NOTE 1. DESCRIPTION OF THE PLAN

The following description of the ChenMed, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan Sponsor is ChenMed, LLC (the "Company" or "Sponsor").

General

The Plan is a defined contribution plan covering all eligible employees of the Sponsor who have completed 60 days of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company utilizes a discretionary matching contribution formula to calculate the contribution matches based upon participant deferrals during the year. The Company may also contribute using a Safe Harbor Matching contribution formula.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and earnings from participant directed investments, net of administrative expenses, if any. Allocations of administrative expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest in discretionary Company contributions based upon the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant contributions and rollover account balances (balances resulting from transfers of benefits from other qualified plans) and earnings thereon are 100% vested at all times.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Plan Administration

The Plan is administered by the Company. The Plan assets are held with Principal Trust Company.

Forfeitures

At December 31, 2016 and 2015, there were no forfeited non-vested accounts. In accordance with the Plan agreement, forfeitures can be used to reduce future employer contributions or Plan expenses.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions in any of the investment options offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account and subsequent to January 1, 2014 bear interest at the Prime rate of interest as published in the Wall Street Journal plus 2% per year, at the time of the loan application. At each of December 31, 2016 and 2015, the interest rates on participant loans ranged from 5.50% to 5.75%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installment payments made on a monthly, quarterly or annual basis over a period not to exceed the participant's estimated life expectancy. If the participant's vested account balance is less than $1,000 at the date of death, disability, termination or retirement, then that balance shall be distributed in a single lump-sum payment. If the participant's vested account balance is $1,000 or greater, and $5,000 or less at the date of death, disability, retirement or termination of employment, and the participant has failed to make a distribution election, the participant's vested interest in his or her account will be automatically rolled into an IRA. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their allocation of employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Changes in Accounting Principle

The Plan has early adopted Accounting Standards Update ("ASU") 2015-07 related to fair value measurements for investments that calculate net asset value ("NAV") per share (or its equivalent). Pursuant to retrospective application of the new guidance in 2016, the accompanying financial statements do not present information pertaining to the fair value hierarchy for investments in common collective trusts valued under the NAV per share practical expedient to estimate fair value.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices at year end. The fair value of the Plan's interest in a common collective trust is valued at NAV per unit as a practical expedient to estimate fair value. NAV is determined to be contract value, the value at which participants ordinarily transact. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon on the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Sponsor. No such employees receive compensation from the Plan. Certain administrative expenses, such as professional fees, are paid directly by the Company. Plan expenses are recorded when they are incurred.

Party-In-Interest Transactions

Certain Plan investments are managed by the Plan's custodian as defined and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations

All of the Plan's assets at December 31, 2016 and 2015 are held by the custodian, Principal Trust Company, located in Wilmington, Delaware.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared by and certified as complete and accurate by Principal Trust Company.

	2016	2015
Investments, at fair value	$ 16,369,677	$ 8,856,145
Notes receivable from participants	177,967	114,000
	$ 16,547,644	$ 8,970,145

For the year ended December 31, 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the Plan year) in common collective trusts and mutual funds appreciated in value by $972,131. In addition, dividends relating to the Plan's investments and interest on notes receivable from participants amounted to $17,347 and $6,050, respectively.

NOTE 4. FAIR VALUE MEASUREMENT

Generally accepted accounting principles require the Plan to report its investments at estimated fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodology used at December 31, 2016 and 2015.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

The following table presents information about the Plan's assets measured at fair value as of December 31, 2016 and 2015:

ASSETS, at fair value as of December 31, 2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

There were no transfers between the levels of the fair value hierarchy during the year ended December 31, 2016.

NOTE 5. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with "*Accounting for Uncertainties in Income Taxes*" as prescribed by the Accounting Standards Codification, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return's due date or the date filed) that remain subject to examination by the Plan's major tax jurisdictions.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 6. NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS

There was an unintentional delay in 2015 by the Company in submitting employee contributions and loan repayments to the custodian of approximately $12,300. At December 31, 2015 approximately $18,000, which was inclusive of employer match and lost earnings, was due to the Plan and was included in other employer contributions receivable in the accompanying statements of net assets available for benefits. At December 31, 2015, approximately $2,300 of the amounts due to the Plan were to participants no longer employed by the Plan Sponsor and are therefore were included in benefits paid and distributions payable to participants in the accompanying financial statements.

NOTE 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 to Schedule H of the Form 5500:

Net assets available for benefits per the financial statements	$	7,254,575
Plus: adjustment from fair value to contract value for fully benefit-responsive investment contracts		194
Less: delinquent employer contributions receivable	(	61,477)
Net assets available for benefits per the Form 5500	$	7,193,292

NOTE 8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through January 30, 2018, which is the date the accompanying financial statements were available to be issued.
