INDEPENDENT AUDITORS' REPORT

To the 401(k) Committee of
The California Commerce Club, Inc.
Retirement Savings Plan
Commerce, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The California Commerce Club, Inc. Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2017 and 2016 and delinquent participant contributions for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE CALIFORNIA COMMERCE CLUB, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2017 AND 2016

1. Description of plan:

The following description of The California Commerce Club, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General:

The Plan is a voluntary savings and retirement (defined contribution) plan that covers all employees of The California Commerce Club, Inc. (the "Company" or the "Plan Sponsor"), who have completed 90 days of eligible service and are at least 21 years of age. The Company also acts as Plan Administrator. The Plan is designed to qualify under Section 401(k) of the Internal Revenue Code (the "Code"), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Custodian and Record Keeper of the Plan is Principal Life Insurance Company.

Eligibility:

Employees of the Company who are 21 or older and have completed 90 days of service are eligible to participant in the Plan. Participants may enroll in the Plan on the first day of the month after satisfying eligibility requirements.

Contributions:

Each participant is eligible to contribute up to 40% of their compensation annually subject to certain limits established by the Internal Revenue Service. The amount of matching contributions made by the Company on behalf of participants is determined annually at the discretion of the Company.

For the years ended December 31, 2017 and 2016, the Company matched 50% of each eligible employee's contributions, up to a maximum of 5% of the participant's wages.

The Company's contribution is funded on an annual basis, after the close of the Plan year. The allocation of the Company's matching contribution by investment option is at the discretion of the participant.

Participant accounts:

Each participant's account is credited with the participant's contributions, contributions by the Company and an allocation of net earnings or losses of the selected investment, less transaction processing and investment management expenses. Allocations of net earnings or losses are based on the participant's account balance to the total of account balances of all participants within the selected investment.

1. Description of plan (continued):

Vesting policy:

Participants are immediately fully vested in their contributions plus actual earnings thereon. Participants become fully vested in employer contributions over six years of service with the Company, as follows:

Years of Service	Percent Vested
Less than 2	0%
More than 2, less than 3	20%
More than 3, less than 4	40%
More than 4, less than 5	60%
More than 5, less than 6	80%
6 or more	100%

Payment of benefits:

On termination of service, participants with a vested account value in the Plan of more than $5,000 may elect to receive either a lump-sum amount equal to the value of their account or periodic installments, or may defer distribution until retirement, as defined in the Agreement. Employees choosing to defer their distribution continue to participate in investment gains and losses, but are no longer eligible for matching contributions by the Company. Terminated employees with a vested account value in the Plan between $1,000 and $5,000 may receive benefits in a lump sum distribution or may roll over benefits to an individual Retirement Account with an affiliate of Principal Life Insurance Company. Terminated employees with a vested account value in the Plan of $1,000 or less may receive benefits only in a lump-sum distribution.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures:

Upon termination of service, a participant forfeits any non-vested employer matching contributions and earnings thereon. Such forfeitures are used to reduce future contributions by the Company. At December 31, 2017 and 2016 forfeited non-vested accounts totaled $840 and $21,272, respectively. During 2017 and 2016, the employer contributions and administrative expenses were reduced by $36,923 and $14,956, respectively from forfeited non-vested accounts.

Investment options:

The Plan's investments consist of various investment funds. Plan assets are invested in a guaranteed interest account, various pooled separate accounts, mutual funds, and collective investment trust funds as directed by the Plan participants.

Participants may change their investment options daily.

1. Description of plan (continued):

Notes receivable from participants:

After one year of participation in the Plan, participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum amount of any loan is $1,000. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant notes fund. Loan repayments are generally made over a maximum five-year period and bear interest at prevailing rates as determined by the Plan Administrator. Interest rates on outstanding loans range from 3.75% to 10.0%. Loans made for the purchase, major repair, or renovation of a primary residence may exceed the five-year repayment terms. All loans immediately become due and payable upon default, death, or termination of employment by the participant.

Guaranteed interest account:

The guaranteed interest account consists of seven underlying investment contracts each of which has an initial term of seven years with one contract maturing each year and its proceeds being reinvested in a new seven year contract. The guaranteed interest account will pay contract value for a "benefit event" (e.g. termination, death, disability and retirement). However, there is a possible market value adjustment when transfers to other investment options from the guaranteed account are made. Thus, the guaranteed account is not considered to be fully benefit responsive. Contract value for the guaranteed interest account represents the amount payable to plan participants at maturity or upon a benefit event. The contract value of the guaranteed interest account was $8,268,274 and $9,277,405 as of December 31, 2017 and 2016, respectively. The interest rates earned on the contracts at December 31, 2017 and 2016 ranged from 0.62% to 1.85% and 0.62% to 2.34%, respectively.

