Report of Independent Auditors

To the Employee Savings and Investment Plan Retirement Committee of the
Affymetrix, Inc. Employee Savings and Investment Plan

We were engaged to audit the financial statements and supplemental schedule of the Affymetrix, Inc. Employee Savings and Investment Plan (the Plan) as of and for the year ended December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. Other auditors were engaged to audit the financial statements of the Plan as of December 31, 2008 on a limited scope basis. In their report dated October 5, 2009, they disclaimed an opinion on these statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

Affymetrix, Inc. Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2009

1. Description of Plan

The following description of the Affymetrix, Inc. Employee Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Affymetrix, Inc. (the Company), except for employees covered under a collective bargaining agreement, nonresident aliens who received no U.S. earned income, and leased employees. The Plan is subject to the provisions of Section 401(a) of the Internal Revenue Code (the Code) and the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Charles Schwab Trust Company (Charles Schwab) is the trustee and recordkeeper of the Plan.

Contributions

Participants may elect to defer between 1% and 100% of their pre-tax compensation, as defined in the Plan, up to the maximum amount allowed by the Code (\$16,500 in 2009). An after-tax feature has been added effective January 1, 2008. Participants who are age 50 or older are allowed to make additional contributions of \$5,500 above the maximum amount allowed by the Code in 2009. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes a matching contribution every payroll period of 75% of the amount that a participant contributes to the Plan, up to a maximum of 5% of the participant's compensation. Additional amounts may be contributed at the option of the Company's Board of Directors; however, the Company made no such additional contributions in 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and allocations of the Company's contributions and Plan earnings and losses. Allocations are based on eligible participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment, a participant may direct employee and employer contributions to any of the Plan's fund options. Participants may change their investment options at any time.

Affymetrix, Inc. Employee Savings and Investment Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Company contributions at 25% annually and are 100% vested after four years of service.

Forfeited balances of terminated participants' nonvested accounts shall be applied at the Company's discretion: (1) to restore accounts of terminated participants who subsequently resume employment with the Company and whose accounts are restored pursuant to the terms of the Plan, (2) to pay administrative expenses, and (3) to reduce the Company's contributions. At December 31, 2009 and 2008, unallocated forfeited nonvested accounts totaled approximately \$149,000 and \$67,000, respectively. In 2009, forfeitures of approximately \$83,000 were used to reduce employer contributions.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are up to 5 years, or 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate established at the time of the loan of 1% above the prime rate. Principal and interest are paid ratably through payroll deductions. Outstanding loans at December 31, 2009 carry interest rates ranging from 4.25% to 10.50% and mature at various dates through 2020.

Payment of Benefits

Upon termination of service, attainment of age 59 1/2, death, disability, or retirement, participants may elect to receive a lump-sum amount or partial payment. Hardship distributions are permitted if certain criteria are met.

Administrative Expenses

The Company, on behalf of the Plan, pays the majority of administrative expenses, except for the loan and recordkeeper fees, which are deducted from the affected participants' accounts.

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as discussed in footnote 3. *Fair Value Measurements*.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the adjustment of the Stable Value Fund, which includes fully benefit-responsive investment contracts, from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. The statements of net assets available for benefits present the adjustment of the fully benefit-responsive common collective trust as an investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

2. Summary of Accounting Policies (continued)

Benefit Payments

Benefits are recorded when paid.

Contributions

Participant contributions are accrued when the participants' salary deferrals are made.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 1, 2010, which is the date the financial statements were available to be issued.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board issued Accounting Standards Update 2010-06 which expanded the required disclosures about fair value measurements. In particular, this guidance requires: 1) separate disclosure of the amounts of significant transfers in and out of level 1 and level 2 fair value measurements along with the reasons for such transfers, 2) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for level 3 fair value measurements, 3) fair value measurement disclosures for each class of assets and liabilities and 4) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either level 2 or level 3. This guidance is effective for annual reporting periods beginning after December 15, 2009 except for 2) above which is effective for fiscal years beginning after December 15, 2010. The Company is currently evaluating the impact that this guidance will have on the Plan's financial statement disclosures.

3. Fair Value Measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Fair Value Hierarchy

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Affymetrix, Inc. Employee Savings and Investment Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

There have been no changes in the methodologies used at December 31, 2009 and 2008. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and interest-bearing cash: Valued at the net asset value (NAV) of shares held by the Plan at year end. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Fully benefit-responsive common/collective trust fund: Valued at fair value based, partially, on underlying investments as traded in an exchange or active market, as well as, partially on underlying investments that do not have quoted prices in active markets but have similar assets or liabilities in active markets or inputs other than quoted prices that are observable.

Non-fully benefit-responsive common/collective trust funds: Valued at quoted redemption value of units owned by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan invests in assets that are designed to provide its participants with a wide variety of strategic investment objectives. The following is a summary of the strategies of investments that represent 5% or more of the fair value of the Plan's net assets that are classified as Level 2 or Level 3 assets:

Schwab Institutional Large Cap CL 3: This fund seeks to maximize long-term growth of principal and income by investing primarily in a diversified portfolio of common stock. Early termination of the Plan's investment in this fund requires the Company to give written notice at least thirty days in advance.

SEI Stable Value Fund 354: This fund seeks to maintain principal value, protect against market price volatility, obtain consistent income return and provide liquidity for benefit payments and withdrawals. This fund has up to twelve months to defer the liquidation and distribution of its assets from the time written notice is received from the Plan. In January 2010, the Company provided written notice to the fund to liquidate its investments and distribute all assets to the Company.

Schwab Indexed Retirement Trust Fund 2020: This fund seeks to provide total return for investors that are retiring near 2020. Early termination of the Plan's investment in this fund requires the Company to give written notice at least thirty days in advance.

3. Fair Value Measurements (continued)

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2009 and 2008.

	Participant Loans
Balance at January 1, 2008	\$ 964,150
Purchases, sales, issuances and settlements (net)	(163,481)
Balance at December 31, 2008	800,669
Purchases, sales, issuances and settlements (net)	(312,870)
Balance at December 31, 2009	<u>\$ 487,799</u>

The Plan's policy is to recognize transfers into or out of Level 3 classification as of the actual date of the event or change in circumstances that caused the transfer.

4. Investments (Certified Information)

Other than the fair value of the Stable Value Fund, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2009 and 2008, and net realized and unrealized appreciation in fair value of investments, interest and dividends for the year ended December 31, 2009, was obtained or derived from investment information supplied to the Plan administrator and certified as complete and accurate by the trustee, Charles Schwab. The contract value of the Stable Value Fund of \$7,899,316 was also certified by the trustee.

5. Income Tax Status

The underlying nonstandardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated January 15, 2002, stating that the form of the Plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedure 2008-6 and 2005-16, the Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2009	2008
Net assets available for benefits per the financial statements	\$ 79,446,383	\$ 60,296,722

Notes to Financial Statements (continued)

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Related-Party Transactions

Certain plan investments are managed by an affiliate of Charles Schwab, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
