Report of Independent Auditors

To the Participants, Beneficiaries and Plan administrator of
Sage Environmental Consulting, L.P. 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sage Environmental Consulting, L.P. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we have not obtained sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investments and notes receivable from participants and executes the related transactions. The Plan administrator obtained certifications from the custodian as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the Plan administrator by the custodian is complete and accurate.

As of December 31, 2016 and 2015
and for the year ended December 31, 2016

1. Description of Plan

Sage Environmental Consulting, L.P. 401(k) Profit Sharing Plan (the "Plan"), is a defined contribution 401(k) and profit sharing plan covering substantially all employees of Sage ATC Environmental Consulting LLC, Sage Environmental Consulting, L.P., Sage Environmental Holdings, LLC, Dexter Field Services, and 4C Marketplace LLC (collectively, the "Company" or "Plan Sponsor"). The Plan became effective August 1, 2011 and was most recently restated effective January 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The custodian of the Plan is Charles Schwab Bank (the "Custodian"). The recordkeeper of the Plan is Retirement Horizons Inc. (the "Recordkeeper"). The Plan is administered by the Company, and an officer of the Company acts as trustee (the "Trustee") of the Plan. Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Eligibility

Employees are eligible to participate in the Plan beginning the first day of the month coinciding with or next following their dates of hire. Participants must be employed on December 31 to be eligible for employer matching or profit sharing contributions unless the participant terminates due to death, disability, or retirement. Interns are not eligible to participate in the Plan.

Contributions

All eligible employees are automatically enrolled in the Plan with a deferral percentage of 5% on a pre-tax basis, unless the employees elects otherwise. This percentage will automatically increase by 1% annually until it reaches a maximum of 10%. Eligible employees have the option to contribute pre-tax and Roth 401(k) contributions of up to 100% of their eligible compensation, as defined, subject to limitation under the Internal Revenue Code ("IRC"). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

1. Description of Plan (continued)

Contributions (continued)

The Company may make a discretionary employer matching and/or profit sharing contribution to the Plan each year up to the maximum amounts permitted by the IRC. During the year ended December 31, 2016, the Company elected to make a matching contribution equal to 50% of employee contributions up to the first 6% of eligible compensation. The Company did not elect to make a profit sharing contribution for the year ended December 31, 2016.

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of credited service, as defined. A participant is 100% vested upon death, disability, retirement or after five years of credited service, which is earned in 20% increments annually.

1. Description of Plan (continued)

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and are used to pay Plan administrative expenses or reduce future Company contributions. The forfeited unvested account balance totaled $0 and $13,104 at December 31, 2016 and 2015, respectively. For the year ended December 31, 2016, forfeitures totaling $178,213 were utilized to reduce the Plan's 2015 employer contributions remitted in 2016.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of (i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months less the outstanding balance on the date a new note receivable is made or (ii) 50% of their vested account balance, whichever is less. Participant notes receivable are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Participants may only have one note receivable outstanding at a time. Principal and interest are paid ratably through payroll deduction over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence in which case repayment terms may be extended.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement at age 55, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form. The Plan administrator may distribute terminated participants' account balances that are less than $1,000 in a lump sum without the participant's consent.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant who has attained normal retirement age and participated in the Plan for a minimum of five years. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

1. Description of Plan (continued)

Hardship distributions are not permitted under the Plan.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service ("IRS") penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Cash and Cash Equivalents

Cash and cash equivalents may include cash, funds received prior to year-end awaiting allocation to the appropriate investment option, if any, and short-term common collective trust funds sponsored by custodial banks.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

2. Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Company evaluated events occurring between the end of the most recent fiscal year and January 30, 2018, the date the financial statements and supplemental schedule were available to be issued. See specific subsequent events disclosed in Note 8.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

3. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Self-directed brokerage account*: Valued at the NAV of shares of common stocks and mutual funds held by the Personal Choice Retirement Account ("PCRA") at year end.
- *Money market funds*: Valued as cash equivalents, which approximates fair value.
- *Common/collective trust fund: (Morley Stable Value Fund)*: Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of the fund. The underlying assets are valued based on the NAV, which is provided by the investment account manager as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments, at fair value, as of December 31, 2016 and 2015.

