The accompanying notes are an integral part of these financial statements.

Note 1. **Description of Plan -** The following description of the HCR Savings and Profit-Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a contributory 401(k) plan for the employees of L. Woerner, Inc. d/b/a HCR (the "Company") with a management option for discretionary Company contributions. Generally, all Company employees who have completed 90 days of service, while working at least 250 hours are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Eligible participants are entitled to defer up to 90% of their annual salary into the Plan as a qualified pre- tax contribution subject to maximum annual dollar contribution restrictions of ERISA and the Internal Revenue Service. Additionally, the Company has the option of making annual discretionary contributions to the Plan. For the year ended December 31, 2009, the Company matched 10% of the first 3% of base compensation that a participant contributed to the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) administrative expenses and (c) Plan earnings. Allocation of the Company's contribution is based on participants' contributions for the year. Allocations of administrative expenses and Plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans - Participants are permitted to borrow up to 50% of their vested balance in their Plan accounts to a maximum of $50,000. The loans are payable over terms up to five years (longer if for the purchase of a principal residence) and bear interest at a fixed rate. The fixed interest rates are derived from the current lending rates at origination. Principal and interest payments on the loans are redeposited into the participants' accounts based on their current investment allocation elections.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested for discretionary Company contributions based on years of continuous service. A participant receives credit for a year of service if they complete at least 1,000 hours of service at any time during the 12 consecutive-month computation period.

Employees are vested according to the following schedule:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits - Upon termination of service, benefits are paid in a lump-sum amount or rolled over into a qualified plan or IRA.

Administrative Expenses - Administrative expenses were paid by both the Plan and the Company in 2009.

Forfeitures - Any forfeitures arising under the Plan are used for future employer match contributions. There were $570 and $2,177 of unallocated forfeitures for the years ended December 31, 2009 and 2008 respectively.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Pooled Separate Accounts are not traded in an active market, but instead are valued using the Net Asset Value provided by the administrator of the fund. The unit price is based on underlying investments which are traded in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant loans are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - On May 28, 2009, the FASB issued ASC 855-10 (formerly: SFAS No. 165 "Subsequent Events"). ASC 855-10 provides guidance on management's assessment of subsequent events and requires additional disclosure about the timing of management's assessment of subsequent events. It does not significantly change the accounting requirements for the reporting of subsequent events. ASC 855-10 is effective for interim or annual financial reporting periods ending after June 15, 2009. The Plan adopted ASC 855-10 as of December 31, 2009 through September 29, 2010, the date these financial statements were available to be issued. The adoption of this standard did not materially impact the Plan's net assets available for benefits, changes in net assets available for benefits or disclosures in the financial statements.

Note 3. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2009	2008
Investments	$ 4,377,006	$ 2,978,349
Investment income (expense)	993,609	(1,417,663)

Note 4. Investments

Investments that represent 5% or more of the Plan's net assets available for benefits are separately identified below. Investments consisted of the following at December 31:

	2009	2008
JH Lifestyle Moderate	$ 478,830	$ 334,170
JH Lifestyle Balanced	738,772	476,886
JH Lifestyle Growth	1,109,493	745,473
Growth Fund of America	397,787	337,780

Note 5. Related Party Transactions

Certain Plan investments are mutual funds managed by the trustee, John Hancock Life Insurance Company of New York (John Hancock). These transactions qualify as party-in-interest transactions.

Note 6. Net Asset Value (NAV) Per Share

In accordance with ASU No. 2009-12, the Plan expanded its disclosures to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share or its equivalent for which the fair value is not readily determinable, as of December 31, 2009. For the Plan, such assets include investments in pooled separate accounts.

The following table for December 31, 2009, sets forth a summary of the Plan's investments with a reported NAV.

	Fair Value Estimated Using Net Asset Value per Share December 31, 2009	
	Fair Value*	Unfunded Commitment
Investment		
Equity funds - domestic[(a)]	$ 4,124,439	$ -
Equity funds - international[(b)]	196,347	-
Total assets at fair value	$ 4,320,786	$ -

* The fair values of the investments have been estimated using the net asset value of the investment.

(a) Equity funds - domestic strategies seek to invest in a diversified portfolio of common stocks.

(b) Equity funds - international strategies seek long-term growth of capital primarily through investments in foreign securities.

There are no redemption restrictions on the investments.

Note 7. Fair Value Measurements

ASC 820 (formerly: Statement of Financial Accounting Standards No. 157, “Fair Value Measurements"), establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts – Valued at the net asset value of shares held by the plan at year end (Level 2).

Participant Loans – Valued at amortized cost, which approximates fair value (Level 3).

Assets measured at fair value are summarized below:

	Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
December 31, 2009				
Pooled separate accounts	$ -	$ 4,320,786	$ -	$ 4,320,786
Participant loans	-	-	56,220	56,220
Total assets at fair value	$ -	$ 4,320,786	$ 56,220	$ 4,377,006
December 31, 2008				
Pooled separate accounts	$ -	$ 2,936,763	$ -	$ 2,936,763
Participant loans	-	-	41,586	41,586
Total assets at fair value	$ -	$ 2,936,763	$ 41,586	$ 2,978,349

The following table is a summary of changes in fair value of the Plan’s Level 3 assets for the years ended December 31:

	2009	**2008**
Balance, Beginning	$ 41,586	$ 27,438
Net purchases, sales, issuances and settlements	14,634	14,148
Balance, Ending	$ 56,220	$ 41,586

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in Company contributions, regardless of length of service.

Note 9. Income Tax Status

The Plan obtained its latest determination letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10. Prohibited Transactions

During the Plan year ended December 31, 2009, employee withholdings in the amount of $7,073 were not remitted within the appropriate time period by the Plan. These transactions constitute prohibited transactions as defined by ERISA. The Plan has taken the appropriate steps to correct the situation, and has further implemented a procedure to ensure all future remittances are done within the prescribed time period.