Pooled separate accounts:

Pooled separate accounts are comprised of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The Net Asset Value (NAV) of a pooled separate account is based on the market value of the underlying investments, but the pooled separate account NAV is not a publicly quoted price in an active market.

Mutual funds:

Mutual funds are comprised of a wide variety of underlying investments such as equities, preferred stock, and bonds. Mutual funds are valued at the net asset value of the underlying investments and reported at publicly available quoted market prices.

1. Description of plan (continued):

Collective investment trust funds:

Collective investment trust funds are comprised of target date funds with differing investment objectives advised by FlexPATH Strategies, LLC. The NAV of a collective investment trust fund is based on the market value of the underlying investments less any underlying investments, but the funds are not publicly quoted in an active market. The funds are invested in securities and other collective funds.

Subsequent events:

Management has evaluated subsequent events through September 10, 2018, the date the financials were available to be issued.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates in the preparation of financial statements:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting periods. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis.

Cost basis of investments:

As permitted by Department of Labor Regulation 2520.103-11(d), Principal Life Insurance Company does not track the cost basis of investments

2. Summary of significant accounting policies (continued):

Net appreciation (depreciation) in fair value:

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Interest and dividend income:

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments or if any amount remains unpaid for more than 90 days after it is due, and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent loans are reclassified as distributions based upon the terms of the Plan.

Operating expenses:

Certain administrative expenses of maintaining the Plan are paid by the Company. Participant initiated services fees are paid by the participants of the Plan.

Concentration of credit risk:

Each investment fund is diversified through a portfolio containing a wide variety of investments that fit the particular investment strategy and targeted composition. Further diversification is available to participants through participation in more than one fund. The quality of investments held in the fund portfolio reflects the expertise of the fund sponsor and fund managers.

The guaranteed interest account consists of a series of group annuity contracts negotiated with the Custodian. The ultimate performance of the contracts is dependent upon the ability of the issuer to honor them.

2. Summary of significant accounting policies (continued):

New accounting pronouncements:

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers in effective for years beginning after December 15, 2016, with early adoption permitted. During 2016 plan management elected to early adopt applicable provisions of ASU 2015-07.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristic and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows a plan to measure its investments and investment-related accounts using the month end closest to its fiscal year-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and Parts I and II are to be applied retrospectively. During 2016 plan management elected to early adopt applicable provisions of ASU 2015-12.

3. Investments:

During 2017 and 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) as follows:

	2017	2016
Guaranteed interest account	$ (18,561)	$ (4,673)
Pooled separate accounts	6,696,853	4,493,145
Collective investment trust funds	2,181,104	971,570
Mutual funds	5,001,726	1,022,497
	$ 13,861,122	$ 6,482,539

4. Fair value measurements:

Accounting guidance provides a framework for measuring fair value and a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
- Level 2: Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means for substantially the full term of the assets or liabilities.
- Level 3: Significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2017 and 2016. During the year ended December 31, 2017, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for asset measured at fair value:

- *Guaranteed interest contract:* Valued at fair value based on the amount participants would receive at year end if they were to withdraw or transfer funds prior to their maturity. This represents contract value adjusted to reflect current market interest rates by discounting the related cash flows based on current yields of similar instruments. The participant and the Plan Sponsor could potentially be assessed an early withdrawal penalty if the funds are withdrawn before maturity. In determining the reasonableness of the methodology, the Plan Administrator evaluates a variety of factors including the review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date). For the years ended December 31, 2017 and 2016, the significant unobservable (Level 3) inputs used to determine fair value consisted of discounted cash flows with interest rates that ranged from 2.24% to 2.77% and 1.31% to 2.59%, respectively, with a weighted average of 1.32% and 1.14%, respectively. The account pays a fixed rate of interest per the contract which changes periodically at the discretion of the Custodian. The interest rates paid on the Guaranteed Interest Accounts ranged from .62% to 1.85% and 0.62% to 2.34%as of December 31, 2017 and 2016, respectively. The Plan earned an average yield on these accounts of 2.50% and 2.02% for the years ended December 31, 2017 and 2016, respectively.

