NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Greenwich Village Fish Co., Inc. 401(k)/Profit Sharing Plan (the "Plan") provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Greenwich Village Fish Co., Inc. and its affiliates that share common majority ownership (collectively, the "Company"). All full-time employees who have attained age twenty-one and completed six months of service are eligible for participation on the first day of the next month. Greenwich Village Fish Co., Inc. is the plan sponsor (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - For each plan year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective April 2018, participants may elect to defer eligible compensation on an after tax (Roth) basis.

The Plan calls for a matching contribution equal to 25% of elective deferrals up to a maximum of 2% of compensation. Additional profit sharing contributions may also be contributed at the sole discretion of the Company. To receive an allocation of employer contributions a participant must have completed 1,000 hours of service during the year and be employed by the Company on the last day of the Plan year, except upon death or normal retirement. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. All contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants are entitled to their vested account balance as benefits.

Vesting - Participants are vested immediately in their contributions plus earnings thereon. The Company's contributions vest ratably over years of service. A participant is 100% vested after six years of service, or upon death.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of 4.25% - 5.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are repaid ratably through regular payroll deductions.

Payment of Benefits - Upon termination of service due to termination of employment, death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONT'D)

Forfeited Accounts - Forfeited non-vested account balances may be used to pay for plan expenses and/or to reduce future matching employer contributions. At December 31, 2017 and 2016, the forfeited account totaled $20,066 and $24,547, respectively. Forfeitures in the amount of $14,047 were used to reduce the employer's matching contribution for the year ended December 31, 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Date of Management's Review - Management has evaluated subsequent events through September 28, 2018, the date on which the financial statements were available to be issued.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the delinquent participant's note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan invests in various investments. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Expenses - The Company, at its discretion, may pay all expenses of maintaining the Plan.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Newly Adopted Accounting Pronouncements - In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2015-12, Plan accounting: Part I, Fully Benefit-Responsive Investment Contracts; Part II, Plan Investment disclosures; and Part III, Measurement Date Practical Expedient. The ASU is intended to simplify employee benefit plan reporting. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively; Part III should be applied prospectively with early adoption permitted. Part III is not applicable to the plan. Effective January 1, 2016, management adopted Parts I and II. Accordingly, the disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and the investment strategy for the Plan's investments measured at fair value have been removed, and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Valuations are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONT'D)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts – Valued using the daily closing price of the underlying pool of securities as published. Purchases and sales may occur daily within these accounts. As of December 31, 2017, there were no unfunded commitments. Should the Plan initiate a full redemption on any of the pooled separate investment accounts, the redemption period is immediate.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2017:	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 9,819,994	$ -	$ 9,819,994
Total assets measured at fair value	$ -	$ 9,819,994	$ -	$ 9,819,994

December 31, 2016:	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 7,471,174	$ -	$ 7,471,174
Total assets measured at fair value	$ -	$ 7,471,174	$ -	$ 7,471,174

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with Massachusetts Mutual Life Insurance Company ("MassMutual") that invests contributions in the Guaranteed Interest Account, a traditional guaranteed investment contract. MassMutual is contractually obligated to repay the principal and specified interest rate guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than three percent. Such interest rates are reviewed on a semiannual basis for resetting. MassMutual may terminate the contract on the contract anniversary date with 90 days prior notice or upon breach of the contract terms by the investor.

This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value at December 31, 2017 and 2016 was $1,815,415 and $1,536,006, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include (1) an uncured violation of the Plan's investment guidelines (2) a breach of material obligation under the contract (3) A material misrepresentation (4) A material amendment to the agreement without the consent of the issuer.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan for the year ended December 31, 2017 and 2016, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by MassMutual, the custodian of the Plan, and furnished to the plan administrator. NOTE 10 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain administrative expenses of the Plan are paid by the Company. Certain services are rendered to the Plan by the Company at no cost to the Plan.

Certain Plan investments are managed by MassMutual. MassMutual is the custodian for the Plan and, therefore, these transactions qualify as party in interest transactions.

The Plan has notes receivable from participants at December 31, 2017 and 2016. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions.

These transactions are exempt from the prohibited transaction rules of ERISA.