	December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Self-directed brokerage account	**$ 1,133,850**	**$ -**	**$ -**	**$ 1,133,850**

Total investments, at fair value	**$ 19,326,639**	**$ -**	**$ -**	**$ 19,326,639**

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Self-directed brokerage account	$ 1,139,711	$ -	$ -	$ 1,139,711
Money market fund	433,490	-	-	433,490
Mutual funds	16,857,189	-	-	16,857,189
Total investments, at fair value	$ 18,430,390	$ -	$ -	$ 18,430,390

Investments, at fair value, that are valued using NAV as a practical expedient totaling $442,010 and $473,932 have been excluded from the tables above as of December 31, 2016 and 2015, respectively.

Fair Value of Investments in Entities that Use Net Asset Value

The objective of the Morley Capital Stable Value Fund (the "Fund") is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile and liquidity for benefit-responsive payments by investing primarily in a variety of high quality stable value investment contracts and cash and cash equivalents. Redemption is generally permitted daily. Individual participant redemptions for benefit payments and redemptions by participants to reinvest in options that do not compete with the Fund are generally permitted without restriction. A twelve-month advance written notice is required should the Plan initiate a full redemption of the Fund. There are no unfunded commitments and no changes in the valuation methodology used at December 31, 2016 or 2015.

3. Fair Value Measurements (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of Levels 1, 2 or 3.

4. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2016.

5. Related-Party Transactions and Party-In-Interest Transactions

Plan assets include investments in funds managed by Retirement Horizons, Inc. and Charles Schwab Bank, the Plan's recordkeeper and custodian, respectively. As such, transactions with these entities qualify as party-in-interest transactions under ERISA. The recordkeeper credits the Company's administrative expenses for any revenue sharing received. The Company earned $14,668 in revenue sharing during the year ended December 31, 2016, all of which was applied to administrative expenses. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. See Note 8 regarding the Plan's merger subsequent to year-end.

In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

7. Income Tax Status

The underlying volume submitter plan instrument from FIS Business Systems LLC has received an advisory letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the IRC; and therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2016-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS advisory letter. The Plan has also adopted other discretionary amendments. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan Trustee has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, and for the year ended December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

8. Subsequent Events

On February 1, 2017, Plan management approved the following amendments, which are effective as of January 1, 2017:

- Plan sponsor and employer: updated to Sage ATC Environmental Consulting LLC
- Plan name: updated to Sage ATC Environmental Consulting LLC 401(k) Plan
- Normal retirement age: now age 64
- Matching contribution allocation: all participants employed during the Plan year shall now be eligible to share in the matching contribution for the Plan year

On March 2, 2017, Plan management approved the following amendments, which are effective as of April 1, 2017:

- Plan entry date: participants may now enter the Plan immediately upon meeting the Plan's eligibility requirements
- Eligible compensation: includes all W-2 wages and no longer excludes bonus pay
- Service crediting: now based on elapsed time
- Automatic enrollment: the initial enrollment percentage is now 3% with the automatic increase of 1% each year thereafter capped at 8%

Effective January 1, 2018, the Plan was amended and all Plan assets merged into the ATC Group Services LLC 401(k) Plan. On January 2, 2018, all plan assets transferred from Charles Schwab Bank to National Financial Services LLC, a subsidiary of Fidelity Investments.

9. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. For the year ended December 31, 2016, the Company failed to remit to the Plan's custodian certain employee contributions and loan repayments totaling $875,402 within the period prescribed by DOL regulations, which have not yet been corrected. Delays in remitting contributions to the custodian were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator is in the process of correcting these untimely remittances.
