MEDICAL KNOWLEDGE GROUP 401 (K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

Note 1 - Description of Plan

General - The Plan is a defined contribution plan covering all full-time employees of the Company that are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions - Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan subject to a maximum amount as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds from a variety of companies. The Company has contributed 50 percent of the first 4 percent of base compensation that a participant contributes to the Plan. However, matching contributions by the Company are discretionary. Participants may also direct the investment of those matching contributions.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions. Company matching contributions and profit sharing contributions are vested as follows:

Years of Service	Employer Match	Profit Sharing
0-1	0%	0%
1-2	25%	0%
2-3	50%	20%
3-4	75%	40%
4-5	100%	60%
5-6	100%	80%
6-7	100%	100%

Note 1 - Description of Plan (continued)

Participant Loans - Participants may borrow from their fund accounts up to the amount of their vested balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 9.25 percent, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the particpant and his or her designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - At December 31, 2009 and 2008 there are no forfeited accounts.

Note 2 - Summary of Accounting Policies

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments which are substantially mutual funds are stated at fair value which is net asset value at year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Payment of Benefits - Benefits are recorded when paid.

Note 3 - Investments

Investments are directed by participants and can be invested in various mutual funds offered by the plan. Participants can change their investments online.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.
