Mr. Steve Rappin and Ms. Stephanie Heys
Evergreen Real Estate Services Retirement Savings Plan
566 W. Lake Street, Unit 400
Chicago. IL 60661

Dear Mr. Rappin and Ms. Heys :

We have conducted a DOL limited-scope audit of the financial statements of Evergreen Real Estate Services Retirement Savings Plan (the Plan) for the year ended December 31, 2016, and have issued our report thereon dated October 11, 2017. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated June 1, 2017. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of Risks and Uncertainties in Note 2 to the financial statements and the disclosure of Related Party Transactions in Note 6.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

This information is intended solely for the use of the Trustees and Plan Administrator of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Evergreen Real Estate Services Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Evergreen Real Estate Services, LLC (the Company) not subject to the terms of a Collective Bargaining Agreement who have completed at least one year of service, and are 21 years of age or older. An eligible employee may enter the Plan on the first day of the month after the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended and restated, effective January 1, 2016, to enact a 6 year graded vesting schedule for employer matching contributions and exclude bonuses from the definition of compensation.

Contributions

Each year participants may contribute a portion of pretax annual compensation, as defined in the Plan. During 2016 and 2015 Participants were allowed to contribute up to $18,000 ($24,000 for Participants over 50 years of age). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2016 and 2015, the Plan offered 29 funds (pooled separate accounts) as investment options for Participants. In addition, Participants may invest in guaranteed investment contracts with interest rates guaranteed until the maturity date.

The Company contributes safe harbor matching contributions equal to 100% of the first 4% of compensation that a participant contributes to the Plan, as a matching Company contribution. All Company contributions are invested in the investment options offered by the Plan at the direction of the Participants. Contributions are subject to certain limitations.

Participants' Accounts

Participants' accounts are credited with the Participants' contributions, Company matching contributions, and allocations of Plan earnings. Participants' accounts are charged with administrative expenses as incurred and benefits paid. The benefit to which a Participant is entitled is limited to the benefit that can be provided from the Participant's vested account.

Vesting

During 2015 Participants were immediately vested in their contributions and all Company contributions, plus actual earnings thereon. During 2016 the Plan amended this provision. Effective January 1, 2016, Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are vested in employer matching contributions, plus actual earnings thereon in accordance with the following schedule:

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Years of Vesting Service	Percentage Vested
0-1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants

Participants may borrow from the fund the lesser of $50,000 or 50% of their account balance in a twelve month period. A participant may have only one loan outstanding at any time. Each loan is secured by the balance in the respective Participant's account and bears interest at 2% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is issued. During 2016 and 2015 outstanding loans bore interest at rates ranging from 5.25% to 5.50% and 5.25%, respectively. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions.

Payment of Benefits

Following termination of service due to death, disability, retirement, or other reasons, a Participant may receive a lump sum payment of their entire vested account balance. Hardship distributions are allowed based on meeting certain criteria further described in the Plan document.

Plan Administration Costs

During 2016 and 2015 certain costs of Plan administration, such as loan fees and Member requested service charges, were absorbed by the Plan assets. Other administrative costs, such as audit and service fees, were absorbed by the Plan Sponsor and are therefore not reflected as deductions to net assets of the Plan during 2016 and 2015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

New Accounting Pronouncements

The following new accounting standards were adopted during 2015 and the effect of such adoption has been reflected in the Notes to Financial Statements.

In May 2015 The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, "Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)". ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 requires retroactive adoption and is effective for the Plan for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan's management believes that this new standard simplifies disclosures related to investments and has elected to early adopt this ASU for 2015.

In July 2015 the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient". Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts (FBRICs) and provide certain disclosures. Contract value is the relevant measure for FBRICs. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value of general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III establishes a practical expedient to permit plans to measure investments and investment related accounts as of a month end date that is closest to the Plan's fiscal year end, when the fiscal period does not coincide with a month end. Part III is not applicable to the Plan. ASU 2015-12 requires retrospective adoption and is effective for the Plan beginning December 15, 2015, with early adoption permitted. The Plan's management believes this new standard simplifies disclosures related to investments and has elected to early adopt Parts I and II for 2015.

