Independent Auditors' Report

To the Administrative Committee of
Free Stream Media Corporation
401(k) Profit Sharing Plan and Trust
San Francisco, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Free Stream Media Corporation 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2017, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Mid Atlantic Trust Company ("MATC"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and the supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The assets listing (held at end of year) (modified cash basis) as of December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the Free Stream Media Corp 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan within the scope of the Employee Retirement Income Security Act of 1974 (ERISA) covering all employees of the Free Stream Media Corp (DBA, Samba TV, the "Company") who have at least one months of service during the year. Paychex, Inc. (the "Plan Administrator") is engaged by the Company to assist in administering the Plan.

Contributions

Eligible participants may contribute on a pre-tax basis up to the maximum dollar limit set by the applicable statues. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may, in its discretion, make employer profit sharing contributions and the company did not make any contributions during the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's employer profit sharing contributions and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on a pro rata allocation and a contribution is made. Each participant entitles to benefit to the extent of that participant's vested amount.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of their account balance. The notes are secured by the balance in the participant's account and interest rate on loans from this Plan will be computed on the basis of the prime rate plus 1%. The loan rate is determined on the date of request and will not change for the duration of the loan repayment period. Principal and interest is paid ratably through semi-monthly payroll deductions. Participants may also choose to make loan repayments via electronic funds transfer from a checking account they designate, the repayment frequency may not correspond with payroll frequency, but will be no less often than monthly.

Note 1 – Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not longer than participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

A forfeiture will occur as of the earlier of (1) the last day of the Plan Year in which the former participant incurs five consecutive 1-year breaks in services, or (2) the distribution of the entire vested portion of the participant's account. The forfeiture will be disposed of in the Plan Year in which the forfeiture occurs. Non-vested portions of a Plan Participant's Employer Contributions that are allocated to other Plan Participants, applied to reduce Employer Contributions, or used toward administrative expenses of the Plan.

Note 2 – Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Company and Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the modified cash basis of accounting, another comprehensive basis of accounting. The modified cash basis method uses accrual basis for long-term balance sheet elements and cash basis for short-term elements. The U.S. General Accepted Accounting Principles (GAAP) generally use accrual basis for all financial statement elements.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal. Interest income is recorded on the cash basis. Related fees are charged directly to the borrowing participant's account. As of December 31, 2017, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Contributions in excess of amount allowed by the IRS are recorded as a liability with a corresponding reduction to contributions and generally are distributed back to the participants before April 15 of the following year. If the excess is not removed from the Plan by April 15, amount is treated normal distribution. The Plan distributed the 2017 excess contribution to the applicable participants prior to April 15, 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All expenses related to administration of the Plan, except for the Plan's asset advisory charges and fees, are paid by the Company and are therefore excluded from these financial statements.

Note 3 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4 – Fair Value Measurements

The Plan measures its assets and liabilities at the fair value of the price received to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for identical assets or liabilities, such measurements involve developing assumptions based on observable market data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurred at the date of measurement.

Note 4 – Fair Value Measurements (Continued)

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below.

a) Market approach - Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.

b) Cost approach - Amount that would be required to replace the service capacity of an asset (replacement cost).

c) Income approach - Techniques to convert future amounts to a single present amount based on market expectations.

Assets Measured at Fair Value on a Nonrecurring Basis

	December 31, 2017	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Valuation technique
Registered Investment Companies	$ 1,892,254	$ 1,892,254	-	-	(a)
Interest-Bearing Cash	41,599	41,599	-	-	(a)
Total	$ 1,933,853	$ 1,933,853	-	-	

Note 5 – Investments

The Plan Administrator using a subservices organization, Mid Atlantic Trust Company ("MATC"), to provide financial advices, execute investment transactions of the Plan's assets, and support processing of transactions. The Plan Administrator and MATC has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by MATC as complete and accurate, except for comparing such information certified by the service provider to information included in the Plan's financial statements and supplemental schedules.

As of December 31, 2017, total investments and notes receivable from participants held and certified by the MATC in the accompanying statements of net assets available for plan benefits were $1,980,252. For the year ended December 31, 2017, interest income of $2,062 and a gain of $244,906 in fair value of investments were certified by MATC.

