EQUITY GROUP - ALABAMA DIVISION
MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of Equity Group - Alabama Division Money Purchase Pension Plan (the "Plan") provides only general information. The Plan sponsor is Keystone Foods LLC (the "Company"). The Equity Group - Alabama Division is a division of the Company. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a money purchase pension plan covering eligible employees who have completed at least one year of service and are at least 18 years of age. Eligible employees are defined as any employee who is (a) compensated on an hourly basis, (b) employed by the Equity Group - Alabama Division of the Company and (c) covered by the Collective Bargaining Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Upon satisfying these requirements, an employee will become eligible to enter the Plan on the first day of the calendar month coinciding with, or subsequent to, the date the participant meets the eligibility requirements.

The Plan was amended and restated effective January 1, 2010.

Employer Contributions

The Company contributes a set amount for each calendar month in which an eligible employee completes at least five days of service. The amount is set as a provision of the union contract which expires on March 3, 2013. The contract states that each eligible employee will receive a contribution equal to \$32 per month from January 1, 2009 to June 30, 2009 and \$34 per month from July 1, 2009 to December 31, 2009.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to include the employer's contributions, as well as the participants' share of the Plan's investment income and expenses. Participants are provided with a selection of mutual funds and a common/collective trust held by Vanguard Fiduciary Trust Company ("Vanguard") in which to invest contributions. Earnings are credited to each participant's Vanguard account based upon the performance of the respective funds selected by the participant. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants become vested in the employer contributions and the earnings or losses thereon over a five-year graduated vesting schedule (20% vested per year of service).

EQUITY GROUP - ALABAMA DIVISION
MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION (continued)

Benefit Payments

Upon termination of service due to death, disability, retirement (age 65) or early retirement (age 55 with 10 years of service), a participant may receive the value of the vested interest in his or her account as either a joint and survivor annuity, a single life annuity or a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

If a participant terminates his or her employment for reasons other than death, disability, or retirement, and the participant is not fully vested, the nonvested balance in his or her account is forfeited as of the last day of the Plan year in which termination occurred. Forfeitures of terminated participants' nonvested employer contributions will first be used to reinstate previously forfeited accounts of former participants rehired prior to a five-year break in service or will be used to pay administrative expenses; any remaining amounts will be allocated equally among the participants' accounts of all active, deceased, disabled or retired participants as of the last day of the Plan year. During the year ended December 31, 2009, no forfeitures were applied as described above. The balance in the forfeiture account was approximately \$9,800 and \$7,600 as of December 31, 2009 and 2008, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Accounting Standards Codification

In June 2009, the Financial Accounting Standards Board ("FASB") issued the Accounting Standards Codification ("ASC") which is the single source of authoritative nongovernmental accounting principles generally accepted in the United States of America. The adoption of the FASB ASC did not impact the Plan's financial position or results of operations.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

EQUITY GROUP - ALABAMA DIVISION
MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares held by the fund at year-end. The Plan's interest in the common/collective trust is valued based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year-end.

Purchases and sales of securities are recorded on a trade-date basis with gains and losses recorded in net appreciation (depreciation) in fair value of investments. Dividends are recorded on the ex-dividend date.

The change in fair value during the year is measured by the difference between the fair value at year-end and the fair value at the beginning of the year or the cost of purchases during the year and is included in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These fees are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses incurred in connection with the administration of the Plan are paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value of Financial Instruments

U.S. GAAP requires that fair value is to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such is a market-based measurement, not an entity-specific measurement.

U.S. GAAP establishes a three-level valuation hierarchy based upon observable and nonobservable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable either directly or indirectly; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data, for substantially the full term of the assets or liabilities.

Level 3 – Significant inputs to the valuation model that are unobservable, typically based on a Plan's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The methods of valuation described herein may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Accounting for Uncertainty in Income Taxes

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds and units of a common/collective trust managed by Vanguard. Vanguard is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under this Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Company shall make no further contributions to the Plan and participants would become immediately vested in their employer contributions.

NOTE 7 – TRUSTEE CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. NOTE 8 – TAX STATUS

The Plan obtained its latest determination letter on June 14, 2002 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements. In April 2010, the Plan applied for a new determination letter.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2009 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 10 – SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 1, 2010, which is the date the financial statements were available to be issued.

In June 2010, the members of Keystone Foods LLC and Marfrig Alimentos SA ("Marfrig Group") reached an agreement whereby the Company will be sold to Marfrig Group. The transaction is expected to be completed by the fall of 2010. The effect of the sale on the Plan's operations is unknown as of October 1, 2010.
