Reports on the Financial Statements

We were engaged to audit the accompanying financial statements of NES Global, LLC 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Re: Independent Auditors' Report

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

NES Global, LLC 401(k) Profit Sharing Plan and Trust (the Plan) is a qualified retirement plan adopted by NES Global, LLC (the Company) on January 1, 2002 to allow employees to meet their financial needs during their retirement years. The Plan was amended and restated to conform to new tax laws on November 18, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the basic plan document for a more complete description of the Plan's provisions.

Eligibility – All employees of the Company who are at least age 21 are eligible to become a participant in the Plan.

Contributions – Participants may elect to contribute from 1% to 90% of their eligible compensation as an elective deferral. Elective deferrals can be in the form of pre-tax contributions, or special after-tax contributions known as Roth deferrals, or a combination of both. In addition, participants who are projected to reach age 50 during a calendar year are eligible to make catch-up contributions. Elective deferrals in any year may not exceed the dollar limit set by the Internal Revenue Service (IRS). Participants can increase, decrease, suspend, or resume their elective deferrals at any time.

Matching and profit sharing contributions are discretionary contributions made to the Plan by the Company and allocated to a participant's account because they make elective deferrals to the Plan. For 2016, the Company did not elect to make any matching or profit sharing contributions to the Plan.

Participants may also make a rollover contribution of benefits to the Plan from eligible retirement plans and certain IRAs.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are always 100% vested in their contributions plus actual earnings or losses thereon.

Investment Options – Participants direct the investment of contributions into various investment securities offered by the Plan. The Plan currently offers a money market fund and mutual funds as investment options. Each investment security offered has a different investment objective. Participants may change the investment of future contributions or reallocate/transfer existing account balances.

Notes Receivable From Participants – Participants may borrow a portion of their pretax vested account balance. The minimum amount of a loan is $1,000 up to a maximum of $50,000 reduced by the highest outstanding loan balance during the previous one-year period, or 50% of their vested account balance. The loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest payments are paid through payroll deductions within five years, unless the loan is used to purchase a primary residence.

Payment of Benefits – Upon termination, retirement, disability or death, a participant may elect to receive their vested benefit in a single lump sum payment or have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan. If the value of the vested account balance is $5,000 or less, but greater than $1,000, and the participant does not elect to receive their vested benefit in the form of a single lump sum payment or rollover, it will automatically be rolled over to an IRA established by an IRA provider selected by the Company. If the value of the participant's vested account balance does not exceed $1,000, a distribution in cash will automatically be made whether consent is received or not.

Participants may withdraw all or part of their vested account balance once they reach age 59½. Hardship withdrawals may also be made to satisfy certain immediate and heavy financial hardship a participant may have.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Other income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

Benefits Paid – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Recent Accounting Pronouncements – In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. ASU No. 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value (NAV) per share as a practical expedient and also removes the requirement to make certain disclosures. This update is effective for fiscal years beginning after December 15, 2016 and must be applied retrospectively, with early adoption permitted. The Company has elected to early adopt the guidance applicable for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

In July 2015, the FASB issued No. ASU 2015-12, *Plan Accounting*. This three-part ASU simplifies current benefit plan accounting and, among other things, calls for plans to (i) disaggregate their investments measured using fair value by general type; (ii) present the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type; and (iii) removes certain disclosure requirements relevant to individual investments that represent 5% or more of net assets available for benefits. The standard is effective retrospectively for fiscal years beginning after December 15, 2015. The Company has adopted the guidance applicable for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money Market Fund – Valued using pricing models maximizing the use of observable inputs for similar securities.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Money market fund	**$ 184,022**	**$ -**	**$ -**	**$ 184,022**

Mutual funds	4,704,941	-	-	4,704,941
Total investments at fair value	$5,053,045	$ -	$ -	$5,053,045

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016. Accordingly, as permitted under such election, the Company has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedules.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are shares of mutual funds or a money market fund managed by the trustee and, therefore, these transactions qualify as party in interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA. The prototype plan obtained its latest opinion letter on April 10, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements under section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	**$4,916,028**	$5,228,106
Excess participant contributions payable	**9,961**	40,292
Net assets available for benefits per the Form 5500	**$4,925,989**	$5,268,398

The following is a reconciliation of participants contributions per the financial statements for the year ended December 31, 2016, to Form 5500:

Participants contributions per the financial statements	$1,094,599
Add: excess contributions payable at December 31, 2016	9,961
Total participants contributions per Form 5500	$1,104,560

The following is a reconciliation of per the financial statements for the year ended December 31, 2016, to Form 5500:

Benefits paid to participants per the financial statements	$1,824,827
Add: excess contributions payable at December 31, 2015	40,292
Total benefit payments per Form 5500	$1,865,119

NOTE 10 – PROHIBITED TRANSACTIONS

During 2015, the Company found clerical errors resulting in the failure to remit to the trustee certain participant contributions from the 2012 Plan year within the period prescribed by the Department of Labor's regulations. As of December 31, 2016, the Company had not yet remitted to the Plan any lost earnings or profits on such delinquent contributions.