Note 5 – Investments (Continued)

During the year ended December 31, 2017, the change in value of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) were as follows:

Registered Investment Companies	$	210,081
Interest-Bearing Cash		215
Registered Investment Company Shares		34,611
Net change	$	244,906

Investments that represent 5% or more of the Plan's net assets as of December 31, 2017 were as follows:

Investment Description	
Vanguard Target Retirement 2045 Fund Investor Shares	$ 497,218
Vanguard Target Retirement 2050 Fund Investor Shares	310,864
Vanguard 500 Index Fund Admiral Shares	304,036
Vanguard Equity-Income Fund Admiral Shares	107,384
Vanguard Total International Stock Index Fund Investor Shares	104,334
Total	$ 1,323,836

In the event of the Plan termination, a material adverse change to the Plan, withdrawal of a contract, or switch to a different investment provider, the amount receivable by the Plan would be the fair value instead of contract value of the Contract.

Note 6 – Related Party Transactions

Certain Plan investments are shares of mutual funds managed by MATC. MATC is the trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $14,597 for the year ended December 31, 2017.

Notes receivable from participants and the related interest income are also considered party-in-interest transactions. The notes receivable from participants were $46,399 as of December 31, 2017. The related interest income was $2,062 for the year ended December 31, 2017.

All party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8 – Tax Status

The IRS has determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to 2017 Form 5500:

Net assets available for benefits per the financial statements	$ 1,980,252
Amounts allocated to withdrawing participants	-
Net assets available for benefits per the Form 5500	$ 1,980,252

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2017, to 2017 Form 5500:

Benefits paid to participants per the financial statements	$ 173,388
Add: Amounts participants withdrawals during the year ended December 31, 2017	-
Benefits paid to participants per Form 5500	$ 173,388

Amounts participants withdrawals are recorded on the Form 5500 for benefit claims that have been processed, approved, and paid prior to year-end.

Note 10–Subsequent Events

The Plan has evaluated events that occur after December 31, 2017, the financial statement date, but before the financial statements were available to be issued on September 26, 2018 and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Independent Auditors' Report

To the Administrative Committee of
Free Stream Media Corporation
401(k) Profit Sharing Plan and Trust
San Francisco, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Free Stream Media Corporation 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2017, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Mid Atlantic Trust Company ("MATC"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and the supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The assets listing (held at end of year) (modified cash basis) as of December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the Free Stream Media Corp 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan within the scope of the Employee Retirement Income Security Act of 1974 (ERISA) covering all employees of the Free Stream Media Corp (DBA, Samba TV, the "Company") who have at least one months of service during the year. Paychex, Inc. (the "Plan Administrator") is engaged by the Company to assist in administering the Plan.

Contributions

Eligible participants may contribute on a pre-tax basis up to the maximum dollar limit set by the applicable statues. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may, in its discretion, make employer profit sharing contributions and the company did not make any contributions during the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's employer profit sharing contributions and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on a pro rata allocation and a contribution is made. Each participant entitles to benefit to the extent of that participant's vested amount.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of their account balance. The notes are secured by the balance in the participant's account and interest rate on loans from this Plan will be computed on the basis of the prime rate plus 1%. The loan rate is determined on the date of request and will not change for the duration of the loan repayment period. Principal and interest is paid ratably through semi-monthly payroll deductions. Participants may also choose to make loan repayments via electronic funds transfer from a checking account they designate, the repayment frequency may not correspond with payroll frequency, but will be no less often than monthly.

Note 1 – Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not longer than participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

A forfeiture will occur as of the earlier of (1) the last day of the Plan Year in which the former participant incurs five consecutive 1-year breaks in services, or (2) the distribution of the entire vested portion of the participant's account. The forfeiture will be disposed of in the Plan Year in which the forfeiture occurs. Non-vested portions of a Plan Participant's Employer Contributions that are allocated to other Plan Participants, applied to reduce Employer Contributions, or used toward administrative expenses of the Plan.

