INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Aim Media 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aim Media 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by The Principal Financial Group, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of (1) Form 5500 Schedule H Part IV item i– Schedule of Assets Held for Investment Purposes and (2) Form 5500 Schedule H Part IV Item a – Schedule of Delinquent Contributions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Note 1. DESCRIPTION OF PLAN

The following description of the Aim Media 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement and Plan amendments for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Aim Media Texas Operating, LLC (Employer) who have 60 days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date of the Plan is June 18, 2012. Effective November 1, 2015 Aim Media Texas Operating, LLC acquired the Indiana Company, Home News Enterprises, LLC. Home News had a qualified 401(K) Plan that was terminated effective October 31, 2015. All of the employees of Home News who became employees of Aim Media Texas Operating were allowed to rollover their Plan balances into the Aim Media 401(K) Plan with an effective entry date of November 1, 2015.

Transfer of Plan Assets. Effective July 1, 2016 the Aim Media 401(k) Plan transferred the investment, trustee, and recordkeeping services from the Principal Financial Group to Fidelity Investments. To help ensure that all applicable plan information was appropriately transferred from Principal to Fidelity Investments, participants were provided notice of a blackout period which began on 6/22/2016 and ended on 7/25/2016. During this period of time participants were unable to direct or diversify investments into their plan account, obtain a loan from the plan, or process a distribution from the plan.

As part of the transition, all assets were liquidated and transferred to Fidelity. When originally received at Fidelity, all assets were invested in the Fidelity Money Trust Retirement Money Market Portfolio. Assets remained invested in this fund until the final valuation was received from the prior recordkeeper and the trust reconciliation had been completed and approved.

Upon the Plan Administrator's approval of the trust reconciliation, each participant's existing balance and new contributions were invested in the Vanguard Retirement Age lifecycle (target date) fund based on each participant's date of birth. Each participant's balance and new contributions remained invested in the applicable fund until such time as they requested a change to one of the investment options offered by Fidelity as outlined in the investment options list.

Contributions. For the Plan year 2016, under a salary reduction agreement, participants may contribute up to $18,000 of pretax annual compensation, as defined in the Plan. Participants who attain age 50 by the end of the plan year may make additional "catch-up" contributions of up to $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Employer will match 50% of employee contributions up to 6% of the participant's compensation. Contributions are by law subject to certain limitations. Any fee or expense paid, directly or indirectly, by the Company is not considered a contribution to the Plan.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (1) the Company's contribution and, (2) Plan earnings or losses and (3) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's fully vested account.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

Forfeited Accounts. At December 31, 2016 there were $16,571 in forfeited nonvested accounts. Forfeitures are used to pay administrative expenses and to reduce future Employer contributions payable under the Plan.

Investment Options. A participant has the right to direct the Trustee with respect to the investment or re-investment of the assets comprising the participant's individual account. An updated list of investment options is provided to each participant on a regular basis.

Participant loans. Participant loans are permitted. Participants are allowed to borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at reasonable rates. The principal and interest is paid ratably over 5 years or longer for the purchase of a primary residence through regularly scheduled payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may withdraw an amount equal to the value of the participant's vested interest in his or her account in one lump-sum payment in cash.

Benefits are recorded when paid.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New Accounting Standards Implemented

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, which permits a reporting entity to measure, present and disclose fully benefit-responsive investment contracts only at contract value. ASU 2015-12 also eliminates the requirement for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation by general type. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. ASU 2015-12 also removes the requirement to disaggregate investments of employee benefit plans by nature, characteristics and risks and requires that these investments be grouped only by general type. This update is effective for the interim and fiscal periods beginning after December 15, 2015. The Plan has adopted ASU 2015-12 for the year ended December 31, 2016. The adoption of the standard did not materially impact the Plan's statements of net assets available for benefits or statement of changes in net assets available for benefits.

In May 2015, the FASB issued ASU 2015-7, which removes the requirement for reporting entities to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-7 also removes the requirement to make certain disclosures for all investments that are measured at fair value using the net asset value per share practical expedient. This update is effective for interim and fiscal periods beginning after December 15, 2016 with early adoption permitted. The Plan has elected to early adopt ASU 2015-7 for the year ended December 31, 2016. Accordingly, the amendment was retrospectively applied resulting in no material impact to the Plan's statements of net assets available for benefits or statement of changes in net assets available for benefits.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Fidelity Investments issues to plan sponsors a variety of investment options from which participants may direct the investment of their retirement funds. Most of the investment options are mutual funds for which a quoted market price is available on an active market. Their fair values are based on the closing price reported in the active market where the securities are traded. One investment option is a collective investment trust for which its net asset value is based on the market value of its underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4. NET GAIN OR LOSS ON INVESTMENTS

The net gain (loss) on investments was $(334,670) in 2015 and $272,934 in 2016. Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2015 and 2016 are reported in net appreciation in fair value of investments.

