Independent Auditor's Report

To the Retirement Plan Committee and Participants
Cast & Crew Payroll, LLC 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cast & Crew Payroll, LLC 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to the financial statements, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee held the Plan's investment assets and executed investment transactions. The Plan Administrator has obtained certifications from State Street Bank and Trust Company as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Emphasis of Matter
As discussed in Note 1 to the financial statements, the Talco Enterprises, LLC 401(k) Plan was merged into the Plan effective January 1, 2017. Our disclaimer of opinion has not been modified with respect to this matter.

Other Matter
The supplemental schedules, schedule of delinquent contributions for the year ended December 31, 2017, and schedule of assets (held at end of year) as of December 31, 2017, required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With the DOL's Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of the Cast & Crew Payroll, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Cast & Crew Payroll, LLC (the Company), the current Plan Sponsor, assumed the role of employer of this Plan, effective September 22, 2006. The Plan is a qualified employer profit sharing plan effective January 1, 1993. State Street Bank and Trust Company is the Plan Trustee. Transamerica Retirement Solutions LLC (previously Transamerica Retirement Solutions Corporation) (Transamerica) provides administrative and record keeping services to the Plan. The Plan was amended and restated effective April 1, 2015, under provisions of the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Individuals must be at least 21 years old and have completed 90 days of service to contribute salary deferrals, or one year of service to participate in employer contributions, except for employees who are union employees (other than those whose participation in this Plan is specifically provided for in the collective bargaining agreement), leased employees, employees of any controlled group employer or affiliated service group employer that does not affirmatively adopt this Plan, or independent contractors.

Plan merger: On August 19, 2016, Talent Holdings, LLC and Subsidiaries (Talco) was acquired by Cast & Crew Payroll, LLC, the Plan's sponsor, and effective January 1, 2017, the Talco plan was merged with the Plan. As a result, net assets of $3,840,887 were transferred to the control of the Plan effective January 1, 2017. The transfer of assets was completed on January 3, 2017. Eligible employees of Talco could begin accessing their accounts in the Plan after the blackout period was over on January 20, 2017. The merger does not impact participant benefits as the benefit provisions were incorporated in the Plan.

Contributions: Each year, participants may contribute from 1 percent to the maximum allowable by law of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Roth contributions are also allowed under the Plan. Contributions must be directed into various investment options offered by the Plan, which are more fully described in the Plan's literature. Additionally, the Plan accepts rollover contributions from other qualified plans.

The Company may make a discretionary matching contribution to the Plan based on a percentage of each eligible participant's salary deferrals. During 2017, the discretionary match was 50 percent of the first 6 percent of each eligible participant's deferrals. Each year, the Company may also make non-elective contributions to the Plan for eligible employees, equal to a percentage of each eligible participant's compensation (excluding bonuses and severance payments). In order to receive the discretionary matching contribution or non-elective profit sharing contribution, participants must be employed as of the last day of the Plan year and have completed 1,000 hours of service in the Plan year. For the year ended December 31, 2017, there were $944,417 discretionary matching contributions and no non-elective profit sharing contributions.

Participant accounts: A separate account is maintained for each participant. Company contributions, participant contributions and an allocation of Plan earnings are credited to each participant's separate account. Each participant directs his/her own investments and is allocated the related investment activity results.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their employee contributions, plus actual earnings thereon. Vesting in the discretionary employer matching contribution and nonelective profit sharing contribution are based on years of continuous service, as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	33%
3	67%
4	100%

Forfeiture accounts: Forfeitures may be applied to reduce future employer contributions or used to pay the Plan's administrative expenses. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $34,463 and $9,033, respectively. The forfeitures of $53,867 were applied to reduce 2016 employer contributions, which were contributed to the Plan by the employer in 2017.

Payment of benefits: Upon termination of service due to retirement, death or disability of a participant, a distribution of the participant's vested account balance will be made in the form of a lump-sum payment. For termination of service due to other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution or partial withdrawals. In-service withdrawals are allowed under the Plan when participants attain the age of 59½.

