1. DESCRIPTION OF THE PLAN

The following description of the Harper Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Harper Management Company, Inc. (the "Company") who are age 21 and have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may voluntarily contribute from 1% up to 75% of pre-tax annual compensation, as defined in the Plan. The maximum salary deferral permitted by the Internal Revenue Code (the "IRC") for 2016 and 2015 was $18,000 and $18,000, respectively. The Plan is a safe harbor plan that matches 100% of participant deferrals up to 3% of included compensation, plus 50% of participant deferrals up to the next 2% of included compensation. The Company's board of directors may make additional contributions at their discretion.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared using the accrual method of accounting applied consistently with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments, held in Pooled Separate Accounts, are stated at fair value based on the unit value of the accounts. The value is determined based on a formula using the shares of underlying mutual funds held in the accounts, taxes, contract expense charges and the number of units in the Separate Accounts.

Administrative Expenses

All administrative expenses charged to the Plan are borne by the Company. Trustee fees for the Plan are waived each year. The Company sponsor also provides other accounting and administrative services to the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of net assets available for benefit at the date of the financial statements, and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested.

4. INVESTMENTS

The Plan's investments are held by a registered management investment company under a group annuity contract. All investments are participant-directed. During 2016 and 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access on a continuing basis.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets on a continuing basis;
- quoted prices for identical or similar assets or liabilities in inactive markets on a continuing basis;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Investments

Pooled separate accounts (mutual funds) – the initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation; dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

5. FAIR VALUE MEASUREMENTS – CONTINUED

Contract with Insurance Company – the reported values for the fixed annuity option is reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

The carrying amount reported in the statements of financial position is the fair value at December 31:

6. INCOME TAX STATUS

The Plan is designated to constitute a qualified trust under Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of the IRC. A favorable determination letter has not yet been obtained from the Internal Revenue Service in accordance with D.O.L. Reg. 2520.103-1(b)(3). However, the Trustee has obtained a positive determination letter dated March 31, 2008, on the prototype plan that this Plan is based upon. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. INCOME TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

7. TRUSTEE CERTIFICATION

Empower Retirement (formerly known as Great-West Retirement Services), trustee of the Plan as certified with respect to investment assets, transactions and income for the periods from January 1, 2015 through December 31, 2016. This information was not audited for these financial statements, as allowed by D.O.L. Reg. 2520.103-8.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

9. DEPARTMENT OF LABOR LIMITED SCOPE AUDIT

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan has elected limited scope audits for the years ended December 31, 2016 and 2015.

10. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of a guaranteed portfolio fund managed by Empower Retirement. Empower Retirement is also the investment trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

11. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through October 16, 2017, the date that the financial statements were available to be issued.