4. Fair value measurements (continued):

- *Pooled separate accounts.* Valued at the net asset value (NAV) per unit of participation as determined by Principal Life Insurance Company, which represents an undivided interest in the underlying assets of the Funds. The purchase or redemption price of the units is determined based on the current market values of the underlying assets of the Funds. Net asset value is the fair value based on quoted market prices in an active market for the underlying assets, plus accrued dividend income and interest income. The value per unit is determined by dividing the net asset value by the number of units outstanding. There are no unfunded commitments, participants can redeem their units daily and there is no redemption notice period. The NAV is used as the practical expedient to estimate fair value.
- *Collective investment trust funds.* Valued at the net asset value (NAV) of units held by the Plan at year end. The net asset value is computed by dividing the total fair value of the assets of a fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the fund and included in the determination of unit values. The funds have the ability to redeem their investments in the collective funds at net asset value without restrictions. The NAV is used as the practical expedient to estimate fair value.
- *Mutual funds.* Valued at the net asset value (NAV) of shares held by the plan at year end. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair value measurements (continued):

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair value measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Guaranteed interest account	$ --	$ --	$ 7,950,092	$ 7,950,092

* *In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.*

4. Fair value measurements (continued):

The following table sets forth a reconciliation of changes in the fair value of the Plan's Level 3 assets in the fair value hierarchy:

	2017	2016
Guaranteed interest account:		
Beginning balance	$ 8,977,783	$ 9,437,911
Net change (realized and unrealized) included in changes in net assets available for benefits	94,791	129,015
Purchases, sales, issuances, and settlements:		
Purchases	512,274	761,444
Sales	(1,634,756)	(1,350,587)
Issues	--	--
Settlements	--	--
	$ 7,950,092	$ 8,977,783

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and quantitative information about the significant unobservable inputs.

2017 Instruments	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed interest contract	$ 7,950,092	Discounted cash flow	Treasury constant maturity rate	1.88% - 2.43%
			Composite guaranteed rate	2.24% - 2.77%
			Duration	7 years

2016 Instruments	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed interest contract	$ 8,977,783	Discounted cash flow	Treasury constant maturity rate	1.49% - 2.22%
			Composite guaranteed rate	1.19% - 2.42%
			Duration	7 years

5. Fair value of investments in entities that use NAV practical expedient:

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

	Fair value as of December 31,		Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
	2017	2016			
Collective investment trust funds	$ 34,653,039	$ 14,624,151	N/A	Daily	12 months
Pooled separate accounts	37,078,695	48,237,271	N/A	Daily	12 months

6. Summary of information certified by the custodian:

Principal Life Insurance Company has supplied the plan administrator with certifications as of December 31, 2017 and 2016, and for the years then ended, that the Plan's investments and its income and expenses are complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian.

	2017	2016
Principal Life Insurance Company:		
Investments:		
Guaranteed interest account	$ 7,950,092	$ 8,977,783
Pooled separate accounts	37,078,695	48,237,271
Collective investment trust funds	34,653,039	14,624,151
Mutual funds	28,623,225	25,506,266
Notes receivable from participants	2,807,244	3,041,889
Additions and deductions during the year ended December 31:		
Net increase (decrease) in the fair value of investments	13,861,122	6,482,539
Interest and dividends	435,956	519,081
Interest - notes receivable from participants	99,648	110,713

7. Administrative expenses:

Certain Plan costs and expenses, excluding brokerage fees, adjust an investment's net asset value used to value participant accounts. Participant initiated expenses, including those that relate to withdrawal charges/fees, loan expenses, and member requested services are paid directly by plan participants. Total expenses amounted to $116,478 and $121,585 for the years ended December 31, 2017 and 2016, respectively. The Company pays the annual audit, investment advisory fees, and certain other administrative costs.

8. Party-in-interest transactions:

Certain investments of the Plan are unallocated insurance contracts (guaranteed interest accounts) and shares of pooled separate accounts managed by Principal Life Insurance Company ("Principal"). Principal is the Custodian and Record Keeper, as defined by the Plan, and therefore, transactions involving such investments are considered exempt party-in-interest transactions.

9. Tax status:

The Plan Sponsor has not filed for a determination letter from the Internal Revenue Service, but is utilizing a non-standardized prototype plan developed by Principal Life Insurance Company that received a determination letter dated March 31, 2014. The Plan Sponsor and its legal counsel believe that the Plan, as currently designed, is being operated in compliance with the requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Plan termination:

Although the Company has not expressed any intent to do so, it has the right, under the Agreement, to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their individual account, including the employer contributions.

11. Unpaid benefits to participants:

There were no unpaid benefits to participants as of December 31, 2017 and 2016.

12. Delinquent participant contributions:

During the year ended December 31, 2015, certain payments on notes receivable from participants were not remitted timely. The Company corrected such matters during the year ended December 31, 2016.

13. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.
