1. DESCRIPTION OF PLAN

The following description of the Rochester Management, Inc. Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for the employees of Rochester Management, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor and the administrator of the Plan. JP Morgan Chase Bank, N.A. (JP Morgan) became a trustee of the Plan's assets effective November 4, 2009. Prior to November 4, 2009, TD Ameritrade Trust Company (TD Ameritrade), formerly Fiserv Trust Company, was the trustee of the Plan. At December 31, 2009, both JP Morgan and TD Ameritrade are trustees of the Plan. During 2010, the Plan will transfer the remaining assets held by TD Ameritrade to JP Morgan and TD Ameritrade will no longer be a trustee of the Plan.

ADP Retirement Services is the Plan's third-party administrator and began providing recordkeeping services for the Plan effective November 4, 2009. Prior to November 4, 2009, EBS Benefit Solutions was the Plan's third party administrator and provided recordkeeping services for the Plan.

Eligibility

Individuals become eligible to participate in the Plan after attainment of age 21 and completion of six months of service as defined in the Plan document. Participation commences on the first day of the quarter coinciding with or next following attainment of eligibility requirements.

Contributions

Participants may make voluntary pre-tax and Roth contributions in the form of salary reductions based on a percentage of their annual compensation, subject to certain limitations under the Internal Revenue Code (IRC). The Company makes matching contributions on behalf of the Plan's participants. The Company matches 100% of employee contributions up to 2% of their compensation, 50% on the next 1% of their compensation, and 25% on the next 2% of their compensation. Participants with ten or more years of service, if deferring at least 5% of Plan compensation, will receive an additional 1% match. Additionally, the Company has the ability to make discretionary profit sharing contributions as determined by its board of directors. No profit sharing contributions were made in either 2009 or 2008. Participants may direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Effective January 1, 2008, the Plan was amended to include an automatic enrollment provision. Newly eligible employees who have otherwise not affirmatively opted out of enrolling in the Plan are automatically enrolled. Employees enrolled as a result of this provision must defer 2% of their compensation to the Plan.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) actual earnings thereon. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in all employee contributions and actual earnings thereon. Participants must accrue three years of service to become fully vested in all Company contributions.

Forfeitures
Forfeitures of non-vested accounts are first used to pay the expenses of the Plan and any remaining forfeitures are used to reduce the Company's matching and profit sharing contributions. There were no forfeitures used to reduce expense of the Plan or Company contributions during 2009 and 2008.

Administrative Expenses
The majority of the administrative expenses of the Plan are paid by the Company.

Participant Loans
Effective November 1, 2009, participants are permitted to borrow from their accounts subject to certain limitations. Loans are recorded at their outstanding principal balance at year-end, which approximates fair value. The term of loan repayment may not be greater than five years. The loans bear interest at the prime rate plus 1% and are fixed at the time of the loan.

Hardship Withdrawals
Hardship withdrawals are permitted from the Plan from the participant's pre-tax and Roth elective deferral accounts.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, participants receive a distribution of their vested account balances. Participants can elect a lump sum payment or installment payment. Prior to November 1, 2009, the Plan provided for Joint and Survivor annuity as a form of distribution.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)
As described in the ASC Section 962-325-35, *Reporting for Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a stable value fund and a common/collective trust which hold fully benefit-responsive investment contracts. The Statements of Net Assets Available for Benefits present the fair value of the investment in the stable value fund and common/collective trust as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investments
The Plan's investments are stated at fair value. Purchases, sales and interest income are recorded on the trade-date basis. Dividend income is recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains or losses on the Plan's investments.

Fair Value Measurements
ASC Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2009 and 2008.

Mutual funds: valued at fair value based on quoted market prices.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)
Common/collective trust: valued at fair value as reported by JP Morgan Chase Bank N.A., based on the value of the underlying investments.

Stable value fund: valued at fair value based on the underlying unit value of the fund's investments.

Participant loans: valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Note 4 for a description of where the Plan's assets fall within the fair value hierarchy.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their values could occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Benefit Payments
Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

5. RECONCILIATION TO FORM 5500 (Continued)

Participant and employer contributions are recorded using the accrual basis of accounting in the accompanying financial statements, but are reported using the cash basis of accounting on Form 5500. In addition, certain classifications of the change in net assets available for benefits differ between the financial statements and Form 5500.

6. TAX STATUS

The Plan obtained its latest determination letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving that determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Uncertain Tax Positions

In 2006, the Financial Accounting Standards Board (FASB) issued interpretation No. 48, *Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109, Accounting for Income Taxes* (FIN 48 now known as Accounting Standards Codification (ASC) Section 740). This interpretation addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. For employee benefit plans, their tax-exempt status itself is deemed to be an uncertainty, since events could potentially occur to jeopardize their tax-exempt status. ASC Section 740 provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosures and transition. The Plan adopted the provisions of ASC Section 740 on January 1, 2009 and there was no impact on the Plan's financial statements. At the date of adoption and as of December 31, 2009, the Plan does not have a liability for unrecognized tax benefits. The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2006.

7. PARTY- IN-INTEREST TRANSACTIONS

TD Ameritrade and JP Morgan are the trustees of the Plan's assets. As such, transactions between TD Ameritrade, JP Morgan and the Plan qualify as party-in-interest transactions. Additionally, certain plan assets consist of participant loans, which qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 30, 2010, which is the date the financial statements were available to be issued.
