a level basis over a reasonable period of time. Principal and interest are repaid through payroll deductions. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Participants may elect to receive lump-sum or installment distributions. Participants are eligible for distribution upon termination, retirement, disability, death, or attainment of age 59½. The Plan automatically distributes participant accounts with balances less than $5,000 within twelve (12) months following termination of employment. Any vested balance under $1,000 may be distributed as soon as administratively feasible following termination of employment.

Note 1 – Description of Plan, continued

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeited Accounts

Forfeited non-vested balances are applied to reduce future employer contributions or pay Plan expenses. Accumulated non-vested forfeitures held in the Plan totaled $10,385 and $3,246 at December 31, 2016 and 2015, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimated.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Recent Accounting Pronouncements

In 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-10, *Technical Corrections and Improvements* for accounting guidance in a number of areas. Certain provisions of this guidance are effective as of the beginning of the 2016 Plan year, with early adoption permissible. Management adopted these provisions of this new standard effective as of the beginning of 2015, and the adoption did not have a material impact on the Plan's financial statements.

Note 2 – Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements, continued

In 2015, the FASB issued ASU No. 2015-12, *Plan Accounting (Topics 960, 962, and 965) – (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* This accounting guidance is a three-part standard that (1) requires the use of contract value as the only measurement for fully benefit-responsive investment contracts; (2) eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for plan benefits and the net appreciation or depreciation by general type; and (3) provides plans with a measurement-date practical expedient. The provisions of this guidance are effective as of the beginning of the 2016 Plan year and should be applied retrospectively for parts (1) and (2) and prospectively for part (3), with early adoption permissible. Management elected to early adopt the provisions of this guidance effective as of the beginning of 2015. *Part I* was not applicable to the Plan's financial statements. *Part II* was applicable to the Plan's financial statements. Accordingly, disclosures for individual investments that represent five percent or more of net assets available for plan benefits, the net appreciation or depreciation for these investments by general type in the table of net assets by asset category, as well as the categorization by class of investments in the fair value table, have been eliminated. *Part III* was not applicable to the Plan's financial statements.

Date of Management's Review

Subsequent events were evaluated through October 9, 2017, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, John Hancock, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2016 and 2015 and the schedule of assets (held at end of year) at December 31, 2016, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2016.

Note 4 – Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used as of December 31, 2016 and 2015.

Mutual Funds held in Pooled Separate Accounts: Valued at fair value established by the Custodian on the last business day of the Plan year.

Guaranteed Investment Account: Valued at fair value by the estimated market value determined by the Custodian in accordance with the contractual market value formula.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	At December 31, 2016			
	Fair Value	Level 1	Level 2	Level 3
Guaranteed income accounts	$ 176,230	$ 176,230	$ -	$ -
Pooled separate accounts	14,157,711	14,157,711	-	-
Total investments, at fair value	$ 14,333,941	$ 14,333,941	$ -	$ -

	At December 31, 2015			
	Fair Value	Level 1	Level 2	Level 3
Guaranteed income accounts	$ 150,677	$ 150,677	$ -	$ -
Pooled separate accounts	12,871,673	12,871,673	-	-
Total investments, at fair value	$ 13,022,350	$ 13,022,350	$ -	$ -

Note 5 – Related Party and Party-in-Interest Transactions

Because John Hancock qualifies as a party-in-interest, some of the investments and investment activity presented in the accompanying financial statements are considered party-in-interest transactions according to DOL guidelines. However, these transactions are exempt from the prohibited transaction rules under ERISA. Administrative fees paid by the Plan amounted to $33,528 for the year ended December 31, 2016. The Plan Sponsor directly pays any other fees related to the Plan's operations.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan as of December 31, 2016 and 2015. These loans are considered party-in-interest transactions according to the DOL guidelines. Total notes receivable from participants as of December 31, 2016 and 2015 were $185,307 and $161,671, respectively.

Note 6 – Income Tax Status

The Plan is a volume submitter profit sharing plan, sponsored by the TPA and designed in accordance with applicable sections of the IRC. The TPA received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Note 6 – Income Tax Status, continued

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities, however, there are currently no audits for any of the tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations prior to 2013.

Note 7 – Risks and Uncertainties

The Plan has investments that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in the Sponsor's discretionary contributions and their related earnings.