Note 5. RELATED PARTY TRANSACTIONS

Most plan investments were managed by affiliates of the Principal Financial Group and Fidelity Investments. Affiliates of the Principal Financial Group and Fidelity Investments served as the custodian of and recordkeeper for the Plan assets and, therefore, fees for these transactions qualify as party-in-interest transactions. Gallagher Benefits Services served as advisor to the plan and was paid a fee for their services. Kestra Investment Services provided investment advisory services and was paid indirect fees of $20,759 during 2016. Direct fees paid or accrued by the Plan for contract administrative services and advisory services amounted to $15,850 and $31,723 for the years ended December 31, 2015 and 2016, respectively. The CPA firm of Salinas, Allen & Schmitt, LLP conducted the audit of the Plan's financial statements for the years 2015 and 2016 for which the Plan Sponsor paid and accrued audit fees of $8,500 and $15,000 respectively. The Plan also had loans (notes receivable) outstanding to participants totaling $613,556. These transactions also qualify as party-in-interest transactions. Other parties-in-interest include the plan sponsor, Aim Media Texas Operating, LLC. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

Note 6. NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. A loan is considered to be in default if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. The Plan would then have authority to take all reasonable actions to collect the balance owed on the loan, including filing a lawsuit or foreclosing on the security for the loan. Under certain circumstances, a loan that is in default may be considered a distribution from the Plan and could be considered taxable income to the participant.

Note 7. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement is in both cases the same--to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price). The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Note 7. FAIR VALUE MEASUREMENTS (Cont'd)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used in valuing the Plan assets.

Following is a description of the valuation methodologies used for Plan assets measured at fair value.

Level 1 Fair Value Measurements

These are mutual funds for which a quoted market price is available on an active market. Their fair values are based on the closing price reported in the active market where the individual securities are traded. Mutual funds trade within industry standard settlement periods (i.e. T+3).

Unleveled Fair Value Measurement

This is a stable value collective investment trust ("CIT") for which the net asset value ("NAV") is based on contract value. Investments held by a CIT are required to be reported at fair value, however, contract value is the relevant measurement characteristic for that portion of the net assets of a CIT attributable to fully benefit-responsive investment contracts. This is because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plans. The fair value of conventional contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the Trustee, which determines valuations using methodology generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes. ASC 820 allows NAV per share to serve as a practical expedient to estimate the fair value of a CIT as long as certain requirements are met. Effective for non-public entities for fiscal years beginning after December 15, 2016, with early adoption allowed, ASU 2015-7 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. Based on representations by the managers of the funds, the Putnam Stable Value Fund meets the requirements for the NAV practical expedient. Investments using NAV per share practical expedient should be removed from the disclosure but shown in total to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. Unfunded commitments typically are found in private equity funds and therefore are not applicable to CIT's.

Note 9. INCOME TAX STATUS

The Internal Revenue Service has determined in a determination letter that the Prototype Plan described as a Volume Submitter Profit Sharing Plan with CODA submitted by the Principal Financial Group is designed in accordance with applicable sections of the Internal Revenue Code (IRC). In addition, The IRS has determined that the amended plan adopted under the prototype plan with Fidelity Management & Research Co. on 03/31/2014 is acceptable under section 401 of the IRS Code for use by employers for the benefit of their employees. The IRS letters indicate that the letters are not a ruling as to whether an employer's plan qualifies under Code section 401 (a). However, an employer that adopts these plans may rely on this letter with respect to the qualification of its plan under Code section 401 (a). The letter also states that the terms of the plan must be followed in operation to remain qualified. The plan administrator believes they have followed the terms of their Plan and it remains a qualified plan.

The Plan's form 5500 is subject to examination by the IRS for the years ending December 31, 2013 through December 31, 2016.

Note 11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 12. ERISA FIDELITY BOND REQUIREMENT

The Employee Retirement Income Security Act of 1974 requires the bonding of every fiduciary and person who handle funds. The amount of this bond is five percent of the net assets of the plan at the beginning of the year or a maximum of $500,000. The bond required for the years ended December 31, 2015 and 2016 was $471,444 and $500,000 respectively. The Plan bond in force for both of the years was $500,000.

Note 13. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 14. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, non recognized subsequent events).

The plan administrator has evaluated subsequent events through September 27, 2017 the date the financial statements were available to be issued. No subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2016.
