INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Diamondback Manufacturing LLC 401(K) Profit Sharing Plan and Trust
Cocoa, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Diamondback Manufacturing LLC 401(K) Profit Sharing Plan and Trust, (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C. This information was certified by Ascensus Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Page 8 of 20 received on 12/14/2017 8:54:13 AM [Eastern Standard Time]

Other Matters

The supplemental schedule, as listed in the table of contents, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of paragraph we do not express an opinion on the supplemental schedule.

Emphasis of Matter

As disclosed in Note B to the financial statements, the Plan adopted new accounting pronouncements in the current year. The adoption of the pronouncements had no effect on the total net assets available for benefits as of December 31, 2015 or 2016.

Report on Form and Content in Compliance With DOL Rules and

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of Diamondback Manufacturing LLC 401(K) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution Plan covering all employees of Diamondback Manufacturing LLC and participating affiliates ("Company"), who have three months of service, as defined by the plan, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

Each year, participants may contribute pre-tax annual compensation as defined in the Plan and subject to IRS limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides that the Company may make discretionary matching contributions for the benefit of qualifying contributing participants. Under this provision, the Company elected to match 100% of elective deferrals up to 1% of eligible compensation. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, collective trusts, and a stable value fund as investment options for participants.

For the year ended December 31, 2016, the Company contributed $20,365 on behalf of qualifying contributing participants. Contributions are subject to certain limitations.

3. Forfeitures

Forfeitures shall be used first to reduce employer matching contributions and then to reduce Plan expenses. No forfeitures were utilized in 2016 and 2015. Forfeited non-vested accounts totaled $1,042 and $421 at December 31, 2016 and 2015, respectively.

4. Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and allocations of (a) Plan earnings, and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of service. A year of service is earned when a participant works more than 1,000 hours in a calendar year. A participant begins to vest after they have completed one year of service, and is fully vested after five years of credited service.

6. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and the interest rate is set at 1% above prime rate which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

7. Payment of benefits

On termination of service, attainment of retirement age, death or disability, benefits are paid out in a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of a qualifying hardship, participants may also receive a lump-sum distribution from the participant's contributed balance, excluding employer matching contributions, up to the amount necessary to satisfy the financial need of the hardship.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Investments, valuation, and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of benefits

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded directly to the borrowing participants' accounts and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

7. Change in accounting policy

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, (ASU 2015-07). ASU 2015-07 eliminates the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurements. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Plan management has elected to adopt ASU 2015-07 early and these financial statements have been adjusted to reflect the adoption. The disclosures to the financial statements related to these investments are also segregated to be consistent with the statements of net assets available for benefits.

NOTE C - UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The December 31, 2016 and 2015 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year enced December 31, 2016, and the accompanying notes to the financial statements were prepared in par: or entirely from information certified by Ascensus Trust Company, the Trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The value of the investments certified at December 31, 2016 and 2015 were $360,495 and $281,214, respectively and related investment income of $18,114 for the year ended December 31, 2016. Notes receivable from participants were also included in this certification.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provices a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Page 12 of 19 received on 12/13/2017 10:43:49 AM [Eastern Standard Time]
Page 13 of 20 received on 12/14/2017 8:54:13 AM [Eastern Standard Time]

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Stable Value Fund: Valued at the net asset value ("NAV") of the units owned of the Fund. The NAV is used as a practical expedient to estimate fair value. The Fund seeks to provide investors stable principal and high current income, and invests in fully-benefit responsive investment contracts. The Fund's investments are comprised of guaranteed investment contracts ("GIC's"), separate account guaranteed investment contracts ("SGIC's"), synthetic guaranteed investment contracts ("SIC's"), money market mutual funds and other stable value products that can be carried at contract value.

