INDEPENDENT AUDITORS' REPORT

To the Participants and Administrative Committee of
Consolidated Engineering Laboratories Union 401(k) Plan
San Ramon, California

We were engaged to audit the accompanying statements of net assets available for benefits of the Consolidated Engineering Laboratories Union 401(k) Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplementary schedule of assets held as of December 31, 2009. These financial statements and supplementary schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Wells Fargo Bank, the custodian of the Plan, except for comparing the information with related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary schedule taken as a whole. The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CONSOLIDATED ENGINEERING LABORATORIES
UNION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2009 and 2008

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Consolidated Engineering Laboratories (the Company) Union 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective January 1, 2009, the Plan was restated to comply with the requirements of the Employee Retirement Income Security Act (ERISA) of 1974 and the Internal Revenue Code (IRC) OF 1986, as amended by subsequent legislation.

General

The Plan is a defined contribution plan covering employees of the Company who become eligible the first day of the month following their hire date and are age twenty-one or older and are covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2008, the administrative committee changed the third party plan administrator to Pension Dynamics. This change in third party plan administrator resulted in the change in directed trustee and custodian to Wells Fargo Bank as well as new investment options for participant contributions. Participants should refer to the Plan agreement for a more complete description.

Contributions

Eligible participants may defer up to 100% of eligible compensation up to a maximum of $16,500 and $15,500 respectively in 2009 and 2008. Eligible participants who are at least 50 years old by the end of the year can contribute an additional $5,500 and $5,000 in 2009 and 2008, respectively.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into the various investment options offered by the Plan.

The Company may also make discretionary matching contributions to the Plan, but is not required to contribute to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and Plan earnings. Investment income allocations are based on participant account balances on a daily valuation basis. Allocation among the available funds is at the participant's discretion. Participants may change their investment options at any time. The benefit to which a participant is entitled is limited to the amount of the participant's vested account balance.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is fully vested after six years of credited service. To earn a year of service for vesting purposes, a participant must be credited with at least 1,000 hours of service during the Plan year.

Break in Service

A participant will incur a break in service during any Plan year in which participant works less than 501 hours.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Loans must be repaid within five years unless used to purchase a primary residence, in which case, the term of the loan will be determined by the Plan Administrator considering maturity dates quoted by representative commercial banks in the local area for a similar loan. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may also receive the value of the vested interest in his or her account as a lump sum distribution. The Plan was amended on March 28, 2005 to provide for automatic distribution for account balances up to $5,000. For account balances greater than $1,000 but not more than $5,000, if the participant does not elect to have the account balance paid directly to an "eligible retirement plan" or to receive the distribution directly, then the account balance shall be rolled over to an individual retirement plan designated by the Plan Administrator.

The normal retirement age under the Plan is the later of 65 years of age, or the fifth anniversary of participation in the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, are forfeited. Forfeitures may be used to pay administrative expenses as directed by the Company and/or to restore previously forfeited account balances as stated in the Plan document. Any remaining forfeitures will then be used to reduce Company contributions. During 2009 and 2008, there were no Plan forfeitures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Participant loans are valued at their outstanding balances, which approximate fair value.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Administrative expenses of the Plan totaled $12,932 for the year ended December 31, 2009.

Subsequent Events

The Plan has evaluated all event subsequent to the statements of net assets available for benefits of December 31, 2009 through September 23, 2010, which represents the date these financial statements are available to be issued. There were no material events or transactions occurring during this subsequent event reporting period, which requires recognition or disclosure in the financial statements.

Reclassification

Certain prior year financial statement amounts were reclassified to conform to current year presentation.

NOTE 3 – INVESTMENTS

The following investments represent 5% or more of the Plan's net assets as of December 31:

	2009	2008
Vanguard Lifestrategy Conservative Growth Fund	$ 316,583	$ 400,282
Vanguard Prime Money Market Fund	184,553	158,353
Vanguard Energy Fund	114,171	73,673
Dreyfus Greater China Fund	105,870	-
Janus Orion Fund	102,549	-
Dodge & Cox International Stock Fund	99,967	-

During 2009, the Plan's mutual fund investments (including gains and losses on investments bought, sold, as well as held during the year) appreciated in value by $394,649.

NOTE 4 – FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Money Market and Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.
Participant loans: Valued at amortized cost, which approximate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,810,361	$ -	$ -	$ 1,810,361
Participant loans receivable	-	-	36,295	36,295
Total investments at fair value	$ 1,810,361	$ -	$ 36,295	$ 1,846,656

The Table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 49,542
Realized gains/(losses)	-
Unrealized gains/(losses) relating to instruments still held at the reporting date	-
Principal payments and issuance (net)	(13,247)
Balance, end of year	$ 36,295

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,371,076	$ -	$ -	$ 1,371,076
Participant loans receivable	-	-	49,542	49,542
Total investments at fair value	$ 1,371,076	$ -	$ 49,542	$ 1,420,618

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and all unallocated amounts shall be allocated to the accounts of all participants.

NOTE 6 – AMOUNTS ALLOCATED TO PARTICIPANTS WHO HAVE WITHDRAWN

At December 31, 2009, fourteen participants with account balances totaling $361,209 had withdrawn from participation upon termination, but had not yet received distribution of their vested account balances.

NOTE 7 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan's investments are currently held in safekeeping with Wells Fargo Bank, the Plan's custodian. Investments are in accordance with the policy set by the Plan's Administrator or by subsequent policy amendments.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, the directed trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008 and the schedule of assets held for investment purposes as of December 31, 2009, and the related investment activity reflected in the statement of changes in assets available for benefits for the year then ended.

NOTE 8 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan was amended and restated December 23, 2009, and received a volume submitter favorable determination letter for the prototype used. The Plan Administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
