ARNOFF MOVING & STORAGE, INC.
401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

1. Description of plan:

The following description of Arnoff Moving & Storage, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan includes an employer funded nondiscretionary defined contribution component and an employee funded discretionary 401(k) component covering eligible employees who have six months of service and a minimum age requirement of nineteen. The Plan allows automatic entry of new employees into the Plan on a rolling basis upon meeting the service and age requirements. The following companies participate in the Plan: Arnoff Moving and Storage Inc.; Arnoff Moving and Storage of Florida, Inc.; Arnoff Moving and Storage of Albany, Inc.; Arnoff Storage, Inc.; Stewart Liner Transportation Corp.; M&L Properties, LLC; and Tivoli Properties, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants in the 401(k) plan may contribute through salary reduction up to 90 percent of annual compensation defined by the Plan, subject to annual statutory limit determined by the Internal Revenue Code. Upon meeting the service and age requirements, newly eligible employees will automatically have 2% of gross wages contributed to the Plan and invested in the Morgan Stanley Stable Value Fund, a common collective trust, unless otherwise elected. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Employees over 50 may elect to make catch-up contributions in excess of Plan limits.

The employers' boards of directors determine a discretionary profit sharing contribution each year.

Participant accounts

Each participant's account is credited with the participants' contributions, allocation of the employer contributions, plan earnings, and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of plan (continued):

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Vesting in the Company contributions portion plus earnings thereon is based on a participant's years of service. Such contributions, if any, vest in accordance with the Plan's vesting schedule. Participants are 100 percent vested after six years of credited service.

Participant loans

Participants may borrow from a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. Loan transactions are treated as a transfer between the investment funds and the Participant Loan fund. Loan terms range from one to five years or up to ten years for the purpose of purchasing a principal residence. Loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus one hundred basis points. Principal and interest is collected ratably through weekly or biweekly payroll deductions. If a participant separates from service prior to repayment of the loan, the unpaid balance is deemed to be a distribution. Participant loans are stated at contract value, which approximates fair value.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount, a direct transfer to another qualified retirement account equal to the participant's vested interest in his or her account, or in installments over a period of not more than the participant's or the participant's spouse's assumed life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or rollover to another qualified plan.

Participants are eligible for in-service distributions from their 401(k) and profit sharing accounts.

Forfeited accounts

Forfeitures result from a participant's termination of service prior to achieving full vesting in the Company contributions. Such forfeitures are used to reduce Company contributions, when made, and are allocated to the participants' accounts in the same manner as the employers' contributions in the year in which the forfeiture arose. The reallocation of forfeited accounts is done as of the last day of the plan year.

1. Description of plan (continued):

Investment options

The assets of the Plan are allocated to the various investment funds at the direction of the participant. Upon enrollment, a participant may direct his or her 401(k) contributions in their chosen increments in any of the twenty investment options offered under a group annuity contract issued by JP Morgan Chase Bank, N.A., from June 1, 2009 to December 31, 2009, and State Street Bank and Trust Company, from January 1, 2008 to June 1, 2009.

2. Summary of significant accounting policies:

Basis of presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America which utilize the accrual method of accounting. Consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Adoption of new accounting pronouncements

On July 1, 2009, the Financial Accounting Standards Board (FASB) issued FASB Statement of Financial Accounting Standards (SFAS) No. 168, *"FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles,"* which is included in FASB Accounting Standards Codification (ASC) 105 *"Generally Accepted Accounting Principles"* (GAAP). This new guidance approved the FASB ASC as the single source of authoritative nongovernmental GAAP. The FASB ASC is effective for interim or annual periods ending after September 15, 2009. All existing accounting standards have been superseded and all other accounting literature not included in the FASB ASC will be considered non-authoritative. The ASC is a restructuring of GAAP designed to simplify access to all authoritative literature by providing a topically organized structure. The adoption of FASB ASC did not impact the affiliated group's financial statements. Technical references to GAAP included in these notes to the financial statements are provided under the new FASB ASC structure.

In May 2009, the Financial Accounting Standards Board issued a new standard pertaining to subsequent events (incorporated into the *Subsequent Events* of the FASB ASC) that established principles and requirements for subsequent events and applied to accounting for and disclosure of subsequent events not addressed in other applicable GAAP. The adoption of the new standard had no impact on the Plan's financial statements.

