|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## NOTES TO FINANCIAL STATEMENTS

---

### 1. **Description of Plan**

The following description of Jen-Coat, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### ***General***

The Plan is a defined contribution plan, established on December 1, 2000. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of the company, with one year of service and at least 1,000 hours of service and who have attained the age twenty-one (21) years, are eligible to participate.

#### ***Contributions***

Participants can elect to contribute up to 50% of their gross compensation, up to a maximum of \$16,500. Participants 50 years old or older can defer an additional \$5,500. Participants direct their contributions to be invested in accordance with the options available under the Plan.

The company will make a contribution matching fifty percent (50%) of each Participant's contribution, up to 6% of compensation, for a plan year.

The company may make a discretionary profit sharing contribution to the Plan, which will be allocated among eligible participants' accounts based upon a ratio of each participant's compensation for that Plan year to total compensation of all participants for that Plan year.

#### ***Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

2. **Significant Accounting Policies**

***Basis of Accounting***

The Plan prepares its financial statements on the accrual basis of accounting in accordance with United States Generally Accepted Accounting Principles.

***New Accounting Pronouncement***

Effective December 31, 2009, the company adopted the Subsequent Events topic of the Financial Accounting Standards Board Codification. This topic provides guidance to establish general standards of accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued or available to be issued. It requires the disclosure of the date through which an entity has evaluated subsequent events and whether that date is the date the financial statements were issued or the date the financial statements were available to be issued. The company has evaluated subsequent events through September 21, 2010, which is the date the financial statements were available to be issued. The adoption of this topic had no impact on the company's financial statements.

***Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Shares of registered investment companies (the mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value. Income on investment and participant loans is recognized as incurred. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes realized and unrealized gains and losses on those investments. The Plan's interest in the stable value fund held in a common collective trust is based on the fair value of the fund's underlying investments reported by the investment advisor in the audited financial statements of the fund at year end.

***Payment of Benefits***

Benefits are recorded when paid or accrued.

**4. Fair Value Measurements**

The Fair Value Measurement and Disclosure topic of the Financial Accounting Standards Board Codification provides a framework for measuring value under generally accepted accounting principles. This topic applies to all financial instruments that are being measured and reported on a fair value basis. This topic enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. The three levels of hierarchy under this topic are described below.

**Basis of Fair Value Measurement**

Level 1     Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**JEN-COAT, INC. RETIREMENT SAVINGS PLAN**  
**NOTES TO FINANCIAL STATEMENTS, Continued**

---

**Fair Value Measurements, continued**

Level 2     Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liabilities has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3     Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common collective trust: Valued at the fair value of assets at year end.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. **Tax Status**

The Plan obtained its latest determination letter as of August 19, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan is qualified under Section 401(a) of the Internal Revenue service and is exempt from federal income taxes under provisions of Section 501(a) as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financials statements.

6. **Plan Termination**

Although it has not expressed an intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

7. **Information Certified by Custodian**

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2009 and 2008 and net change in fair value of investments and interest income for the year ended December 31, 2009, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee, ING Institutional Plan Services, LLC.

8. **Related Party**

Plan assets include investments that are held and managed by ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company is a trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

9. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. **Market Conditions**

Changes in investment returns and fair values can have a significant effect on the Plan. U.S. and world markets continue to experience significant volatility. Management is monitoring investment market conditions and the impact such volatility has on the Plan's investment portfolio.

11. **Reclassification**

Certain 2008 amounts on the Statement of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits have been reclassified to conform to the 2009 presentation.