Reports on the Financial Statements

We were engaged to audit the accompanying financial statements of NES Global, LLC 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Re: Independent Auditors' Report

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

NES Global, LLC 401(k) Profit Sharing Plan and Trust (the Plan) is a qualified retirement plan adopted by NES Global, LLC (the Company) on January 1, 2002 to allow employees to meet their financial needs during their retirement years. The Plan was amended and restated to conform to new tax laws on November 18, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the basic plan document for a more complete description of the Plan's provisions.

Eligibility – All employees of the Company who are at least age 21 are eligible to become a participant in the Plan.

Contributions – Participants may elect to contribute from 1% to 90% of their eligible compensation as an elective deferral. Elective deferrals can be in the form of pre-tax contributions, or special after-tax contributions known as Roth deferrals, or a combination of both. In addition, participants who are projected to reach age 50 during a calendar year are eligible to make catch-up contributions. Elective deferrals in any year may not exceed the dollar limit set by the Internal Revenue Service (IRS). Participants can increase, decrease, suspend, or resume their elective deferrals at any time.

Matching and profit sharing contributions are discretionary contributions made to the Plan by the Company and allocated to a participant's account because they make elective deferrals to the Plan. For 2016, the Company did not elect to make any matching or profit sharing contributions to the Plan.

Participants may also make a rollover contribution of benefits to the Plan from eligible retirement plans and certain IRAs.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are always 100% vested in their contributions plus actual earnings or losses thereon.

Investment Options – Participants direct the investment of contributions into various investment securities offered by the Plan. The Plan currently offers a money market fund and mutual funds as investment options. Each investment security offered has a different investment objective. Participants may change the investment of future contributions or reallocate/transfer existing account balances.

Notes Receivable From Participants – Participants may borrow a portion of their pretax vested account balance. The minimum amount of a loan is $1,000 up to a maximum of $50,000 reduced by the highest outstanding loan balance during the previous one-year period, or 50% of their vested account balance. The loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest payments are paid through payroll deductions within five years, unless the loan is used to purchase a primary residence.

Payment of Benefits – Upon termination, retirement, disability or death, a participant may elect to receive their vested benefit in a single lump sum payment or have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan. If the value of the vested account balance is $5,000 or less, but greater than $1,000, and the participant does not elect to receive their vested benefit in the form of a single lump sum payment or rollover, it will automatically be rolled over to an IRA established by an IRA provider selected by the Company. If the value of the participant's vested account balance does not exceed $1,000, a distribution in cash will automatically be made whether consent is received or not.

Participants may withdraw all or part of their vested account balance once they reach age 59½. Hardship withdrawals may also be made to satisfy certain immediate and heavy financial hardship a participant may have.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Other income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

Benefits Paid – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Recent Accounting Pronouncements – In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. ASU No. 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value (NAV) per share as a practical expedient and also removes the requirement to make certain disclosures. This update is effective for fiscal years beginning after December 15, 2016 and must be applied retrospectively, with early adoption permitted. The Company has elected to early adopt the guidance applicable for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

In July 2015, the FASB issued No. ASU 2015-12, *Plan Accounting*. This three-part ASU simplifies current benefit plan accounting and, among other things, calls for plans to (i) disaggregate their investments measured using fair value by general type; (ii) present the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type; and (iii) removes certain disclosure requirements relevant to individual investments that represent 5% or more of net assets available for benefits. The standard is effective retrospectively for fiscal years beginning after December 15, 2015. The Company has adopted the guidance applicable for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money Market Fund – Valued using pricing models maximizing the use of observable inputs for similar securities.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Money market fund	**$ 184,022**	**$ -**	**$ -**	**$ 184,022**
Mutual funds	**4,573,533**	**-**	**-**	**4,573,533**
Total investments at fair value	**$4,757,555**	**$ -**	**$ -**	**$4,757,555**

	2015			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 348,104	$ -	$ -	$ 348,104
Mutual funds	4,704,941	-	-	4,704,941
Total investments at fair value	$5,053,045	$ -	$ -	$5,053,045

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016. Accordingly, as permitted under such election, the Company has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedules.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are shares of mutual funds or a money market fund managed by the trustee and, therefore, these transactions qualify as party in interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA. The prototype plan obtained its latest opinion letter on April 10, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements under section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	**$4,916,028**	$5,228,106
Excess participant contributions payable	**9,961**	40,292
Net assets available for benefits per the Form 5500	**$4,925,989**	$5,268,398

The following is a reconciliation of participants contributions per the financial statements for the year ended December 31, 2016, to Form 5500:

Participants contributions per the financial statements	$1,094,599
Add: excess contributions payable at December 31, 2016	9,961
Total participants contributions per Form 5500	$1,104,560

The following is a reconciliation of per the financial statements for the year ended December 31, 2016, to Form 5500:

Benefits paid to participants per the financial statements	$1,824,827
Add: excess contributions payable at December 31, 2015	40,292
Total benefit payments per Form 5500	$1,865,119

NOTE 10 – PROHIBITED TRANSACTIONS

During 2015, the Company found clerical errors resulting in the failure to remit to the trustee certain participant contributions from the 2012 Plan year within the period prescribed by the Department of Labor's regulations. As of December 31, 2016, the Company had not yet remitted to the Plan any lost earnings or profits on such delinquent contributions.