Note 2 – Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Company and Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the modified cash basis of accounting, another comprehensive basis of accounting. The modified cash basis method uses accrual basis for long-term balance sheet elements and cash basis for short-term elements. The U.S. General Accepted Accounting Principles (GAAP) generally use accrual basis for all financial statement elements.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal. Interest income is recorded on the cash basis. Related fees are charged directly to the borrowing participant's account. As of December 31, 2017, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Contributions in excess of amount allowed by the IRS are recorded as a liability with a corresponding reduction to contributions and generally are distributed back to the participants before April 15 of the following year. If the excess is not removed from the Plan by April 15, amount is treated normal distribution. The Plan distributed the 2017 excess contribution to the applicable participants prior to April 15, 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All expenses related to administration of the Plan, except for the Plan's asset advisory charges and fees, are paid by the Company and are therefore excluded from these financial statements.

Note 3 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4 – Fair Value Measurements

The Plan measures its assets and liabilities at the fair value of the price received to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for identical assets or liabilities, such measurements involve developing assumptions based on observable market data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurred at the date of measurement.

Note 4 – Fair Value Measurements (Continued)

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below.

a) Market approach - Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.

b) Cost approach - Amount that would be required to replace the service capacity of an asset (replacement cost).

c) Income approach - Techniques to convert future amounts to a single present amount based on market expectations.

Assets Measured at Fair Value on a Nonrecurring Basis

	December 31, 2017	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Valuation technique
Registered Investment Companies	$ 1,892,254	$ 1,892,254	-	-	(a)
Interest-Bearing Cash	41,599	41,599	-	-	(a)
Total	$ 1,933,853	$ 1,933,853	-	-	

Note 5 – Investments

The Plan Administrator using a subservices organization, Mid Atlantic Trust Company ("MATC"), to provide financial advices, execute investment transactions of the Plan's assets, and support processing of transactions. The Plan Administrator and MATC has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by MATC as complete and accurate, except for comparing such information certified by the service provider to information included in the Plan's financial statements and supplemental schedules.

As of December 31, 2017, total investments and notes receivable from participants held and certified by the MATC in the accompanying statements of net assets available for plan benefits were $1,980,252. For the year ended December 31, 2017, interest income of $2,062 and a gain of $244,906 in fair value of investments were certified by MATC.

Note 5 – Investments (Continued)

During the year ended December 31, 2017, the change in value of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) were as follows:

Registered Investment Companies	$	210,081
Interest-Bearing Cash		215
Registered Investment Company Shares		34,611
Net change	$	244,906

Investments that represent 5% or more of the Plan's net assets as of December 31, 2017 were as follows:

Investment Description	
Vanguard Target Retirement 2045 Fund Investor Shares	$ 497,218
Vanguard Target Retirement 2050 Fund Investor Shares	310,864
Vanguard 500 Index Fund Admiral Shares	304,036
Vanguard Equity-Income Fund Admiral Shares	107,384
Vanguard Total International Stock Index Fund Investor Shares	104,334
Total	$ 1,323,836

In the event of the Plan termination, a material adverse change to the Plan, withdrawal of a contract, or switch to a different investment provider, the amount receivable by the Plan would be the fair value instead of contract value of the Contract.

Note 6 – Related Party Transactions

Certain Plan investments are shares of mutual funds managed by MATC. MATC is the trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $14,597 for the year ended December 31, 2017.

Notes receivable from participants and the related interest income are also considered party-in-interest transactions. The notes receivable from participants were $46,399 as of December 31, 2017. The related interest income was $2,062 for the year ended December 31, 2017.

All party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8 – Tax Status

The IRS has determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to 2017 Form 5500:

Net assets available for benefits per the financial statements	$ 1,980,252
Amounts allocated to withdrawing participants	-
Net assets available for benefits per the Form 5500	$ 1,980,252

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2017, to 2017 Form 5500:

Benefits paid to participants per the financial statements	$ 173,388
Add: Amounts participants withdrawals during the year ended December 31, 2017	-
Benefits paid to participants per Form 5500	$ 173,388

Amounts participants withdrawals are recorded on the Form 5500 for benefit claims that have been processed, approved, and paid prior to year-end.

Note 10–Subsequent Events

The Plan has evaluated events that occur after December 31, 2017, the financial statement date, but before the financial statements were available to be issued on September 26, 2018 and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