Collective Trusts: Valued at the NAV of units of an insurance collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that liquidations of securities will be carried out in an orderly business manner.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level the Plan's assets at fair value as of December 31:

2016

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 276,285	$ -	$ -	$ 276,285
Total assets in the fair value hierarchy	$ 276,285	$ -	$ -	$ 276,285
Investments measured at net asset value (a)				84,210
Total investment assets at fair value				$ 360,495

2015

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 228,850	$ -	$ -	$ 228,850
Total assets in the fair value hierarchy	$ 228,850	$ -	$ -	$ 228,850
Investments measured at net asset value (a)				52,364
Total investment assets at fair value				$ 281,214

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are

Intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following table summarizes investments measured at fair value based on the NAV per share as of December 31:

2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	$ 5,498	n/a	Daily	(a)
Collective trusts	78,712	n/a	Daily	n/a
	$ 84,210			

2015	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	$ 5,209	n/a	Daily	(a)
Collective trusts	47,155	n/a	Daily	n/a
	$ 52,364			

(a) The Fund provides for daily redemptions by the Plan at reported contract value per share, with no advance notification requirement for the purpose of funding a bona fide benefit payment, making a participant loan, honoring an employee-directed transfer of the employee's interest in the Plan to another investment election, or paying trust fees. Withdrawals from the Fund for any other purpose generally require 12 months advance written notice.

Certain events limit the ability of the Fund to transact at contract value. These events may include, but are not limited to, the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events within the control of the Fund or the Plan Sponsor resulting in a material and adverse financial impact on the Fund's obligations under the GIC. No events have occurred that would prevent participants from transacting at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held by Ascensus Trust Company, Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan also receives investment advisory services performed by Chairvolotti Financial. Fees incurred by the Plan for the investment advisory and management services are included in net appreciation (depreciation) in the fair value of the investments, as they are paid daily through deductions to the net asset value, rather than direct payment. It is impractical to estimate the total fees paid through this arrangement with the Trustee. Fees paid by the Plan for administrative expenses amounted to $3,555 for the year ended December 31, 2016.

All of these party-in-interest transactions are exempt from the prohibited transactions under rules of ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE G - INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan adheres to the provisions of FASB ASC 740, *Income Taxes*, which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions ("UTPs"). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2016 and 2015, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks, such as, interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Notes receivable from participants

The attached financial statements report notes receivables from participants as a receivable to the Plan while Form 5500 reports these balances as a general investment on Schedule H. These represent a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2016 and 2015.

NOTE J - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through December XX, 2017, the date the financial statements were available to be issued, and has determined that no material events occurred that would require disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Diamondback Manufacturing LLC 401(K) Profit Sharing Plan and Trust
Cocoa, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Diamondback Manufacturing LLC 401(K) Profit Sharing Plan and Trust, (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C. This information was certified by Ascensus Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Other Matters

The supplemental schedule, as listed in the table of contents, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of paragraph, we do not express an opinion on the supplemental schedule.

Emphasis of Matter

As disclosed in Note B to the financial statements, the Plan adopted new accounting pronouncements in the current year. The adoption of the pronouncements had no effect on the total net assets available for benefits as of December 31, 2015 or 2016.

Report on Form and Content in Compliance With DOL Rules and

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE A - DESCRIPTION OF PLAN

The following description of Diamondback Manufacturing LLC 401(K) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution Plan covering all employees of Diamondback Manufacturing LLC and participating affiliates ("Company"), who have three months of service, as defined by the plan, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

Each year, participants may contribute pre-tax annual compensation as defined in the Plan and subject to IRS limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides that the Company may make discretionary matching contributions for the benefit of qualifying contributing participants. Under this provision, the Company elected to match 100% of elective deferrals up to 1% of eligible compensation. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, collective trusts, and a stable value fund as investment options for participants.

For the year ended December 31, 2016, the Company contributed $20,365 on behalf of qualifying contributing participants. Contributions are subject to certain limitations.

3. Forfeitures

Forfeitures shall be used first to reduce employer matching contributions and then to reduce Plan expenses. No forfeitures were utilized in 2016 and 2015. Forfeited non-vested accounts totaled $1,042 and $421 at December 31, 2016 and 2015, respectively.

4. Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and allocations of (a) Plan earnings, and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of service. A year of service is earned when a participant works more than 1,000 hours in a calendar year. A participant begins to vest after they have completed one year of service, and is fully vested after five years of credited service.

6. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and the interest rate is set at 1% above prime rate which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

7. Payment of benefits

On termination of service, attainment of retirement age, death or disability, benefits are paid out in a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of a qualifying hardship, participants may also receive a lump-sum distribution from the participant’s contributed balance, excluding employer matching contributions, up to the amount necessary to satisfy the financial need of the hardship.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Investments, valuation, and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of benefits

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded directly to the borrowing participants' accounts and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

7. Change in accounting policy

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent),* (ASU 2015-07). ASU 2015-07 eliminates the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurements. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Plan management has elected to adopt ASU 2015-07 early and these financial statements have been adjusted to reflect the adoption. The disclosures to the financial statements related to these investments are also segregated to be consistent with the statements of net assets available for benefits.

NOTE C - UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The December 31, 2016 and 2015 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Ascensus Trust Company, the Trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The value of the investments certified at December 31, 2016 and 2015 were $360,495 and $281,214, respectively and related investment income of $18,114 for the year ended December 31, 2016. Notes receivable from participants were also included in this certification.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Stable Value Fund: Valued at the net asset value ("NAV") of the units owned of the Fund. The NAV is used as a practical expedient to estimate fair value. The Fund seeks to provide investors stable principal and high current income, and invests in fully-benefit responsive investment contracts. The Fund's investments are comprised of guaranteed investment contracts ("GIC's"), separate account guaranteed investment contracts ("SGIC's"), synthetic guaranteed investment contracts ("SIC's"), money market mutual funds and other stable value products that can be carried at contract value.

Collective Trusts: Valued at the NAV of units of an insurance collective trust. The NAV, as provided by the trustee and, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that liquidations of securities will be carried out in an orderly business manner.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level the Plan's assets at fair value as of December 31:

2016

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 276,285	$ -	$ -	$ 276,285
Total assets in the fair value hierarchy	$ 276,285	$ -	$ -	$ 276,285
Investments measured at net asset value (a)				84,210
Total investment assets at fair value				$ 360,495

2015

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 228,850	$ -	$ -	$ 228,850
Total assets in the fair value hierarchy	$ 228,850	$ -	$ -	$ 228,850
Investments measured at net asset value (a)				52,364
Total investment assets at fair value				$ 281,214

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The following table summarizes investments measured at fair value based on the NAV per share as of December 31:

2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	$ 5,498	n/a	Daily	(a)
Collective trusts	78,712	n/a	Daily	n/a
	$ 84,210			

2015	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	$ 5,209	n/a	Daily	(a)
Collective trusts	47,155	n/a	Daily	n/a
	$ 52,364			

(b) The Fund provides for daily redemptions by the Plan at reported contract value per share, with no advance notification requirement for the purpose of funding a bona fide benefit payment, making a participant loan, honoring an employee-directed transfer of the employee's interest in the Plan to another investment election, or paying trust fees. Withdrawals from the Fund for any other purpose generally require 12 months advance written notice.

Certain events limit the ability of the Fund to transact at contract value. These events may include, but are not limited to, the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events within the control of the Fund or the Plan Sponsor resulting in a material and adverse financial impact on the Fund's obligations under the GIC. No events have occurred that would prevent participants from transacting at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held by Ascensus Trust Company, Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan also receives investment advisory services performed by Chairvolotti Financial. Fees incurred by the Plan for the investment advisory and management services are included in net appreciation (depreciation) in the fair value of the investments, as they are paid daily through deductions to the net asset value, rather than direct payment. It is impractical to estimate the total fees paid through this arrangement with the Trustee. Fees paid by the Plan for administrative expenses amounted to $3,555 for the year ended December 31, 2016.

All of these party-in-interest transactions are exempt from the prohibited transactions under rules of ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE G - INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan adheres to the provisions of FASB ASC 740, *Income Taxes*, which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions (“UTPs”). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2016 and 2015, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks, such as, interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Notes receivable from participants

The attached financial statements report notes receivables from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. These represent a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2016 and 2015.

NOTE J - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through January 12, 2018, the date the financial statements were available to be issued, and has determined that no material events occurred that would require disclosure.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unqualified **(2)** ☐ Qualified **(3)** ☐ Disclaimer **(4)** ☐ Adverse

b Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)? ☐ Yes ☐ No

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **(2)** EIN:

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. **(2)** ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	4a			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	4b			

			Yes	No	Amount
c	Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**
