Report on the Financial Statements

We have audited the accompanying financial statements of Aakron Rule Corp. Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held for Investment Purposes as of December 31, 2017 is presented for the purpose of additional analysis and are not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Aakron Rule Corp.
Profit Sharing Plan
Notes to Financial Statements

1. Description of the Plan

The following brief description of the Aakron Rule Corp. Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service (1,000 hours), and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan continues to be for the exclusive benefit of the employees of the following participating companies: Aakron Rule Corp. and Wagner Pencil Company, Inc.

Contributions – Each year, the Company contributes to the Plan an amount the Employer's Board of Directors deems advisable, subject to certain limitations.

Participant Accounts – Each participant's account is credited with the allocation of the Company's contribution plus the forfeitures of terminated participants' non-vested accounts based on the participant's proportionate share of the total compensation paid during the year to all employed participants in the Plan on the last day of the Plan year end. Plan earnings and administrative expenses are allocated based on each participant's proportionate share of the total Plan assets as of the beginning of the Plan year.

Vesting – Vesting in the Plan benefits is based on years of continuous service. A participant is 100% vested after three years of credited service or upon reaching normal retirement age. Should a participant die or become disabled while still employed by the employer, that participant's entire Plan interest becomes 100% vested.

Payment of Benefits – The Plan allows a participant on termination of service due to death, disability or retirement to withdraw all of their account balance in a lump sum distribution. The Plan also allows a participant, after attaining the normal retirement age, to withdraw all or any part of their participant account balance.

Forfeitures – Forfeitures are allocated to additional employer contributions. Forfeitures totaling $8,647 and $10,566 were allocated to active participants for the years ended December 31, 2017 and 2016, respectively. There was no balance in forfeited, non-vested accounts at December 31, 2017 and 2016.

Income Taxes – The Plan was restated effective January 1, 2015 to a volume submitter profit sharing plan sponsored by P&A Retirement Services, Inc., to conform with legislative and regulatory requirements. The volume submitter sponsor is in receipt of a letter from the Internal Revenue Service dated March 31, 2014 stating the Plan is acceptable under section 401 of the Internal Revenue Code.

1. Description of the Plan (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Purchases and sales of securities are recorded net of related investment fees on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on securities purchased and sold as well as held during the year.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; level 2 inputs consist of observable inputs other than quoted prices for identical assets; and level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. There were no level 3 inputs for the years ended December 31, 2017 and 2016. A description of valuation methodologies used by the plan follows:

Level 1 Fair Value Measurements – The fair value of common stocks is based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements – The fair value of certain corporate and government-sponsored entity bonds for which quoted market prices are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

2. Summary of Significant Accounting Policies (continued)

Investments Measured at Net Asset Value – The Fidelity Government Money Market Capital reserves invest in government securities. The fair value of these accounts are not publically quoted prices. The fair value is determined by the Net Asset Value (NAV) per share to serve as a practical expedient when certain conditions are met. The accounts can be redeemed at NAV, as determined by Fidelity, and are not subject to potential redemption restrictions.

Benefit Payments – Benefit payments are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Investment advisory related expenses are included in administrative expenses. Investment transaction expenses are included in net appreciation of fair value of investments.

Concentrations of Credit Risk – The Plan's investments are not FDIC insured.

The Plan invests in investments which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events – Management has evaluated events for recognition or disclosure through August 29, 2018 the date on which the financial statements were available to be issued.

3. Fair Value Measurements

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Investments measured at net asset value				332,341
Total investments at fair value				$ 8,453,164

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