Risks and Uncertainties

The Plan invests in various investment securities including pooled separate accounts and a collective investment trust. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payment of Benefits

Benefits are recorded when paid.

Investment Valuations and Income Recognition

The Plan's investments are stated at fair value or an approximation of fair value. Interest is accrued as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The 3 levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from a corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan's assets or liabilities are valued within a fair value hierarchy and are based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Pooled Separate Accounts

Pooled separate accounts (PSAs) are valued at the estimated fair values determined by the trustee, which represent the net asset value of units held by the Plan at the end of the year. The net asset value of a PSA is based on the fair value of its underlying investments and is not a publicly-quoted price in an active market.

Collective Investment Trust

The collective investment trust (CIT) is made up of investment contracts. The net asset value (NAV) of the underlying investment contracts held by the CIT are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The Plan presents the investment in the CIT, which includes fully benefit responsive investment contracts at NAV, which is considered a practical expedient to estimate fair value and the NAV of the CIT is based on contract value consistent with the Plan's early adoption of ASU 2015-12 during 2015.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market Participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 3,047,748	$ -	$ 3,047,748
Total assets in fair value hierarchy	$ -	$ 3,047,748	$ -	3,047,748
Investments measured at net asset value (a)				209,659
Total investments at fair value				$ 3,257,407

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,611,779	$ -	$ 2,611,779
Total assets in fair value hierarchy	$ -	$ 2,611,779	$ -	2,611,779
Investments measured at net asset value (a)				234,486
Total investments at fair value				$ 2,846,265

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

(a) The CIT is measured at net asset value as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4 - PARTICIPANT LOANS

The following table sets forth a summary of changes in participant loans during the years ended December 31, 2016 and 2015:

NOTE 5 - INVESTMENTS CERTIFIED BY PLAN CUSTODIAN (UNAUDITED)

Principal Life Insurance Company certified the fair value of all investments and investment transactions (individually and in the aggregate) as of December 31, 2016 and 2015, and for the years then ended. The certifications include investment income, realized and unrealized gains and losses, and certain supplemental information. During 2016 and 2015 the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $202,667 and $1,038, respectively.

The following table presents the gain (loss) of the Plan's participant directed investments by general investment type for the years ended December 31, 2016 and 2015:

	2016	2015
Pooled separate accounts	$ 200,811	$ (554)
Collective investment trust	1,856	1,592
	$ 202,667	$ 1,038

NOTE 6 - RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. During 2016 and 2015 the pooled separate accounts held by the Plan were managed by affiliates of the Principal Life Insurance Company, the Plan custodian. In addition, certain Plan assets were also invested in the Principal Stable Value Signature Fund, a fully benefit responsive collective investment trust held by Union Bond & Trust Company, a wholly-owned subsidiary of the Principal Financial Group. Plan transactions involving these investments qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will continue to be 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has adopted the prototype plan of the sponsor.

The Plan was amended and restated, effective January 1, 2010, to adopt a new prototype plan and incorporate the changes required by GUST and EGTRRA. The Plan was again amended and restated, effective January 1, 2016, to enact a 6 year graded vesting schedule for employer matching contributions and exclude bonuses from the definition of compensation.

As of December 31, 2016 and 2015, the Plan did not have any uncertain tax positions, which it is obligated to disclose in accordance with ASC 740 *Accounting for Uncertainty in Tax Positions.* The Plan follows a conservative approach of research and open disclosure in regard to its tax-exempt status and positions held.

NOTE 9 - SUBSEQUENT EVENTS

Management of the Plan has evaluated events subsequent to the balance sheet date of December 31, 2016, through October 11, 2017, (the date the financial statements were available to be issued). It has concluded that there are no effects that provide additional evidence about conditions that existed at the balance sheet date that require recognition in the financial statements for the year ended December 31, 2016, or related footnote disclosures.