2. Summary of significant accounting policies (continued):

Accounting methods

Net Assets Available for Benefits and Changes in Net Assets Available for Benefits differ from that reported on Internal Revenue Service Form 5500, *Annual Return/Report of Employee Benefit Plans*. This difference is the result of using the cash basis for governmental reporting purposes and the accrual basis for financial reporting purposes. See Note 12 for a reconciliation of the financial statements to Form 5500.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value as determined by the trustees, using market quotations. Securities are valued at the last reported sales price on the last business day of the Plan's year. Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments.

Fair value measurements

The Plan adopted GAAP concept of *Fair Value Measurements*, effective August 1, 2008. In accordance with GAAP, fair value is defined as the price that the Plan would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment. GAAP establishes a three-tier hierarchy for measuring fair value of assets and liabilities. The three-tier hierarchy of inputs is summarized in three broad levels: Level 1 - quoted prices in active markets for identical securities, Level 2 - other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.) and Level 3 - significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments).

Participant loans receivable are valued at cost which approximates fair value.

2. Summary of significant accounting policies (continued):

Payment of benefits

Benefits are recorded when paid.

Income taxes

The Plan's accounting policy is to provide liabilities for uncertain tax positions when a liability is probable and estimable. The Plan administrator is not aware of any violation of its tax status as an entity exempt from income taxes. Information returns for the years 2007 to 2009 are subject to audit by the applicable government jurisdictions.

3. Investments:

The Statement of Net Assets Available for Benefits as of December 31, 2009 and 2008, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009, and the accompanying notes to the financial statements were prepared in part from information certified by the applicable Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $3,210,270 and $2,969,855 at December 31, 2009 and 2008, and related investment gains of $478,173 for the year ended December 31, 2009.

Effective June 1, 2009, the Plan elected to change its Trustee from State Street Bank and Trust Company to JP Morgan Chase Bank, N.A., and $2,872,641 in trust assets were transferred to JP Morgan Chase Bank, N.A.

3. Investments (continued):

The plan investments are held in a trustee administered trust account and the following table presents the value of investments that represent five (5%) percent or more of the Plan's net assets available for benefits:

	2009	2008

4. Investment in stable value contract:

The Plan maintains an investment in a stable value contract, the Morgan Stanley Stable Value Fund. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contract is included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses) because it is fully benefit responsive. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 was $371,808. The average yield and crediting interest rate was approximately three percent for 2009. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero.

The following table reconciles the fair value to contract value:

	Major Credit Ratings	Investment at Fair Value	Adjustment to Contract Value
Stable Value Fund	N/A	$371,808	$53,904

5. Fair value measurements:

In accordance with the provisions of GAAP, *Fair Value Measurements*, the following are the Plan's financial assets presented at fair value:

6. Distribution payable:

At December 31, 2009, net assets available for plan benefits included $28,158 for distributions to participants who have withdrawn from the Plan prior to the end of the Plan year.

7. Administration of plan assets:

The Companies that sponsor the Plan have generally paid the expenses of the Plan, including audit fees and consulting services. Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain expenses are charged to participant's accounts such as benefit disbursement processing fees and loan processing fees.

8. Tax status:

The Internal Revenue Service determined and informed the Companies that sponsor the Plan by a letter dated July 14, 1989 that the original Plan was qualified and the Trust established under the Plan was tax exempt, under the appropriate sections of the Internal Revenue Code. In 2002, the Plan adopted Automated Data Processing, Inc.'s ("ADP") prototype plan, which has been approved by the Internal Revenue Service.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Summary of information certified by plan trustee:

The Trustees, State Street Bank & Trust Company (through June 1, 2009) and JP Morgan Chase Bank, N.A., (thereafter) have supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, transactions, and income presented in the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008, the statements of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule of assets held for investment as of December 31, 2009.

11. Plan termination:

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of Plan termination, participants will become 100% vested in their accounts.

12. Reconciliation of financial statements to IRS Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of IRS Form 5500:

Net assets available for benefits per Schedule H of the Form 5500	$ 3,199,105	$ 2,949,266

13. Subsequent events:

Management has evaluated subsequent events through August 26, 2010, which is the date the financial statements are available for issuance, and have determined that there are no subsequent events which require disclosure under GAAP.
