EK HEALTH SERVICES, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the EK Health Services, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan that was established on July 1, 1999 to provide retirement benefits to eligible employees of EK Health Services, Inc. (the "Company"). The Plan was amended and restated effective August 1, 2016 to add an affiliated company as an adopting employer of the Plan. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration and Expenses

The Company designated Principal Trust Company ("Principal") directed trustee of the Plan. Investment fund management fees, commissions, record keeping and administrative expenses are charged directly to the funds and are thereby factored into each fund as a reduction of investment return. Certain other costs of administering the Plan including participant loan administration and withdrawal fees are charged directly to participants.

C. Eligibility

The Plan specifically excludes employees covered by a collective bargaining agreement and leased employees. Substantially all employees of the Company who have attained age 21 are eligible to make elective contributions to the Plan upon satisfying eligibility requirements.

D. Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under Code regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants age 50 or older may elect to make additional catch-up contributions of up to $6,000 for 2017. Participants may also make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with participant directions and Plan provisions.

E. Employer Contributions

The Plan allows for employer discretionary matching contributions. For the 2017 Plan year, the Company matched 100% of the first 3% of eligible compensation deferred by participants. A participant must be employed on the last day of the Plan year and must complete 1,000 hours of service during the year to receive a matching contribution.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, employer matching contributions and the participant's share of Plan earnings or losses and expenses. Participants direct the investment of their accounts among a diversified group of investment funds provided under the Plan.

G. Vesting and Forfeitures

Participants are immediately 100% vested in their accounts attributable to elective contributions, rollovers and related earnings. Participants are fully vested in Company contributions after 6 years of service. A year of service for vesting purposes is a Plan year in which a participant completes at least 1,000 hours of service.

Forfeitures of terminated participants' non-vested accounts may be used to reduce Company contributions or to pay Plan administrative expenses. Forfeitures totaling approximately $3,100 during the 2017 Plan year were used to pay Plan administrative expenses.

H. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or attainment of age 59½, a participant or beneficiary may maintain his or her account in the Plan or choose to receive benefits in a lump sum payment equal to the value of the participant's vested account balance. The Plan allows a participant to make a hardship withdrawal from his or her vested account under limited circumstances subject to approval of the plan administrator.

I. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's vested account, bears interest at a fixed rate comparable to rates available on similar loans made by commercial lenders, and must be repaid to the Plan within a five-year period. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants at December 31, 2017 carry an interest rate of 5.00%.

Notes receivable are measured at their unpaid principal balance plus accrued interest. Delinquent notes are recorded as a distribution based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments held by an employee benefit plan are required to be reported at fair value, except for fully benefit responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value represents contributions made under a contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

D. Risks and Uncertainties

Investments include a variety of securities that are exposed to various investment risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

NOTE 3 - INCOME TAX STATUS

The Company adopted a prototype plan that has received an opinion letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code for tax-exempt status. The Company believes the Plan is operated in accordance with and qualifies under applicable requirements of the Code and related state statutes and the trust, which forms a part of Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of the participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date.

NOTE 5 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by affiliates of the trustee. Transactions in these funds are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company, the trustee.

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Mutual funds are reported at fair value based on closing market prices. Although the plan administrator believes this valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date. The following tables summarize Plan investments at December 31 based on inputs used to value them:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,108,464	$ -	$ -	$ 1,108,464
Total Assets in the Fair Value Hierarchy	1,108,464	-	-	1,108,464
Investments Measured at Net Asset Value[A]	-	-	-	5,700,023
	$ 1,108,464	$ -	$ -	$ 6,808,487

	2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 718,702	$ -	$ -	$ 718,702
Total Assets in the Fair Value Hierarchy	718,702	-	-	718,702
Investments Measured at Net Asset Value[A]	-	-	-	4,373,264
	$ 718,702	$ -	$ -	$ 5,091,966

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

[A] In accordance with ASU 2015-07, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 8 - FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

The following table summarizes investments measured at fair value using net asset value per share as a practical expedient as of December 31, 2017 and 2016, respectively. Each of the funds files U.S. Department of Labor Form 5500 as a direct filing entity. There are no participant redemption restrictions for these investments.

	Fair Value at December 31,		Unfunded	Redemption
	2017	2016	Commitments	Frequency
Common/Collective Trusts	$ 5,700,023	$ 4,373,264	None	Daily

NOTE 9 - PRINCIPAL INVESTMENT CONTRACT

The Plan maintains a fully benefit-responsive group annuity contract with Principal through the Fixed Income Guaranteed Option ("Guaranteed Interest Account"). Contributions to the Guaranteed Interest Account are maintained in a Principal general account and credited for interest and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay principal and a specified rate of interest that is guaranteed to the Plan. The Guaranteed Interest Account meets fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is deemed to be fair value of the fund under current accounting guidance because this is the amount received by participants when they initiate permitted transactions under the terms of the Plan.

The Plan's ability to receive amounts due is dependent on Principal's ability to meet its financial obligations. There are no reserves against contract value for credit loss. Certain events might limit the ability of the Plan to transact at contract value including premature termination of Plan investments in the Guaranteed Interest Account. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

NOTE 10 - CORRECTION OF OPERATIONAL FAILURES

The Company conducted an internal examination of plan administrative practices and determined that certain practices were inconsistent with terms of the Plan or provisions of the Code. Using the IRS Self-Correction Program, the plan administrator will pay approximately $20,500 into the Plan. This payment includes approximately $19,000 of employer contributions and $1,500 of lost earnings which are included in employer contributions and other receivable, respectively as of December 31, 2017. With these measures the plan administrator and plan legal counsel believe the Plan is designed and operated in accordance with qualified plan regulations.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
