INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Stay Green, Inc. 401(k) Profit Sharing Plan

We were engaged to audit the accompanying financial statements of Stay Green, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at the end of the year as of December 31, 2017, and delinquent participant contribution for the year then ended, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Stay Green, Inc. 401(K) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all eligible employees of Stay Green, Inc. ("Company") except employees covered under a collective bargaining agreement, nonresident aliens who receive no earned income from sources within the United States, leased employees and self-employed individuals. Employees who have completed three months of service and are age twenty-one or older are eligible to participate in the Plan. Employees who have completed one year of service and are over twenty-one years of age are eligible to receive employer matching contributions and non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to contribute up to 100% of their pre-tax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. The Plan also provides for transfers from other eligible plans. The Company has elected to make a safe harbor contribution of 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. Effective January 1, 2014, the Company implemented the safe harbor match. The Company may elect to contribute, on a discretionary basis, additional matching and/or discretionary profit sharing contributions which would be allocated to all eligible employees. No discretionary contributions were made to the Plan for the Plan during the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants contributions, rollover and Employer safe harbor contributions, plus actual earnings thereon are immediately vested. Vesting in the Company's non-elective and matching contributions of their accounts is based upon years of continuous service. Participants vest 20% per year of service starting after the completion of two years of service, and are fully vested after the completion of six years of continual service. Company contributions are fully vested upon death, disability or the participant reaching normal retirement age.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments not to exceed the participant's (and beneficiary's, if applicable) life expectancy. If a participant's vested benefit in the Plan does not exceed $5,000, then their distribution will be in a lump-sum payment. A participant may make a hardship withdrawal from the participant's account subject to certain ERISA provisions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance of the participant's account and bear interest at rate of 5.25% - 6.25%, which is commensurate with local prevailing rates for similar type loans as determined by the Plan administrator. Loans must be repaid within five years of the date of issuance, unless the loan proceeds are used for the purchase of a participant's principal residence, then the terms may be modified at the determination of the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

Forfeited nonvested Company contributions may be either be used to pay administrative expenses of the Plan or reduce future Company contributions. There were no forfeitures of employer matching contributions during the year ended December 31, 2017 and 2016.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Reclassification

Certain reclassification has been made to the prior year financial statements to conform to the current year presentation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Company pays all costs for administrating the Plan, with the exception of loan processing and benefit payment fees which are specifically allocated and deducted from the participants' accounts. Commissions paid by the insurance carrier to the broker amounted to $11,835 and $2,839 for the years ended December 31, 2017 and 2016, respectively.

NOTE 4: RELATED PARTY TRANSACTIONS

Certain of the Plan's investments are funds managed by the Custodian and related entities. Therefore, these transactions qualify as party-in-interest transactions. The Company paid fees for investment management services directly.

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The three levels of the fair value hierarchy are described as follows:

Level 1: The fair values of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and by market data.

Level 3: The common collected trust funds are not actively traded and significant other observable inputs are not available. The fair value of common collected trust funds are determined by the fund's trustee based upon the current market values of the underlying assets of the fund.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2017.

Pooled Separate Accounts: Valued at the accumulation unit value (AUV) multiplied by the accumulation units held. The AUV is based on the net asset value of the underlying mutual fund, the fund's dividends, and the contract's separate account changes. The AUV is not a publicly quoted price in an active market.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements Using:		
	Quoted Prices for Similar Assets in Active Markets (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value

Pooled Separate Account	$ 2,374,756	$ -	$ 2,374,756

NOTE 6: GUARANTEED ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan holds a portfolio of annuity contract issued by Voya Retirement Insurance and Annuity Company ("Voya"), the Custodian of the Plan. This annuity contract guarantees principal and a guaranteed minimum interest rate for the life of the portfolio as well as featuring two declared interest rates, one current rate determined monthly, and a guaranteed minimum floor rate declared for a defined period, currently one calendar year.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6: GUARANTEED ANNUITY CONTRACT WITH INSURANCE COMPANY (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2017 and 2016, was $644,521 and $657,624, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7: PLAN TERMINATION

The Company anticipates that the Plan will continue without interruption but reserves the right to discontinue the Plan at any time. In the event of discontinuance of the Plan, all participants will become 100% vested in their account balances and the net assets will be allocated among the participants and beneficiaries of the Plan.

NOTE 8: TAX STATUS

The Employer adopted the Datair plan, which was approved under the volume submitter program and received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income examinations for years prior to 2015.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in money market funds, mutual funds, and a collective investment trust. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and amounts reported in the financial statements.

NOTE 10: RECONCILIATION TO FORM 5500

There are no material differences between the financial statements and the information included on Form 5500 as of December 31, 2017 and 2016 and for the year ended December 31, 2017 and 2016.

NOTE 11: SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 28, 2018, the date on which the financial statements were available to be issued and concluded there are no subsequent events to report.

NOTE 12: NONEXEMPT TRANSACTION

As reported on the supplemental schedule of delinquent participant contribution (Schedule H, Part IV, Line 4a), certain Plan contribution was not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting a nonexempt transaction between the Plan and the Company for the year ended December 31, 2017.

INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Stay Green, Inc. 401(k) Profit Sharing Plan

We were engaged to audit the accompanying financial statements of Stay Green, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at the end of the year as of December 31, 2017, and delinquent participant contribution for the year then ended, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following description of the Stay Green, Inc. 401(K) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all eligible employees of Stay Green, Inc. ("Company") except employees covered under a collective bargaining agreement, nonresident aliens who receive no earned income from sources within the United States, leased employees and self-employed individuals. Employees who have completed three months of service and are age twenty-one or older are eligible to participate in the Plan. Employees who have completed one year of service and are over twenty-one years of age are eligible to receive employer matching contributions and non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to contribute up to 100% of their pre-tax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. The Plan also provides for transfers from other eligible plans. The Company has elected to make a safe harbor contribution of 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. Effective January 1, 2014, the Company implemented the safe harbor match. The Company may elect to contribute, on a discretionary basis, additional matching and/or discretionary profit sharing contributions which would be allocated to all eligible employees. No discretionary contributions were made to the Plan for the Plan during the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants contributions, rollover and Employer safe harbor contributions, plus actual earnings thereon are immediately vested. Vesting in the Company's non-elective and matching contributions of their accounts is based upon years of continuous service. Participants vest 20% per year of service starting after the completion of two years of service, and are fully vested after the completion of six years of continual service. Company contributions are fully vested upon death, disability or the participant reaching normal retirement age.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments not to exceed the participant's (and beneficiary's, if applicable) life expectancy. If a participant's vested benefit in the Plan does not exceed $5,000, then their distribution will be in a lump-sum payment. A participant may make a hardship withdrawal from the participant's account subject to certain ERISA provisions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance of the participant's account and bear interest at rate of 5.25% - 6.25%, which is commensurate with local prevailing rates for similar type loans as determined by the Plan administrator. Loans must be repaid within five years of the date of issuance, unless the loan proceeds are used for the purchase of a participant's principal residence, then the terms may be modified at the determination of the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

Forfeited nonvested Company contributions may be either be used to pay administrative expenses of the Plan or reduce future Company contributions. There were no forfeitures of employer matching contributions during the year ended December 31, 2017 and 2016.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Reclassification

Certain reclassification has been made to the prior year financial statements to conform to the current year presentation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Company pays all costs for administrating the Plan, with the exception of loan processing and benefit payment fees which are specifically allocated and deducted from the participants' accounts. Commissions paid by the insurance carrier to the broker amounted to $11,835 and $2,839 for the years ended December 31, 2017 and 2016, respectively.

NOTE 3: UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

Voya Retirement Insurance and Annuity Company, the Custodian administers the assets of the Plan and executes investment transactions. NOTE 4: RELATED PARTY TRANSACTIONS

Certain of the Plan's investments are funds managed by the Custodian and related entities. Therefore, these transactions qualify as party-in-interest transactions. The Company paid fees for investment management services directly.

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The three levels of the fair value hierarchy are described as follows:

Level 1: The fair values of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and by market data.

Level 3: The common collected trust funds are not actively traded and significant other observable inputs are not available. The fair value of common collected trust funds are determined by the fund's trustee based upon the current market values of the underlying assets of the fund.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2017.

Pooled Separate Accounts: Valued at the accumulation unit value (AUV) multiplied by the accumulation units held. The AUV is based on the net asset value of the underlying mutual fund, the fund's dividends, and the contract's separate account changes. The AUV is not a publicly quoted price in an active market.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements Using:		
	Quoted Prices for Similar Assets in Active Markets (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
December 31, 2017			
Pooled Separate Account	$ 2,374,756	$ -	$ 2,374,756
December 31, 2016			
Pooled Separate Account	$ 2,271,598	$ -	$ 2,271,598

NOTE 6: GUARANTEED ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan holds a portfolio of annuity contract issued by Voya Retirement Insurance and Annuity Company ("Voya"), the Custodian of the Plan. This annuity contract guarantees principal and a guaranteed minimum interest rate for the life of the portfolio as well as featuring two declared interest rates, one current rate determined monthly, and a guaranteed minimum floor rate declared for a defined period, currently one calendar year.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6: GUARANTEED ANNUITY CONTRACT WITH INSURANCE COMPANY (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2017 and 2016, was $644,521 and $657,624, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7: PLAN TERMINATION

The Company anticipates that the Plan will continue without interruption but reserves the right to discontinue the Plan at any time. In the event of discontinuance of the Plan, all participants will become 100% vested in their account balances and the net assets will be allocated among the participants and beneficiaries of the Plan.

NOTE 8: TAX STATUS

The Employer adopted the Datair plan, which was approved under the volume submitter program and received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income examinations for years prior to 2015.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in money market funds, mutual funds, and a collective investment trust. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and amounts reported in the financial statements.

NOTE 10: RECONCILIATION TO FORM 5500

There are no material differences between the financial statements and the information included on Form 5500 as of December 31, 2017 and 2016 and for the year ended December 31, 2017 and 2016.

NOTE 11: SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 28, 2018, the date on which the financial statements were available to be issued and concluded there are no subsequent events to report.

NOTE 12: NONEXEMPT TRANSACTION

As reported on the supplemental schedule of delinquent participant contribution (Schedule H, Part IV, Line 4a), certain Plan contribution was not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting a nonexempt transaction between the Plan and the Company for the year ended December 31, 2017.
