INDEPENDENT AUDITORS' REPORT

September 13, 2010

To the Participants and Administrator of
Crown Hardware, Inc. Employees' 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of Crown Hardware, Inc. Employees' 401(k) Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CROWN HARDWARE, INC. EMPLOYEES' 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF PLAN

The following description of the Crown Hardware, Inc. Employees' 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Crown Hardware, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 20 years of age are eligible to participate in the Plan on January 1, April 1, July 1, October 1 following the completion of 12 months service, with a minimum of 1,000 hours worked.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 100 percent of eligible compensation, not to exceed the limits of the Internal Revenue Code (the IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make matching and/or profit sharing contributions as determined each year by resolution of the Company's Board of Directors. For the year ended December 31, 2009, the Company made no matching contributions and no discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any and (b) Plan earnings, and charged with allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN – (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability or retirement, or other reasons a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $1,000 will be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Participant Loans

Participants may borrow from their fund accounts a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions. Participants may only have one loan outstanding at any one time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with the provisions of accounting guidance issued by the Financial Accounting Standards Board (the FASB) on fair value measurements (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Subsequent Events

In May 2009, the FASB issued new guidance which establishes general standards for accounting for and disclosure of events that occur after the date of the financial statements but before financial statements are available to be issued. More specifically, this new guidance sets forth the period after the date of the financial statements during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition in the financial statements, identifies the circumstances under which an entity should recognize events or transactions occurring after the date of its financial statements and the disclosures that should be made about events or transactions that occur after the date of the financial statements. This new guidance provides largely the same framework for the evaluation of subsequent events which previously existed only in auditing literature. The Company has evaluated subsequent events through the date of the audit report, which is the date the accompanying financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

On January 1, 2008, the Plan adopted the required provisions of accounting guidance issued by the FASB on fair value measurements. The provisions of this guidance defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expands disclosures about fair value measurements. The guidance is intended to enable the reader of the financial statements to assess the quality and reliability of the inputs used to develop those measurements by establishing a hierarchy, which maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's estimates about the assumptions market participants would use in pricing the asset or liability based on the best information available under the circumstances.

3. FAIR VALUE MEASUREMENTS – (Continued)

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 – Defined as quoted market prices in active markets for identical assets and liabilities.

- Level 2 – Defined as observable market-based inputs or unobservable inputs which are corroborated by market data.

- Level 3 – Defined as unobservable inputs that are not corroborated by market data.

The fair value measurement level for an asset or liability, within the fair value hierarchy, is based on the lowest level of input that is significant to the fair value measurement at December 31, 2009 and 2008. Valuation methods need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies were used for the Plan's assets to measure fair value at December 31, 2009 and 2008:

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Participant loans: Loans to plan participants are valued at amortized cost, which approximates fair value and are classified within level 3 of the valuation hierarchy.

Although the methods above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values, the Plan believes its valuation methods are appropriate and consistent with other market participants and that the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS – (Continued)

The following fair value hierarchy table presents information about the Plan's investments measured at fair value on a recurring basis as of:

Description	Total	Level 1	Level 2	Level 3
December 31, 2009				
Registered investment companies	$ 1,248,638	$ 1,248,638	$ -	$ -
Participant loans	34,972	-	-	34,972
Total assets at fair value	$ 1,283,610	$ 1,248,638	$ -	$ 34,972
December 31, 2008				
Registered investment companies	$ 1,013,554	$ 1,013,554	$ -	$ -
Participant loans	26,004	-	-	26,004
Total assets at fair value	$ 1,039,558	$ 1,013,554	$ -	$ 26,004

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 26,004
Loans issued	24,100
Loan principal repayments	(11,726)
Loan distributions	(3,406)
Balance, end of year	$ 34,972

4. TAX STATUS

The Company adopted a Prototype Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008 which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter and has been restated for the Economic Growth and Tax Relief Reconciliation Act (EGTRRA). However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. INVESTMENTS

The following table presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2009 and 2008:

	2009
Growth Fund of America	$ 118,728
Money Market Fund	308,572
Fundamental Investor's Fund	131,727
American Balanced Fund	70,688
Capital Income Builder Fund	92,777
Capital World Growth and Income Fund	204,066
SmallCap World Fund	144,311

	2008
Growth Fund of America	$ 83,459
Cash Management Trust of America	303,175
Fundamental Investor's Fund	107,631
American Balanced Fund	74,485
Capital Income Builder Fund	64,838
Intermediate Bond Fund of America	60,935
Capital World Growth and Income Fund	146,658
SmallCap World Fund	81,220

During 2009, the Plan's investments in registered investment companies (including investments bought, sold and held during the year) appreciated in value by $190,434.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by American Funds, the custodian and record-keeper of the Plan. The Plan paid $255 in contract administration fees to American Funds during 2009. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.
