Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Advance Beverage Company, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of September 30, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Great-West Trust Company, LLC, the record keeper of the Plan as agent for Empower Retirement, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the agent on behalf of the custodian, as of and for the years ended September 30, 2017 and 2016, that the information provided to the plan administrator by the agent for the custodian is complete and accurate.

Note 1. Plan Description

The following description of the Advance Beverage Company, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information with regard to the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a 401(k) profit sharing plan covering all eligible full-time employees of Advance Beverage Company, Inc. (the Plan Sponsor). The Plan has two provisions, one for the 401(k) portion of the Plan, and one for the profit sharing portion of the Plan. Eligibility under the 401(k) provisions begins immediately upon date of hire. To be eligible under the profit sharing provisions of the Plan, an employee must have completed one year of service. One year of service is defined as twelve consecutive months of service in which the employee works at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participating employees are allowed to make contributions of their pretax annual compensation as defined in the 401(k) portion of the Plan, pursuant to Section 401(k) of the Internal Revenue Code (IRC). The Plan Sponsor does not make a contribution under the 401(k) provision of the Plan.

The Plan Sponsor's contribution percentage under the profit sharing portion of the Plan is determined by the Board of Directors on an annual basis. For the years ended September 30, 2017 and 2016, the Plan Sponsor's profit sharing contribution was 0% and 5% of eligible participant wages, respectively. Contributions are funded annually.

Participant accounts:

Separate accounts are kept for each participant in the 401(k) provision of the Plan. Each participant account in the 401(k) provision is credited with the employees' elective deferrals, allocation of Plan earnings and Plan fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant account in the profit sharing provision is credited with the allocation of the Plan Sponsor's contributions, Plan forfeitures, Plan earnings and Plan fees. All amounts in participant accounts in the profit sharing provision of the Plan are nonparticipant-directed.

Vesting:

Participants are immediately vested in their elective deferrals plus actual earnings thereon under the 401(k) portion of the Plan. Vesting in the profit sharing contributions plus actual earnings thereon is based on continuous years of service. A participant is 100% vested after 6 years of credited service.

Notes receivable, participants:

Participants can apply for one or more loans from the Plan. The total amount owed to the Plan by an individual participant cannot exceed the lesser of 50% of such participant's vested account balances or $50,000 reduced by the highest outstanding balance of all loans during the preceding twelve months. These loans are secured by the balance in the participant's account and bear interest at the prime rate of interest plus 2% for the 401(k) Plan and 9% for the profit sharing Plan. Principal and interest are paid ratably through bi-weekly payroll deductions.

Forfeitures:

Forfeitures of terminated employees' non-vested account balances can be used to offset employer contributions or are allocated to active participants based on the respective accounts of the participants in proportion to the balances of such accounts as of the immediately preceding valuation date. The non-allocated forfeiture balances at September 30, 2017 and 2016 were $6,200 and $-0-, respectively. For the years ended September 30, 2017 and 2016, forfeitures used to offset the employer contribution were $-0- and $14,908, respectively.

Benefit payments and withdrawals:

Upon retirement, death or termination, a participant may elect to receive a distribution equal to the vested portion of their account balance. The elections available are installment distributions, a lump sum distribution or a partial lump sum and partial installment distribution. For terminated participants whose account balance is less than $5,000, the entire balance may be distributed in the form of a lump sum payment at the election of the trustees. Distributions are paid as soon as administratively practical.

Amounts allocated to accounts of persons who, at the financial statement date, have elected to withdraw from the Plan but have not been paid was $-0- at September 30, 2017 and 2016.

Note 2. Significant Accounting Policies

Basis of accounting:

Assets and liabilities, revenue and expenses of the Plan are maintained on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Cash and cash equivalents:

For purposes of reporting cash balances and cash flows, the Plan considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Cash and cash equivalents are concentrated in high quality financial institutions, and are

placed in money market funds, municipal bonds and commercial paper. At various times during the year, the Plan's cash balances exceeded the amount insured by the Federal Deposit Insurance Corporation (FDIC).

Investment valuation and income recognition:

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable, participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits:

Benefit payments are recorded when paid.

Plan expenses:

During the years ended September 30, 2017 and 2016, certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Tax status:

The Plan has been qualified under Section 401(a) of the Internal Revenue Code and, accordingly, income of the Plan is exempt from Federal and state income taxes. The IRS has determined and informed the Plan Sponsor by a letter dated November 17, 2004, that the Plan and related trust are designed in accordance with applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Note 3. Plan Termination

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any profit sharing contributions received. Payment of such amounts will be made to participants by the Trustees as directed by the Plan Committee.

Note 4. Fair Value Disclosures

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB are described as follows: Level 1- inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means; Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2017 and 2016:

Registered investment companies (mutual funds): Valued at the net asset value of shares held by the Plan at year end.

Common stocks and corporate bonds: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of September 30, 2017 and 2016, the Plan measured fair value using the following:

		Fair Value Measurements at September 30, 2017		
	Fair Value	***Level 1***	***Level 2***	***Level 3***
Common stocks	$ 7,127,400	$ 7,127,400	$ -	$ -
Registered investment companies	8,171,163	8,171,163	-	-
Corporate bonds	7,596,727	7,596,727	-	-
Total assets at fair value	$ 22,895,290	$ 22,895,290	$ -	$ -

		Fair Value Measurements at September 30, 2016		
	Fair Value	***Level 1***	***Level 2***	***Level 3***
Common stocks	$ 6,458,641	$ 6,458,641	$ -	$ -
Registered investment companies	6,482,283	6,482,283	-	-
Corporate bonds	8,868,276	8,868,276	-	-
Total assets at fair value	$ 21,809,200	$ 21,809,200	$ -	$ -

Realized and unrealized gains and losses included in the statement of change in net assets available for benefits for the years ended September 30, 2017 and 2016, are reported in net appreciation in fair value of investments.

Note 5. Investment Contract with Insurance Company

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive contract value and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, and does not have a minimum guaranteed interest rate. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (e) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 8. Party-in-Interest Transactions

During the years ended September 30, 2017 and 2016, the Plan paid $161,907 and $187,784, respectively, to parties-in-interest who include asset custodians, third party administrators, auditors and investment advisors. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules.

Note 9. Reconciliation of Financial Statements to Form 5500

Certain balances included on Schedule H, Part I, II on the Annual Return/Report of Employee Benefit Plan (Form 5500) have been reclassified for the purpose of presentation in the financial statements.

Note 10. Subsequent Events

The Plan has evaluated events and transactions subsequent to September 30, 2017 through July 10, 2018 the date the financial statements were available to be issued.

Subsequent to September 30, 2017, the profit sharing plan assets were transferred from BNY Mellon, asset custodian, to a new asset custodian, Wells Fargo Bank.
