INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee of the
National Veterinary Associates, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of National Veterinary Associates, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Mass Mutual Financial Group, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Mass Mutual Financial Group held the Plan's investment assets and executed investment transactions. The Plan Administrator has obtained certifications from the Trustees as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedules, Schedule of Assets Held and Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2016 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content of Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(K) PLAN

Notes to Financial Statements
December 31, 2016

1. Description of Plan

The following description of the National Veterinary Associates, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company, except leased or covered by a collective bargaining agreement. Participants can enroll in the Plan on the first day of a calendar quarter immediately following their employment date. Effective May 1, 2017, employees need to complete 30 days of service to be eligible to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In 2015, Mass Mutual Financial Group became the Trustee of the Plan.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investments options offered by the Plan. The adopting employers may make matching contributions, at their discretion each year, subject to the provisions of the Plan. The adopting employers may also make profit sharing contributions each year, subject to the provisions of the Plan. The matching Company contribution is invested as directed by the participant. For the year ended December 31, 2016, the Company did not make any matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions as well as allocations of Plan earnings. Participant accounts are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account

Vesting

Participants are vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested according to the following schedules:

1. Description of Plan (continued)

Matching contributions:

Years of Participation	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Profit sharing contributions:

Years of Participation	Vesting Percentage
Less than 3	0%
3	20%
4	40%
5	60%
6	80%
7	100%

Notes Receivable from Participants

Participant may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set 1 percent above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a period not to exceed the participant's expected future lifetime, or the joint expected future lifetime (based on actuarial tables) of the participant or his or her spouse. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

1. Description of Plan (continued)

Forfeited Accounts

At December 31, 2016, and 2015, there were no forfeitures for the plan years ended December 31, 2016 and 2015. When applicable, these accounts will be used to pay future administrative expenses. Any remaining amounts will be used to reduce future employer contributions

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Reclassification

Certain prior year amounts have been reclassified to conform with the current year's presentation.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Review Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016, and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contribution totaling $682,246 to the applicable participants before March 15, 2017.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments. In 2016, the administrative expenses paid by the Plan were $37,857.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

3. Certified Investments

The Trustee holds all of the Plan assets and executes all investment transactions and maintains the Plan's financial records and has prepared the information included in the accompanying financial statements and supplemental schedules, and has furnished it to the plan administrator together with a certification that such information is complete and accurate. Such certification is required under the method of compliance allowed by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 Section 2520.103-5 elected by the plan administrator.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in identical active markets for identical assets or liabilities that the plan can access at the measurement date.
Level 2	Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as: Quoted prices for similar assets or liabilities in active markets Quoted prices for identical or similar assets or liabilities in inactive markets Inputs other than quoted prices that are observable for the asset or liability Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016, and 2015.

a. Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

b. Pooled separate accounts ("PSA"). A PSA is an investment vehicle in the form of a "special account," that is separate from the general assets of an insurance company. A PSA permits commingled investment of plan assets of employee benefit plans sponsored by unrelated employers. PSA invest in specifically designed shares of mutual funds provided by outside registered investment companies.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2016			
	Level 1	***Level 2***	***Level 3***	***Total***
Mutual funds	$ 1,176,762			$ 1,176,762
Pooled separate accounts	-	$ 56,170,600	-	56,170,600
Investments at fair value	$ 1,176,762	$ 56,170,600	$ -	$ 57,347,362

	Assets at Fair Value as of December 31, 2015			
	Level 1	***Level 2***	***Level 3***	***Total***
Pooled separate accounts	-	$ 42,208,630	-	$ 42,208,630
Investments at fair value	-	$ 42,208,630	$ -	$ 42,208,630

Transfers between Levels

For year ended December 31, 2016, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of annuity contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsible investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value of these investment contracts held by the Plan.

5. Fully Benefit-Responsive Investment Contracts (continued)

	2016	2015
Annuity contracts	$ 2,774,936	$ 2,047,257

The investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed annually for resetting. The contract cannot be terminated before the schedule maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

a. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
b. Premature termination of the contracts;
c. Plan termination or merger;
d. Changes to the Plan's prohibition of competing investment options;
e. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

a. An uncured violation of the Plan's investment guidelines;
b. A breach of material obligation under the contract;
c. A material misrepresentation;
d. A material amendment to the agreements without the consent of the issuer.

6. Rollover Contributions

The Plan Sponsor's business operation involves acquisitions of veterinary hospitals. Upon a completion of an acquisition, assets in the qualified retirement plan maintained by the acquired hospital, when applicable are rolled over into the Plan. The active participants of these plans became Plan participants. An aggregate of $7,376,483 was rolled into the Plan during the year ended December 31, 2016, and is included in rollovers on the statement of changes in net assets available for benefits.

7. Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in shares principally with registered investment companies that are managed by the Trustee. The Trustee acts as the administrator for the investments of the Plan. Transactions in such investment qualify as parties-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred and paid directly by the Plan for the investment management services were $37,857.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in any employer contributions, when applicable.

9. Tax Status

The IRS has determined and informed the plan sponsor and the Plan's third-party-administrator by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter the Plan administrator and the Plan's third-party-administrator believe that the Plan is designed and is currently being operated, in compliance with applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is the reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	$ 59,903,208	$ 44,752,296
Add: excess contribution payable at December 31, 2016	682,246	-
Less: participant contributions receivable at December 31, 2015	-	212,851
Net assets available for benefits per Form 5500	$ 60,585,454	$ 44,539,445

The following is the reconciliation of net increase in changes of net assets available for benefits per financial statements to Form 5500 for the year ended on December 31, 2016:

Net increase per the financial statement	$ 15,150,912
Add: excess contribution payable at December 31, 2016	682,246
Add: participant contributions receivable at December 31, 2015	212,851
Net increase per Form 5500	$ 16,046,009

12. Nonexempt Transactions

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, Line 4a), certain Plan contributions are not remitted on to the Plan within the time frame specified by the Department of Labor's Regulation 29(CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2016.
