## 1. Description of Plan

The following description of Jefferson Bancshares, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan which covers all employees of Jefferson Bank (the "Bank") who have completed 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### *Contributions*

Each year participants may elect to contribute up to the maximum amount allowed by law. The Bank automatically enrolls eligible participants at a deferral percentage of 5% if an election is not made by the employee. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has no provision for Bank contributions.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their contributions and actual earnings thereon.

### *Payment of Benefits*

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account or a series of cash payments in substantially equal installments. Any balance under $1,000 is automatically paid out as soon as administratively possible. Hardship and in-service distributions for employees who have attained age 59½ are also available subject to certain limitations.

## 1. Description of Plan (continued)

### *Expenses of the Plan*

The Plan's administrative expenses are paid by the Plan or the Bank, as provided by the Plan document.

## 2. Summary of Significant Accounting Policies

### *Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting.

### *Investment Valuation and Income Recognition*

Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares held by the fund at year-end. Shares held in bank common trust funds are reported at fair value based on the unit prices quoted by the fund, representing the fair value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

### *Payment of Benefits*

Benefits are recorded when paid.

## 2. Summary of Significant Accounting Policies (continued)

***Recent Accounting Pronouncements***

*Codification of Accounting Standards*

In June 2009, the Financial Accounting Standards Board ("FASB") issued the Accounting Standards Codification ("ASC"), which establishes the ASC as the single source of authoritative accounting principles recognized by FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. The subsequent issuances of new standards will be in the form of Accounting Standards Updates that will be included in the codification. This guidance is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Plan updated its historical GAAP references to comply with the codification for its years ended December 31, 2009 and 2008. The adoption of this guidance did not have a material effect on the Plan's net assets and changes therein, since the codification is not intended to change GAAP.

*Accounting for Uncertainty in Income Taxes*

FASB clarified the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in *Income Taxes – Overall* of the ASC. The new provisions for accounting for the uncertainty in income taxes prescribe a recognition threshold and measurement attributes for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. They also provide guidance on derecognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure, and transition.

The new provisions of the accounting for the uncertainty in income taxes provided for a deferral of the effective date of implementation for certain nonpublic enterprises to annual financial statements for fiscal years beginning after December 15, 2008. The Plan elected this deferral and, accordingly, has adopted the new provisions as of January 1, 2009. The adoption of the new provisions for accounting for the uncertainty in income taxes did not have a material impact on the Plan's net assets and changes therein.

## 2. Summary of Significant Accounting Policies (continued)

***Recent Accounting Pronouncements (continued)***

*Fair Value Measurements and Disclosures*

*Fair Value Measurements and Disclosures* of the ASC defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. *Fair Value Measurements and Disclosures* applies to all other ASC topics that require or permit fair value measurements and does not require any new fair value measurements. The provisions of *Fair Value Measurements and Disclosures* for financial assets and liabilities were effective beginning January 1, 2008. The provisions of *Fair Value Measurements and Disclosures* for nonfinancial assets and nonfinancial liabilities were effective and adopted as of January 1, 2009.

*Subsequent Events*

In May 2009, FASB issued an accounting standard to establish general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued or are available to be issued. Specifically, this guidance provides (i) the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (ii) the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements; and (iii) the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. This guidance is effective for interim or annual financial periods ending after June 15, 2009, and is to be applied prospectively. The Plan adopted this guidance for its year ended December 31, 2009. The adoption of this guidance did not have a material effect on the Plan's net assets or changes therein.

The Plan has evaluated subsequent events that occurred after December 31, 2009 through the issuance of this report on August 24, 2010. Any material subsequent events that occurred during this time have been properly recognized or disclosed in the financial statements.

## 3. Information Certified By Reliance Trust Company ("Reliance")

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance, the current trustee of the Plan, except for comparing the information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of participant-directed investments in this Plan that was certified by Reliance. Single investments that represent 5% or more of the Plan's net assets as of December 31, 2009 and 2008 are separately identified.

| | December 31, | |
|---|---|---|
| | **2009** | 2008 |
| Dimensional Fund Advisors One-Year Fixed Income Portfolio | **$ 725,918** | $ 471,183 |

Reliance also certified the completeness and accuracy of the interest of $662, dividends of $87,062, and the net appreciation in fair value of investments of $923,757 for the year ended December 31, 2009.

## 4. Fair Value Measurements

The requirements of *Fair Value Measurements and Disclosures* of the ASC apply to all financial instruments (as of December 31, 2009 and 2008) and all nonfinancial assets and nonfinancial liabilities (as of December 31, 2009) that are being measured and reported on a fair value basis. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. *Fair Value Measurements and Disclosures* also establishes a fair value hierarchy that prioritizes the inputs used in valuation methodologies into the following three levels:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical assets or liabilities.

- Level 2 Inputs – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 Inputs – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or other valuation techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

At December 31, 2009 and 2008, all investments were classified as Level 1.

## 5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Reliance. Reliance is the trustee as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and other services amounted to $876 for the year ended December 31, 2009.

## 6. Plan Termination

Although it has not expressed an intent to do so, the Bank has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

## 7. Tax Status

The Internal Revenue Service has determined and informed the Bank, by a letter dated June 23, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax council believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 9. Plan Amendment

Effective April 1, 2010, the Plan was amended to include employer matching contributions. Employees will be eligible for the match when they have completed 1 year of service and are age 21 or older. The Bank will contribute 100% of the first 1% of compensation a participant contributes to the Plan. In addition, the Bank will contribute 50% of the next 5% of participant contributions.