If a participant's vested account balance exceeds $1,000 but is equal to or less than $5,000, and no election is made to distribute the vested account balance either (1) directly to the participant or (2) to another qualified retirement plan, the vested account balance will be rolled over to an individual retirement account selected by the Plan Administrator. If a participant's vested account balance is $1,000 or less, unless elected otherwise, the entire vested account will be paid to the participant in a single-sum payment following the participant's retirement or other termination of employment.

Participant notes: Participants may request that the Plan make a loan to them out of the funds of their account. The maximum amount of loans outstanding may not exceed the lesser of 50 percent of the vested account balance or $50,000. A participant may not request a loan for less than $1,000. Loans must be repaid within five years (or longer as permitted by law). The loans are secured by the participant's vested account balance and bear interest equal to the prime rate, as reported in *The Wall Street Journal* on the date the loan is initiated, plus 1 percent. Interest rates on notes outstanding at December 31, 2017, range from 4.25 percent to 10.50 percent. Principal and interest are paid ratably through payroll deductions.

Administrative expenses and related-party transactions: The Plan's administrative expenses are assessed against participant accounts, including transaction fees paid by the Plan from assets in the respective participant's account. Certain expenses incurred in connection with the administration of the Plan were paid to the trustee, and are therefore considered exempt party-in-interest transactions and recorded as deductions in the accompanying statement of changes in net assets available for benefits. Certain administrative functions are performed by employees of the Company. No such officer or employee receives compensation from the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would require if they were to initiate permitted transactions under the terms of the Plan.

Fair value measurements: The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Mutual funds: The Plan's mutual funds are valued at the daily closing price as reported by the fund and are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Participant notes: Participant notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan has evaluated for disclosure subsequent events occurring through August 3, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by State Street Bank and Trust Company

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and the supplemental schedules, that was prepared by or derived from information provided by State Street Bank and Trust Company (the Trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the supplemental schedules.

The Trustee certified the completeness and accuracy of $704,247 and $477,103 of notes receivable from participants as of December 31, 2017 and 2016, respectively. The Trustee also certified the completeness and accuracy of the investment contract with insurance company of $3,454,761 and $3,101,864 and cash of $53,894 and $92,698 as of December 31, 2017 and 2016, respectively. The Trustee also certified the completeness and accuracy of interest and dividend investment income of $408,881 net appreciation in fair value of investments of $4,085,227, and interest from participant notes receivable of $26,782 for the year ended December 31, 2017.

Note 3. Information Certified or Provided by State Street Bank and Trust Company (Continued)

Additionally, the following tables set forth, by level in the fair value hierarchy, the Plan's assets at fair value at December 31:

	2017			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 28,915,160	$ 28,915,160	$ -	$ -
Investments at fair value	$ 28,915,160	$ 28,915,160	$ -	$ -

	2016			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 18,640,427	$ 18,640,427	$ -	$ -
Investments at fair value	$ 18,640,427	$ 18,640,427	$ -	$ -

There were no transfers in or out of Levels 1, 2 or 3 during the years ended December 31, 2017 or 2016.

Note 4. Fully Benefit-Responsive Investment Contract

The Plan holds a guaranteed investment contract with New York Life Insurance Company, which was determined to be a fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The Plan owns a promise to receive interest at crediting rates that are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer's general account. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The interest crediting rate is based on the earnings of the underlying assets and is subject to a minimum rate provision, but may never fall below 1 percent after deduction for any expenses. There are no events that allow the issuer to terminate the contract or require the Plan Sponsor to settle at an amount different than contract value. The crediting interest rate is reset per contract provisions. Past interest rates are not indicative of future interest rates. Key factors that could influence future interest crediting rates are changes in economic and market conditions, interest rates, and default or credit failures of the securities in the insurer's general assets.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100 percent vested in their accounts.

Note 6. Tax Status

The Plan has adopted a nonstandarized form of a volume submitter plan sponsored by Transamerica. The volume submitter plan has received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service as to the volume submitter document's qualified status. Although the Plan has been amended and restated since initially adopting the prototype plan, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
