Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan's Administrative Committee instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (the "Trustee), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan's Administrative Committee that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan's Administrative Committee has obtained a certification from the Trustee as of and for the years ended March 31, 2017 and 2016, that the information provided to the Plan's Administrative Committee by the Trustee is complete and accurate.

Their report, dated January 9, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – GENERAL DESCRIPTION OF PLAN

The Baker's Burgers, Inc. Profit Sharing 401(k) Plan (the "Plan") (formerly, Neal T. Baker Enterprises, Inc. Profit Sharing 401(k) Plan) of Neal T. Baker Enterprises was established March 31, 1961 and subsequently adopted effective April 1, 2016 by Baker's Burgers, Inc., an affiliated organization. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution profit-sharing plan covering eligible employees of Neal T. Baker Enterprises and Baker's Burgers, Inc. The Plan provides for retirement, death, and disability benefits. Employees of the Company and its participating affiliate are generally eligible to participate in the Plan after six months of service and attaining age twenty and one-half. Participants are eligible for the Company's matching and discretionary contributions provided they worked at least 1,000 hours during such Plan year and were employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

2. **Contributions.** Under the Plan, employees may elect to defer a portion of their compensation, as defined in the Plan. Contributions are subject to certain statutory limitations as imposed by the IRS. Participants may also contribute amounts representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company determines the appropriate contribution to the trust fund for each fiscal year. Only participants who are actively employed on the last day of the Plan year are eligible to receive the Company's matching contribution for the year. For the year ended March 31, 2017, the Company made matching contributions of $314,937.

3. **Participant Accounts.** Each participant's account is credited with the participant's elective contribution, the Company's matching contribution and an allocation of the Company's discretionary contribution and Plan earnings (losses). Allocations of the Company's discretionary contribution are based on the participant's compensation. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of the Company's matching contribution and discretionary contribution portion of their accounts are based on years of continuous service. Company contributions vest 20% after two years of service and increase 20% for each additional year. A year of service is defined as working 1,000 hours during the Plan year. A participant is fully vested after six years of continuous service.

NOTE 1 – GENERAL DESCRIPTION Of THE PLAN (CONTINUED)

5. **Investment Options.** Participants may choose among various investment funds in which their contributions are to be invested. All of the Plan's investment options are participant-directed.

6. **Notes Receivable from Participants.** Participants may borrow from their Plan accounts a total amount not to exceed the lesser of (1) $50,000 or (2) 50% of the participant's vested interest in the Plan. The loans are secured by the balance in the participant's accounts and bear interest at rates that range from 4.25% to 4.75%, which are comparable to rates currently charged by local institutional lenders. Principal and interest are paid ratably through regular payroll deductions.

7. **Payment of Benefits.** On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal installments through the purchase of an annuity contract. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The normal retirement age under the Plan is 65. Participants may receive partial distributions of their vested benefits from their account subject to the rules and regulations of the Plan. The net assets available for benefits at March 31, 2017 and 2016 included benefits payable of $430,856 and $143,925, respectively, to individuals who terminated employment as of March 31, 2017 and 2016, but who had not yet received their benefits.

8. **Forfeited Accounts.** Upon a participant's termination of employment, the value of a participant's account that exceeds his or her vested interest is forfeited. Forfeitures may be used to reduce future Company contributions and administrative expenses. The amount of forfeitures was approximately $3,248 for the year ended March 31, 2017. As of March 31, 2017 and 2016, forfeited non-vested accounts used to offset administrative expenses totaled $2,216 and $2,096, respectively.

9. **Plan Administration.** Administrative expenses totaling $6,050 were paid by the Plan for the year ended March 31, 2017. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan.

10. **Plan Termination.** The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan in whole or in part at any time. In the event of Plan termination, each participant would become fully vested to the extent of the balance in their account, and all accumulated Plan benefits would be disbursed to the participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2017 or 2016. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INVESTMENTS

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan adopted the Volume Submitter Profit Sharing Plan with CODA, which obtained its latest determination letter on March 31, 2008. In this letter, the Internal Revenue Service states that the Plan qualifies, in form, under Section 401(a) of the Internal Revenue Code of 1986 as amended (the "Code"), and the underlying trust is therefore exempt from federal income taxes under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for prior to 2014.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock Life Insurance Company USA, custodian of the Plan's assets; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for loan and other transaction fees amounted to $8,266 for the year ended March 31, 2017. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE 8 - FAIR VALUE MEASUREMENTS

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Guidance included in ASC 820-10 "Fair Value Measurements and Disclosures" provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 - The fair value of investments is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 - Inputs are based on quoted prices for similar investments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2017 and 2016.

Pooled accounts: Valued at unit value of units held by the Plan in subaccounts issued by John Hancock. The unit value is determined by John Hancock at the close of business each day by taking the market value of the total assets in the subaccount and dividing it by the number of units held in the subaccount. The market value of the total assets in the subaccount is based on the net asset value (NAV) of the underlying mutual fund(s) held by the subaccount.

Guaranteed accounts: Valued at the NAV of units held by the Plan as reported by the issuer, John Hancock. The NAV is based on the fair value of the underlying investments held by the fund, primarily federal and other government bonds, corporate bonds, and commercial mortgages, less its liabilities. However, the fund may sell the investment for an amount different than the reported NAV. Transfers and withdrawals prior to the end of the guarantee period may be subject to a market value adjustment.

Life insurance: Valued at cash surrender value, which approximates fair value. Cash surrender value is the value that will be paid to the policy holder in the event the policy is voluntarily terminated before an insured event occurs.

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31,:

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – GUARANTEED ACCOUNTS

The Plan has Guaranteed Accounts considered fully benefit-responsive with John Hancock Life Insurance Company ("John Hancock") that invests in federal and other government bonds, corporate bonds and commercial mortgages. John Hancock maintains the contributions in a general account and allocates to participants' retirement account. Guaranteed Interest Accounts guarantee the return of principal plus compound interest earned over a defined term – 3, 5 or 10 years – provided all contributions remain in the account until the end of the guarantee period. Guaranteed interest rates are based upon the claims paying ability of the issuing company, John Hancock. Guaranteed interest accounts are not insured by the Federal Deposit Insurance Corporation (FDIC).

Interest rates are established on the first day of each calendar month and apply to all regular ongoing contributions made to the account in that month. The composite interest rates ranged from 0.54% - 1.04% and 0.34% - 1.16% as of March 31, 2017 and 2016, respectively. The composite interest rate is a dollar-weighted average rate of all contributions to that Guaranteed Account during the reporting year. After the end of each reporting year, contributions made will continue to earn that reporting year's composite interest rate until the end of the guaranteed term.

The fund is included on the 5500 form at contract value as reported to the Plan by John Hancock. Contract value represents aggregate Guaranteed Accounts of all contributions made plus interest earned on those contributions, less all contract asset charges, fees and any previous withdrawals. Fair value is determined using a formula that incorporates prevailing interest rates. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Company's management through December 13, 2017, the date these financial statements were available to be issued. Effective April 1, 2017, the Plan changed its Plan year to end December 31, 2017. No additional material subsequent events have occurred since March 31, 2017 that required recognition or disclosure in the current period financial statements.
